Honest bread and honest milk are essential to life. The folly of donating bread and substituting milk is obvious. Such a diet not only lowers resistance, it destroys resistance. (The Associated Press.)  
PORTLAND, Jan. 25.—No black or red flags can now be displayed in any parade on the streets of Portland, the commission having unanimously adopted the emergency ordinance requiring that only the American flag may be used at any street demonstration.

# COMPTROLLER GETS JOB ANOTHER TERM

(By Associated Press.)  
WASHINGTON, Jan. 25.—John Skelton Williams, comptroller of the currency, has been nominated by the president for another term. There is some opposition to Williams by some senators, based on official acts of the comptroller, resulting in clashes with influential banks.

# LABOR TROUBLE TIES UP CLYDE SHIPYARDS

(The Associated Press.)  
LONDON, Jan. 25.—The labor strike on the Clyde is daily growing more serious and nearly all the big ship yards are on the verge of closing down altogether or cutting down their working forces. The strikers allege that they want to remodel trades unionism and establish a basis of direct action.

# RUSSIAN MUDDLE A CRIMINAL POLICY

(By Associated Press.)  
WASHINGTON, Jan. 25.—Senator Johnson, of California, again demanded the withdrawal of United States troops from Russia. The Californian said that it was a criminal policy of intervention and had helped to hold the Bolsheviks in power while starving the Russian people.

# THREE NEW "FLU" CASES IN ROSEBURG

Evidently Roseburg forgot to knock wood, for with the announcement that for three days no new influenza cases had been reported, three reports came in of new appearances of the disease. One of these, however, is in a home already under quarantine, but the remainder are entirely new ones. Another case is under surveillance but as yet has not developed. Those put under quarantine yesterday are Mrs. LeRoy Pearson, of North Rose street, Frank Schradler, of West Ave. North, and Wavo Reed, of Ella street. It is not expected that another epidemic will develop as it is thought the disease is well under control here.

# WAR CHEMICAL PLANT MAY BE ABANDONED

(By Associated Press.)  
GRETNNA, England, Jan. 2.—With the ending of hostilities the British government has on its hands unused a \$50,000,000 military chemical plant, the most important in the Empire, employing during the war 22,000 persons. Apparently the government is undecided whether to try to utilize it or to abandon it. Economists say it is too unfeasible for private commercial use and that its plant and machinery should be scrapped and the government should pocket the loss. The workers are rapidly being demobilized and the population of Gretna has shrunk to 5000. Recruited as they were from almost every branch of industry, many of them unskilled and inexperienced, the absorption of these workers into the new economic order is giving no little concern to the government and to themselves, for economically Great Britain has not yet recovered her balance.

# LEND FIRST AID TO EUROPEAN FARMERS

LONDON, Dec. 30.—(Correspondence of the Associated Press.)—A movement to lend practically first aid to the farmers, orchardists and gardeners of France and Belgium, whose land has been ravaged by war, has been begun by the Royal Horticultural Society of England. The King and Queen have given the scheme their patronage and it is being supported by all the leading horticulturists in this country. A fund is being raised to purchase agricultural implements and various materials and to send them to each of the devastated districts. The courageous French peasants are already at work trying to

repair the damage done to their homes and farms. New scions have been grafted on decapitated fruit trees and fields and gardens are being prepared for renewed cultivation.

According to Deputy Game Warden Herrington there is some misunderstanding relative to the open season of ducks, and it is unlawful to shoot this game bird now. The open season closed Jan. 15, and hunters should take notice of the fact, the warden says. It appears that some papers have printed articles stating that a longer season was allowed, but such is not the case.

In a letter received here today dated at Brest, France, Jan. 8, contains the information that a number of the Roseburg boys of the 65th Coast Artillery have been entertaining the natives "over there" with a series of vaudeville stunts to while away the time until their departure for home occurred. A regular company was formed at Brest and gave nightly entertainments to packed houses and the boys state they were having some time dishing up vaudeville to fit the occasion.
