A Coated Tongue? What it Means

A bad breath, coated tongue, bad taste in the mouth, languor and debility, are usually signs that the liver is out of order.

Prof. HEMMETER says: "The liver is an organ of importance to the health."

We can manufacture poisons within our own bodies which are as deadly as a snake's venom.

The liver acts as a guard over our well-being, sifting out the cinders and ashes from the general circulation.

A blockade in the intestines piles a heavy burden upon the liver. If the intestines are choked or clogged up, the circulation of the blood becomes poisoned and the system becomes loaded with toxic waste, and we suffer from headache, yellow-colored tongue, bad taste in mouth, nausea, or gas, acid dyspepsia, languor, debility, yellow skin or eyes. At such times one should take a pleasant laxative. Such a one is made of May-apple, leaves of aloe, jalap, put into ready-to-use form by Doctor Pierce, nearly fifty years ago, and sold for 25 cents by all druggists as Dr. Pierce's Pleasant Pellets.

STOCKTON, CALIF.—"For constipation, sick headache, an inactive liver, indigestion and biliousness there is nothing to equal Dr. Pierce's Pleasant Pellets. I have tried other things but like the 'Pellets' best of any."—Mrs. F. C. Cline, 222 S. Grant Street.

A high grade, snappy drink, healthful, economical and delicious—INSTANT POSTUM

The musical playlet "The Feast of the Red Corn" has 21 numbers. You can't afford to miss it. Antler's, Friday. 14

Mrs. George Van Kirk, who has been visiting with Mrs. I. M. Gervais at Dixonville, left this morning for Drain, where she will visit on her way home to Centralia.

A study class in theosophy meets at the studio of Miss Hayden every Thursday at 8 p. m. Anyone interested in this line of thought cordially invited. 13

Harry Hildeburn stated yesterday he had 32 men working on road construction at Drain. He says the roads are still muddy and that it is very difficult to do much work at the present time.

Dr. L. M. Lehrback Tuesday purchased a Hudson Super-Six from H. Mortens, the local agent, and Sidney Adams, of Oakland, also bought a Maxwell car from the same agency. Both cars will be delivered in the near future.

A WOMAN'S SLIPPER

or shoe is the most difficult job a shoe repairer has to face. Besides the actual repairing and reconstructing of the sole, heel, instep and upper, women demand that their worn slippers and shoes be reshaped—restyled, if you please—which is the work of a shoe manufacturer. But we do it, and successfully, too.
