

# CHANDLER SIX \$1795

Famous For Its Marvelous Motor

Illustrating the new series Chandler four-passenger roadster

## The Most Closely Priced Fine Car

**N**OW that you are ready to buy that new car, try to find one that gives you so much in mechanical excellence and in beauty and comfort of bodies at so fair a price as does the Chandler Six. Search the whole market if you wish. Search for such a motor. Search for such a sturdy chassis. Search for such features of essential equipment: Bosch magneto for sure ignition, silent chain drive for motor shafts—three chains running in constant spray of oil, solid cast aluminum motor base extending from frame to frame, annular ball bearings to carry the power back to the rear wheels with the minimum loss through friction.

The Chandler is the most closely priced fine car in the American market. A determined Chandler policy, pursued now for nearly six years, has made it so. When you really know the Chandler Six, no "competitive" car will interest you. Cars for which you are asked to pay more will not interest you. No other car, in the whole medium-priced field, offers you such a motor. No other offers you such features of essential, high-grade design and equipment. Six handsome bodies are mounted on the one famous Chandler chassis. The Chandler leads today just as distinctly as in the years past. And now, entering its greatest year,

### Chandler is Back to \$1795

Asking you to pay more wouldn't give you more. To mark up the price doesn't make a car better. The Chandler is sold at a closer price than any other fine car. You can prove this by your own comparisons.

## Hardie HAND AND POWER Sprayers

The Hardie Special Triplex Power Sprayer pays its way. With first class fruit commanding high prices, with labor both scarce and costly, a Hardie power sprayer which by its effective work, increases your crop of the higher grades of fruit and cuts your labor bill in half, surely pays its way. A demonstration is our most convincing argument. Call and see.
