## ORLANDO AND SONNINO OUT FROM THE PEACE COUNCIL

### ACTION COMMENDED BY PEOPLE OF ITALY

Wilson's Course Looked Upon By Italians as Unfriendly And Arbitrary.

### KING LAUDS DELEGATES

In a Personal Telegram to Premier Emmanuel Urges Diplomats to Make No Concessions in the Territorial Dispute.

(By Associated Press.)

PARIS, April 24.—Peace council diplomats and official Paris were figuratively thrown on "their beam ends" today, when it became known that the Italian government was unanimous in endorsement of Premier Orlando's position in holding firm in demands for territorial concessions on the Adriatic coast. Captain Pozzi, of Premier Orlando's staff, stated authoritatively that Italian military forces would immediately occupy that portion of Dalmatia and other Adriatic coast territory named in the London treaty. Hundred thousand men will be sent there, while a like number of troops will occupy Fiume and vicinity. Orlando issued a statement late yesterday replying to President Wilson's ultimatum positively refusing to concede that Italy had any right in Fiume, explaining to the diplomats and the public that Italian representatives were compelled to withdraw from the council following Wilson's arbitrary action, which is viewed as unfriendly to Italy's interests. That the Italian government is solidly back of its delegates in the peace conference, is indicated by the fact that King Victor Emmanuel telegraphed to Orlando personally commending the courageous stand taken by his premier, and insisting that he in no degree recede from the position taken regarding the Adriatic situation. The telegram stated that if the break became definite that Italy would attempt to make a separate peace with Germany.

After a conference with Lloyd George today, it was announced that Premier Orlando and the Italian delegation would leave for Rome tonight.

Later information stated, that the delegation would not leave Paris today.

### ITALIANS ANGRY.

PARIS, April 24.—Reuters news service, limited, learns that the Italian government is taking every measure for protection of the American embassy at Rome and consulates in other Italian cities, in event of public demonstrations denouncing Wilson's action take place. Owing to the temper of the people the government is believed to fear violence may be offered.

### ORLANDO CHEERED.

ROME, April 24.—Imposing demonstrations took place in Rome today in which Premier Orlando was cheered by thousands upon thousands of people who paraded the streets. Frenzied citizens in untold numbers acclaimed that Fiume and Dalmatia should be held by Italy and the government's course was enthusiastically endorsed.

### CONSULT WITH WILSON.

PARIS, April 24.—Peace conference affairs and terms to be imposed upon Germany were sidetracked today by delegates, and the league of nations stock fell to about 23 below zero with the withdrawal of Orlando and Sonnino from the council. The French and British diplomats entered into consultation with Wilson in an effort to patch up the difficulty, and will make another attempt to draw from the Italian delegates a further declaration as to the situation. While the situation is admitted to be very grave, hope is still entertained that a way may be found to determine the controversy in a manner satisfactory to all parties.

### POLICY BRINGS TROUBLE.

WASHINGTON, April 24.—President Wilson's attitude toward Italy is endorsed by Senator Johnson, of California, who expressed hope that the president will persist in refusal to recognize Italy's or Japan's secret bargains. Senator Kenyon, Republican, of Idaho, republican, while agreeing with the attitude toward secret treaties, said that the situation reveals what it means for this country to meddle in the European affairs. Borah alleged that in four months, through Wilson's misplaced activities, we have secured the ill will of the people of Japan and Italy, the suspicion of China and severe criticism of France.

### WILSON RETURN DELAYED.

WASHINGTON, April 24.—Ordi-

clians here believe that the president's return to America will be delayed by upsetting of the plans by Italy's action. It is also believed that Italy will eventually be obliged to recede from her demands, owing to the fact that the country is almost entirely dependent upon the United States for credit, food and fuel.

### FEAR OF RIOTS.

PARIS, April 24.—Y. M. C. A. officials are seriously considering the matter of ordering all American Y. workers out of Italy to prevent them becoming involved in anti-American demonstrations. There are about 200 American Y. M. C. A. workers with the Italian army.

### KNIGHTS OF PYTHIAS ENJOY BANQUET

The Knights of Pythias Banquet at the Odd Fellows Hall last night was one of the most enjoyable occasions to be observed by the members of the order for some time. As guests the local lodge had Fred Johnson of Astoria, Grand Chancellor and Walter G. Gleason, S. K. R. S., and also a number of young men of this city. The Pythian sister furnished a delicious chicken banquet which was followed by a short business session in which plans were made for active work in the immediate future. All during the meal and the following ceremonies music was furnished by the high school orchestra under the direction of Miss Bernice Kinser. The officials left this afternoon following an automobile trip to various nearby sections.

### CITY TO FIGHT RAISE IN RATES

Council Serves Notice That Water Co. Is Expected Sign Old Contract.

### LIBRARY IS APPROVED

Unanimously Voted to Establish Tax for Purpose of Supporting Much Needed Institution.—Check Ordered Placed in Fund.

At a call meeting of the city council last night, a very heated discussion took place in regard to the attempt of the Water and Light Company to force a higher rate upon the city by a new contract and refusal to sign the old agreement. During the evening it was brought out that if any attempt is made on the part of the corporation to increase its local rates, that the city council will act for the populace and will attempt to force a reduction. An application for a hearing for an increase in rates has already been requested of the Public Service Commission by the Water and Light Company and it is their plan to present reasons for a decided raise in local charges. This hearing will be attended by representatives of the city and every effort will be made to defeat a raise, and if possible to lower existing rates. The city recorder was instructed to write the manager of the company and notify him that the city expects the corporation to renew the old contract. The recorder was also instructed to write to other cities and obtain information in regard to rates, amount of investment, sinking fund and etc. The city is preparing for a fight, which, it is stated, by one of the councilmen, will probably end in a municipal establishment.

### ORDINANCE ESTABLISHING TAX

The ordinance, establishing a tax of 8-10 mill for the support of a public library, was passed unanimously upon its third reading. The councilmen all look upon the public library as a vital necessity to the community and are willing to pledge the city to its support.

The ordinance prohibiting the staking of cattle on the streets of the city was laid on the table for further consideration, and will probably be slightly amended and adopted at a later meeting.

Berger, the junk man, submitted an offer of \$25 for the junk accumulated by the city during the clean-up and his proposition was accepted, and the money ordered turned over to the library fund.

During the past few years the city has taken possession of several pieces of property in order to protect its liens. The council ordered the recorder to record these deeds with the county and authorized the drawing of warrants necessary to pay the filing fees.

### CARRANZA PEEVED RECALLS MINISTER

Mexican President Takes Occasion Show Unfriendliness Monroe Doctrine.

### STATEMENTS PUBLISHED

Wanted Recognition from England and France.—Japs Say Only 331 Koreans Were Slaughtered for Asking Independence.

(By Associated Press.)

MEXICO CITY, April 24.—Non-recognition of the Monroe Doctrine by the Mexican government, and recall from Paris of Alberto J. Pani, minister to France, to await orders in Spain, formed the substance of two statements published today by all Mexico City papers as coming officially from the department of foreign relations. It is reported here that the Mexican representative at Rome has also been recalled.

### CARRANZA INSULTED.

WASHINGTON, April 24.—Bitterly resenting the failure of the allies to invite Mexico to participate in the conference of neutral nations at Paris, coupled with the fact of incorporation of a clause in recognition of the Monroe Doctrine in the league of nations covenant without consultation with Mexico, President Carranza has called Mexico's representative from Paris, Carranza is also alleged to be deeply humiliated because he was unable to secure recognition from either England or France. The official sources of Mexico City state these grounds as justification for withdrawing Minister Pani from Paris.

### ONLY 331 KILLED.

WASHINGTON, April 24.—The Japanese embassy, in an official statement declaring that the reported cruel measures of Japanese authorities in suppressing recent Korean disturbances exaggerated, says that the total number killed in the provinces seeking independence was only 331, while but 735 were wounded.

### CARNIVAL PLANS NOW UNDER WAY

A meeting of the Carnival Committee was held last evening at the office of C. S. Heinline. A. C. Mortensen was elected chairman of the carnival committee, and C. S. Heinline secretary. Provision was made for a stenographer to assist Mr. Heinline in handling the correspondence connected with the office.

The official name selected for the carnival is the 9th Roseburg Strawberry Carnival and Sportsman's Tournament. An advertising appropriation has been made and the carnival will be given wide publicity.

The contest for queen was one of the most important questions to be discussed. After due consideration the following ages for candidates were decided upon. Children's Queen age 10 to 12 years. Carnival Queen 18 to 25 years. All candidates for queen in the respective classes must be between the ages mentioned above. Already several candidates have been mentioned and an exciting contest is expected. An appropriation of \$50 was made for the Queen's costumes.

### CONGRESSMAN HAWLEY IS IN CITY TODAY

Congressman W. C. Hawley, Oregon's representative to the U. S. Congress, spent the day in Roseburg conferring with local citizens in regard to a number of important matters. Mr. Hawley has been working in Jackson and Joseph, counties in the interest of the Victory Loan but as Douglas county has made its quota he will not speak here on that subject. He states that he is making his usual trip making inquiry about matters requiring legislation and soundly the sentiment of his constituents in regard to these subjects. He states that he has investigated all of the River and Harbor projects of the State and is especially pleased with that at the mouth of the Umpqua River. He says he feels confident that it will be approved, and taken over by the government at the next session of Congress. He is investigating several matters chiefly pertaining to the settlement of the O. and C. and Coos Bay Water Road-Grant Lands. He declared himself in favor of the Drain-Reedsport highway and pledged himself to assist to the fullest extent of his power in putting the road through. He will return to Salem the first of the week and expects to leave for Washington about the first of the month in order to attend the special session of Congress. ### WILL PUBLISH PEACE TREATY

Covenant Will Be Given to American Public Before Signed by Germans.

### IS A LENGTHY AFFAIR

Complete Text Will Contain Nearly One Hundred Thousand Words Which Will Be Required at Least 4 Hours to Transmit via Cable.

PARIS, April 24.—(By The Associated Press.)—The council, of four of the peace conference in the interval before the peace treaty is handed to the German delegates, will take up the question of making the document public. Ray Stannard Baker, representing the American delegation, in agreement with the press advisers of the delegations of other countries, has recommended to the council the publication of the treaty immediately after its delivery to the Germans. Otherwise, it is pointed out, the first version of the important provisions of the treaty would be issued by the Germans and might be loaded up with German propaganda.

The plan proposed on behalf of the United States is for the American delegates to call, for simultaneous distribution to the American continent, first a 250 word official summary of the treaty; second, a 5000 word official summary and third, the text of the treaty. The two summaries would be given to the American press at about the same time and the treaty a day or two later, the text possibly to be distributed by installments, as it was received.

The text of the covenant of the league of nations has already been cabled to the state department at Washington for release when authorized by President Wilson. Other parts of the treaty are likely to be cabled during the present week. The final dispatch, which may count up to nearly 100,000 words, can be cabled in four or five hours if all the cable lines are cleared for the purpose. The capacity for the cables is 600,000 words a day and the associated governments could order the text of the peace treaty given first official priority, so that the enormous task of transmission could be accomplished with less delay than a press message ordinarily sustains.

On the day the peace treaty is signed the American correspondents will have their telephones in the Louis XIV. bathroom in the Versailles palace. The entrance will be by a secret door not 20 yards from the peace table, into a little corridor and thence down a few steps into the marble bathroom, which is sufficiently large for the installation of five or six telephones and one telegraph instrument.

Mrs. George Wilson, of Portland, who has been visiting for a few days at the home of Dr. G. J. Bacher, returned this morning to her home.

### STRONG RESOLUTION ADOPTED BY COURT

County Court Says Change of Highway Thru Riddle Is Violation Agreement.

### SENDS REPRESENTATIVE

Senator Eddy Goes to Portland in the Interest of People of Riddle to Confer With State Commissioners in Regard to Unpopular Action.

That the County Court is doing all within its power to induce the State Highway Commission to rescind its decision to leave Riddle off the Pacific Highway is evidenced by the resolution which has been adopted and entered upon the journal stating the conditions and beliefs under which the court has been acting in regard to road improvements and requesting the State Board to reconsider the order and to relocate the road through the town of Riddle. This resolution has been placed in the hands of Attorney B. L. Eddy, who is now in Portland and who will confer with members of the State Highway Commission in an effort to have the matter adjusted to the desires of the people of this county. Senator Eddy is in favor of locating the road through Riddle and yesterday talked over the matter with Commissioner Booth at Eugene and today spoke to Commissioners Benson and Thompson at Portland.

The county, as a unit, favors the location of the Highway through Riddle and every effort will be exerted to prevent a change of the route. At the time that the Canyon improvement was begun, the county court was working under the belief that the commission would fulfill its agreement to keep the main thoroughfare through Riddle or otherwise the appropriation for the improvement now under way would not have been as large as was authorized. The resolution which states fully the views of the county court is as follows:

(In the matter of the Location of the Pacific Highway from Myrtle-Creek to Canyonville.) Resolution.

WHEREAS, The County Court of Douglas County, Oregon, is advised that the State Highway Commission has adopted a change in the line of the Pacific Highway which would leave the town of Riddle, Douglas County, Oregon, off the line of the state highway, and

WHEREAS, an understanding was had with the members of the said commission in the month of November, 1917, that no change would be made in said Highway which would leave Riddle off the same, and in consideration of said understanding, Douglas County appropriated the expenditure by the State Highway Commission on the said Highway between Canyonville and the Johns ranch, the sum of \$25,000 and also in consideration of said understanding this court has since expended approximately \$14,000 on that part of said Highway which would be abandoned if said change in the location is made, and

WHEREAS, the proposed change would be in violation of said understanding and unjust to said Town of Riddle and not necessary to the traveling public.

NOW THEREFORE, BE IT RESOLVED by the county court of Douglas County, Oregon, that the state highway commission be and is hereby respectfully requested to reconsider any order heretofore made looking to a change in the location as aforesaid, so as to leave the town of Riddle off the state highway; and the said county court of Douglas County, Oregon, hereby respectfully requests that said order be rescinded and that the location of said highway be made to include the town of Riddle, Oregon.

### PORTLAND TO FIGHT CLOSING OF HIGHWAY

PORTLAND, Ore., April 24.—The Portland Chamber of Commerce has taken cognizance of an announcement made last week that the Pacific Highway between Wo. Creek and Canyonville may be closed to automobile traffic during the summer months. If the road is closed as reported many officers of the chamber thousands of automobile tourists will be disappointed. The Portland organization is preparing to protest the proposed action by the contractor.
