Rare Carpets Reproduced.
There is now on display in London carpets that surprise those who are unacquainted with the strides made in manufacture by British factories during the war. The carpets are claimed to be exact reproductions of rare Eastern carpets and are offered at prices not much higher than ordinary loom productions.

The most remarkable feature about them is considered to be the true rendering of that eastern luster which has hitherto defied successful copying. Some of the most notable reproductions are those of the seventeenth century coronation carpets which were made for the shah of Persia, the Khorassan rug and the famous carpet manufactured for the Sheikh Ismail, the original of which hangs in the Victoria and Albert museum of London, and there are copies of others from cathedrals and art galleries.

The carpets vary in size and have all been made in a British factory during the last three or four years.

Camel Cigarettes

They Win You On Quality!

Your enjoyment of Camels will be very great because their refreshing flavor and fragrance and mellowness is so enticingly different. You never tasted such a cigarette! Bite is eliminated and there is a cheerful absence of any unpleasant cigarette after-taste or any unpleasant cigarette odor!

Camels are made of an expert blend of choice Turkish and choice Domestic tobaccos and are smooth and mild, but have that desirable full-body and certainly hand out satisfaction in generous measure. You will prefer this Camel blend to either kind of tobacco smoked straight!

Give Camels the stiffest tryout, then compare them with any cigarette in the world at any price for quality, flavor, satisfaction. No matter how liberally you smoke Camels they will not tire your taste!
