Warm Weather Working Garments

Loose one-piece Khaki work clothes that give the air a chance to circulate around the body are more desirable than a tight belt. "Don't wear too much between you and the air."

A great many folks are using these loose suits for summer and are more comfortable. Get one of them, peel right down to nature and feel as cool as Adam on the hottest day. We have them in all sizes at \$3.75 and \$4.50.

Special Announcement

I have just signed a contract for the agency for Douglas County on the
Fageol Walking Tractor

Mr. Quigley from the Central Headquarters will be with us during the next few days to assist in a series of demonstrations around the vicinity of the Roseburg territory. Demonstrations held upon request.

The Real and Only Orchard Tractor
Positive traction under all conditions. No loss of power through slippage--It does not pack the soil.

Carload sold last week in northern part of territory. The wonderful performance of the tractor at every demonstration convinces everyone of its superiority for orchard work.

Call up my office for location of next demonstration.
