THE MATTER OF CHARGES.

When you require the advice of
an attorney you need it because it
will save you money in the end.
When you are in need of a doctor,
you go to the best and say to him
"Doctor, fix me up." You don't
quibble in advance over the charges.
You want to be sure of what you
get. Safety is the first consideration.
It is the same in an abstract.
When you pay out hard cash for
land, you pay it on the strength of
the abstract, which you depend upon.
An abstract made by a reliable
company, owning its own expensive
plant, employing abstract experts,
costs more to make than one made
by a searcher who has no records of
his own and depends upon the con-
fused, often inaccurate county in-
dexes.

Yet when hundreds, and more of-
ten thousands of dollars are involv-
ed, it is neither wise nor econom-
ical to accept anything but the best.

porated. Only complete set of ab-
stract records in Douglas County.

Notice to Telephone Subscribers

Under authority of the Postmaster General, on account of the recent increase of wages to employees totaling for the state of Oregon upwards of \$225,000, certain changes in exchange rates have been approved and made effective July 29, 1919, for the state of Oregon. The changes in rates apply to all new business taken on and after July 29, 1919, and bills to present subscribers for the month of August will be rendered at the new rates. The new rates will yield an annual increased revenue in the state of Oregon of approximately \$250,000; but as the increase in wages is upwards of \$225,000, the net return to the company under the rate now made effective is only approximately 2 1-2 per cent on the valuation of its property at \$13,464,000 as found by the Public Service Commission. The new schedule of rates is identical with the one approved by the Postmaster General for the state of Washington, which has been in effect since March 1, 1919. The rates are the same in both states for the exchanges that are comparable. We believe that no proof as to the advanced cost of living and the general high cost prevailing for labor and materials is necessary and that the telephone using public will accept this increase in rates in the same spirit of service and consideration as it has the advances in every other necessity in these unusual times. The new exchange rate schedule follows:
