STRIKE OF NO LOCAL EFFECT.

That the strike of railroad shopmen, which has tied up the lines south of Santa Barbara and Bakersfield, has not yet affected the local

train service, was the statement made today by Trainmaster John Cager. From San Francisco north there has been no interruption and the men are still at work. There is a persistent rumor, however, that

the shopmen on the Santa Division will go out the first of the month in sympathy with the Los Angeles strikers.

Live-wire Doings of City

Lamar Toze Leaves. Lieutenant Lamar Toze, who spoke here yesterday, left this morning for Medford, San Francisco.

Returns Home. Mrs. Glenn Winberly returned home this morning after spending the week-end at Drain.

Going to Crater Lake. Winnifred Olson and Nina Voorhies, left this morning for Crater Lake from where they will go to Will Return Soon.

Miss Ella Crabtree, who has been visiting with her parents for the past few weeks at Tulare, California, will return to Roseburg about September 1st, according to word received from her today. She was called south owing to the illness of

her father, but on account of his improved condition, she has decided to return to this city. Miss Crabtree is a member of the News force.

Fine Dance At Tiller.

The dedication of the fine new dance pavilion at Tiller on Saturday night was pronounced a success by the large number of local residents in attendance. The hall has one of the finest dance floors in Douglas county and is situated in an ideal spot for delightful dancing. Large crowds attended the opening dance there and the excellent music furnished by Ott's orchestra of this city had a great deal to do with the success of the affair. At midnight a lunch was served at the Tiller Inn.

TRACTOR DEMONSTRATION.

One of the largest tractor demonstrations ever given in Southern Oregon will be given in connection with the Greens community fair on the 27th. The following companies have agreed to demonstrate their tractors. Others may also participate. W. A. Burr, the Fordson; J. F. Barker Company, International; O. C. Baker, Sampson Seive Gripp, John Signor, Waterloo Boy and Faokol. There will probably be one or two other machines take part in the demonstration that have not yet been listed. The demonstration will begin at 1:30 p. m. and will be held on the field just west of the Greens school house. This will be an excellent opportunity for any one interested in tractors to see several types demonstrated under the same conditions. It will be in no ways a competitive exhibition, but rather for the purpose of showing what the different tractors will do under certain soil conditions.

GERMANY EXPERIENCES LARGE FOOD DEFICIT

BERLIN, Aug. 25.—The German deficit in food, the difference between the amount produced in Germany and Germany's normal needs, amounts to 3,600,000 tons of wheat, one million tons of oats and one million tons of fats, says the Imperial Food Ministry.

Immediate payment for these necessary foodstuffs with inland resources is unthinkable, the Ministry asserts. Only long term credits can help and the acceptance of such credits is only possible if Germany works, for only then can the creditors have confidence in the paying ability of Germany.

Immediate decisive effect of the removal of the blockade on the German food market is not expected by the Ministry, but rather a long, slow continuation of improvement which already makes itself felt. It declares that control of export must remain until the average between import and export has been established.

Germany must make up its mind to do without coffee very largely in the future, says the Imperial Commissioner for colonial goods.

Authorities say Germany must sharply restrict her imports of chocolate because of the low value of the mark, and must try to rely on her own chocolate, the first production of which is expected soon.

Lawren McCulloch left last evening for the vicinity of Myrtle Creek, where he has been employed by the forest service to fight the fires in that section.

Duds for Men

Announcing the Arrival of A. E. Anderson & Co's. line of Made-to-Measure Samples of Fall and Winter, 1919-20. On display for Your inspection.

THE BIG MID-SEASON ECONOMY SHOE SALE AT THE BOOTERIE

Will End

The greatest money saving opportunity Roseburg has ever seen is now in progress

You'll have to hurry in order to avail yourself of this chance. We have sold hundreds of pairs of shoes this month and hundreds more remain to be sold. We are determined to finish stronger than we started. Remarkable reductions from former prices in spite of rising prices, have made this sale a success all the way through. In these few remaining days we offer shoes at prices far below what we would have to pay to replace them. Lay in a supply of footwear to last you for some time to come. Don't delay—act now. Buy shoes for the present and future. **ONLY 7 MORE DAYS AND YOUR SAVING OPPORTUNITY WILL BE GONE.**
