

BUSINESS MEN MEET.

Several local business men will meet this evening to consider what can be done to urge the highway work on the Roseburg-Myrtle Point road. Letters have been received here from Commissioner Benson, who is heartily in favor of the improvements and favors letting the

bids at once to start the work. Opposition has arisen, however, and unless an effort is made soon some obstacle may present itself that will cause the work to be diverted from the local highway and have it placed in some other section of the state. C. S. Heinino is working diligently on the proposition and today appeared before the county court in regard to the matter.

Live-wire Doings of City

Visits in Roseburg.
S. Brunn, father of Irvin Brunn, local shoe dealer, left this afternoon for Portland after several days spent here visiting with the Brunn family.

Leaves for The Dalles.
Mr. and Mrs. Harlan Fancher and little son left this morning by automobile for The Dalles. Mrs. L. B. Fancher accompanied them and will go as far as Portland, where she will visit her son, Carroll, and her daughter, Mrs. Hazel Holland.

Labor Dance Given.
The Jazz-O-Four, composed of ex-service men, last evening sponsored a delightful dance at the armory which was attended by a very large crowd. The floor was in excellent condition and the jazz strains rendered by the four jazzers added pep and zest to the occasion.

Arrives From Portland.
Mrs. N. C. Maris arrived here Sunday from Portland to join her husband who is doing the judging at the community fairs in this county. Mrs. Maris will assist her husband in the judging work and will review the needle work and sewing part of the fairs.

Has Fine Apple Orchard.
The apple orchard of Captain Hackett near this city is said to be one of the finest in the valley and this week he is marketing the Winter Banana variety of apples. He is receiving a top notch price for his product.

Visits with Judge.
Rex Stanberry and wife, en route to their home in Los Angeles after touring the northwest, stopped for an hour here today to visit with Judge E. J. Stewart, an old time friend. Mr. Stanberry at one time was editor of one of the leading papers of Mason City, Iowa, and the judge resided at that place also during that time. They renewed acquaintances and talked over old times during the ex-editor's stay here.

Fine Peach Exhibit.
The fine Elberta peaches which were exhibited in the News office last week on the bench of the tree they were taken from, came from the C. M. Anderson orchard in what is known as the Swedish settlement near Melrose. These peaches were grown on hill land, but their size and excellence proves that the district is peculiarly adapted to peach culture. Mr. Anderson has taken the best of care of his orchard, and the young trees have just begun to bring returns for his patience and toil.

Forgets False Teeth.
Charley Lerry, Roseburg's all-time janitor, left Sunday for Sacramento, where he will spend several days visiting. He evidently arrived at his destination safely, according to a telegram received yesterday by Ray Ward, who occupied the rooms in the Hotel Grand annex vacated by Mr. Lerry. The telegram reads as follows: "Find false teeth in mug in my room on washstand. Mail special delivery. C. K. Lerry, Golden Eagle Hotel, Sacramento." Perhaps the siren steaks served in Sacramento are not of the tender variety found in the Umpqua valley.

LOCAL MEN ATTEND MEETING

J. E. Enger, trainmaster, and G. I. Flint, road foreman of engines, both of this city, were among the 150 employees of the Southern Pacific company, members of the safety committee, who met in Eugene yesterday to discuss plans for increasing the efficiency of this department, and to decrease the number of accidents which result from unsafe practices and equipment. Meetings of this department are in form of open discussions, and each member is urged to make suggestions for the protection of not only the employees but the public. J. F. Grodzki, general safety agent for the northwest, acted as chairman.

UMPQUA YOUTH LANDS A THREE POINT BUCK

UMPQUA, Ore., Sept. 1, 1919.—Editor Evening News:

Floyd Emmitt, the 12-year-old son of Mr. and Mrs. E. E. Emmitt of Umpqua, succeeded in landing a three-point buck on the opening of the season, which would make many a local sportsman sick with envy. Master Floyd was hunting squirrels with his ".22 special" when he saw the deer about 20 yards from him. Never hesitating a minute, he pumped three shots into him, which knocked him down. These were not sufficient, however, and the animal was soon on his feet and able to hold his own with the dog. At this critical moment the youthful hunter's gun failed to pull the empty shells from the barrel which made it necessary for him to pry them out with his jack-knife. After firing three more shots with the ill-working gun he became too excited to finish his job, and running two hundred yards where he could call to the house for help, he summoned his 19-year-old brother and sister, formerly Ruby Emmitt of this city, to his rescue. "Bring the butcher-knife, quick!" he called. Seizing the desired weapon, his sister and little brother ran to his rescue. When they reached the scene the deer was patiently waiting and holding the dog at bay. Floyd's nerves were too unsteady to shoot off-hand again, so resting his gun on his sister's shoulder and firing his last cartridge, he succeeded in landing his big game. The hunting party dressed the deer and being unable to load it on a horse, brought it in on a wheel-barrow. The buck's hide was well riddled with shot. It dressed 160 pounds and is one of the finest seen in this part of the country for some time. As Floyd expresses himself, "I didn't have the buck-ager a bit until after the third shot."

SCHOOLS OPEN SEPT. 15.

According to an announcement made today the Roseburg public schools will open on September 15. A list of the text books to be used this term will soon be published and is usually sufficient to satisfy the demand. It has been secured by local dealers. "Young America" will now have to bid farewell to vacation boys and get down to "brass tacks" and study.
