## TAKE A SAFE

Robbers Held Up a Train Near Paso Robles

BOOTY SAID TO BE \$10,000

Discovery That the Safe Was Missing Was Not Made Until an Hour Later.

Special to Evening Review.

SAN FRANCISCO, Jan. 21.—Something unusual in the way of train robbery occurred near tunnel 7, a few miles from Paso Robles, Calif., early this morning. As the westbound Sunset Limited train was coming toward this city from Los Angeles it was boarded by masked men at the place named. Among other depredations the big through safe in the express car was thrown off before the train was ordered to move on. The safe was not missed until an hour later. The amount of money in the safe is not known, but is believed to be at least \$10,000. Officers with posses have been sent to search for the highwaymen.

Twenty Years Trial.

There are lots of good things the doctors know nothing about. We fre-

quently cure people of disease after the doctors have given them up. If the disease comes from overwork, dissipation or exposure, causing weak and watery blood and loss of flesh and strength, we have the one sure remedy in Dr. Gunn's Blood and Nerve Tonic. These tablets taken with meals turn the food into rich red blood, making strong, steady nerves, and increasing the strength, building up solid flesh at the rate of 1 to 3 lbs per week. This means health. For nervous prostration, loss of memory, or a pale, sallow complexion, a better remedy was never made. Doctors know nothing about this remedy only the fact that we make cures; as we have been doing this for twenty years we know our method to be the right one. Druggists sell Dr. Gunn's Blood and Nerve Tonic for 75c per box, or 3 boxes for \$2, or sent by mail on receipt of price. Write us for a pamphlet telling all about this great medicine. Address Dr. Bosanko Co., Philadelphia, Pa. For sale by A. C. Marsters, druggist.

Armstrong Hangs Tomorrow. Special to Evening Review.

PORTLAND, Jan. 21.—Pleasant Armstrong, the Baker county murderer, will go to his death in the Oregon penitentiary tomorrow morning. His attorneys gave up the fight today when Judge Gilbert made it clear that nothing more could be done. Nor will Governor Chamberlain interfere, according to a statement made in an interview this morning.

Little War News.

Special to Evening Review.

PARIS, Jan. 20.—Russia's answer to Japan's latest note will reach Tokio today. Everything is kept secret as to the nature of the reply. There are no other new developments today in the far eastern controversy.

## NO VERDICT

Jury Disagrees in Suit Against Town of Drain.

MRS. M'CLAREN ASKED \$5,000

Joseph Bramlett, Negro, Gets One Year For Assault With a Dangerous Weapon.

Special to Evening Review.

From early Wednesday afternoon until nine o'clock in the evening of that day, the jury in the case of Mrs. H. A. McClaren vs. the town of Drain, an action for \$5,000 damages for personal injuries, deliberated without reaching a verdict. During the whole time, the jury stood seven for the defendant and five for the plaintiff. When the jury saw that it was no use for them to absorb any more time trying to agree, they announced that fact to the court, and were called in and discharged from the case. The case will again be heard at the next regular term of court.

A verdict of guilty was rendered by the jury last evening in the case of Joseph Bramlett, colored, charged with assault with a dangerous weapon. This afternoon Judge Hamilton imposed upon Bramlett a sentence of one year's imprisonment in the penitentiary. Indictments were returned by the grand jury against two saloon keepers of the county for permitting unlawful gaming in their respective places of business. Each of them paid a fine of \$100. An indictment was also returned against O. H. Colgrove, of Yoncalla,

for selling intoxicating liquor to a minor. He will be arraigned to plead tomorrow morning at 9 o'clock.

The work of the court has been handled very expeditiously this week, as usual, and unless the Colegrove case or some other indictment not yet brought in demands it, the jury cases for the term are now all disposed of.

Gambling on Wheat.

CHICAGO, Jan. 20.—Today was one of the most strenuous days in the wheat pit in recent years. May wheat closed at 92 1/2 cents. The excitement at the close was terrific. Armour was long on his line of 15,000,000 bushels and did not appear in the market until the advance was already sharp. The advance netted him nearly \$347,000 profit on today's trading. The traders now predict 91 wheat. The advance today was due to the frantic efforts of the shorts to get to cover before the market went higher.

BORN.

DOUGLAS.—In Roseburg, Jan. 19, 1904, to Rev. and Mrs. S. A. Douglas, a son.

"Sandy Bottom."

"Sandy Bottom" is a play combining both pathos and comedy in that way which has so often been spoken of as that "the laughter chases away the tears." A play to enjoy lasting popularity must possess these qualifications. It is necessary to touch the strings of the human heart. A simple, plain, truthful story, intermingled with amusing situations. It is promised that it will be given here in a superb manner by a company of unusual excellence on Friday, January 22.

Leap Year Ball.

A Leap Year ball will be given at Looking Glass hall Feb. 12, 1904. Good music and supper are assured. The managers are: Flora Andrus, Maud Ollivant, Edna Jackson, Pearl Simons.

## RHEUMATISM

Kidney, Stomach and Nervous Troubles are positively cured with Oil of Eden and Sweet Spirits of Eden.

They are not cheap remedies, but inexpensive cures. \$5 will buy the lot. Sold by all first-class druggists.

Mrs. Atkinson, of Fruitvale, says: I suffered from Rheumatism, Liver, Kidney, and Stomach troubles for years. I was helpless and unable to move without assistance for twelve years. Six months ago I started to use "Oil of Eden" and "Sweet Spirits of Eden"; used two small bottles of each and am now well and able to do my own work and go from place to place as well as before. I feel that I am cured and do not believe I will suffer from recurrence of trouble. I gladly recommend these two medicines to all who are afflicted, and will gladly tell those who may ask of my wonderful recovery.

## IS BUNCOMBE

Bill For Annexing Panama to United States.

IMPORTANT LAND LAW BILL

Would Restrict the Use of Lieu Land Scrip to Lands of Similar Character.

WASHINGTON, Jan. 20.—The house today as a committee of the whole considered the Hepburn pure food law, continuing yesterday's session when it failed to come to a vote. Several minor amendments were offered. In the senate, Morgan introduced a bill this afternoon providing for the annexation of the republic of Panama and appropriating \$10,000,000 therefor and also \$15,000,000 for the settlement of any claims Colombia may make and \$40,000,000 for the purchase of the canal company rights. Patterson continued his address on the Panama canal discussion for the purpose of showing that President Roosevelt's action in the Panama matter was unfounded by any precedent.

WASHINGTON, Jan. 20.—The house public lands committee today reported favorably on the Mandell bill, preventing the use of forest reserve scrip in taking lieu lands of other character than lands abandoned. The measure is intended to prevent taking valuable timber lands in lieu of denuded and worthless lands in forest reserves.

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co. of Chicago, discovered some years ago how to make a salve from Witch Hazel that is a specific for Piles. For blind, bleeding, itching and protruding Piles, eczema, cuts, burns, bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. Sold by Fullerton & Richardson, Roseburg; O. J. Hull, Oakland.

TEN TONS OF BUTTER.

One of the largest and most completely equipped creameries in the world is to be established in Portland, says the Oregonian. It is to have a capacity of 20,000 pounds of butter a day, and special efforts are to be made to develop the dairy industry of Oregon. It will be 20 times as large as any now in Portland, much larger than any in Oregon and, in fact, the largest west of Lincoln, Neb. Cream will be shipped into the city from a radius of 500 miles until the dairying industry has been sufficiently developed to supply the demand from this state. Every product of the creamery will be supplied from this plant. It is to be established by the Hazelwood Creamery Company, which now has plants operating in Spokane, Lincoln, Topeka and Sioux City. The plant in Sioux City is the largest in the world.

The Heywood building, on Fourth and Oak streets, has been leased by the company and will be fitted for the local plant. The lease was closed yesterday and the work of fitting the building for the reception of the machinery will commence at once. It is expected that the plant will be ready for operation by March 1. It will have a capacity of 20,000 pounds of butter a day at first, but the machinery will be so installed that it may be increased to 40,000 pounds at any time that the demand warrants.

The dairy possibilities afforded by the grass-covered country of Oregon have attracted the attention of the promoters of the company. They believe there is a great field here for the production of dairy articles and that the establishment of a creamery will stimulate this industry until there will be sufficient cream produced in the state to supply one of the largest plants in the world.

A Vest Pocket Doctor.

Never in the way, no trouble to carry easy to take, pleasant and never failing in results are DeWitt's Little Early Risers. A vial of these little pills in the vest-pocket is a certain guarantee

against headache, biliousness, torpid liver and all of the ills resulting from constipation. They tonic and strengthen the liver. Sold by Fullerton and Richardson, Roseburg; O. J. Hull, Oakland.

FREIGHT RATES ADVANCED

Many Lines Materially Increase Freight Traffic Schedules.

CHICAGO, Ill., Jan. 19.—Nearly every pound of freight shipped by jobbers from eastern or middle eastern points to the Pacific coast is affected by the advance in commodity rates put into effect yesterday by the western railroads and their eastern connections. The lines making the advance are the Southern Pacific, Union Pacific, Great Northern, Burlington, Northern Pacific and Canadian Pacific. The increase averages 17 1/2 per cent.

Merchants and shippers are understood to be very much aggrieved because they do not consider that they were granted sufficient opportunity to adjust their business to the changes consequent upon the advance in rates. The first reliable information they had was conveyed in copies of the new tariffs. Some of the more important commodities affected by the new tariff are machinery, structural iron and steel, sewing machines, agricultural implements and canned goods.

Coincident with these advances are new regulations for handling livestock. Shippers of poultry hereafter will be required to pay for the transportation of every man sent with shipments and those who accompany cattle shipments will not be granted return transportation.

Domestic Troubles.

It is exceptional to find a family where there are no domestic ruptures occasionally, but these can be lessened by having Dr. King's New Life Pills around. Much trouble they save by their great work in stomach and liver troubles. They not only relieve you, but cure. 25c, at A. C. Marsters & Co., Roseburg, Ore.

Kellogg News.

The first snow of the season fell Jan. 17. This makes the farmers of Kellogg restless as hay is scarce.

Mrs. Minter was visiting Mrs. H. C. Goble Monday evening.

The Madison Bros. will have their sawmill running in a few days.

Mrs. J. R. Hutchinson spent the day at Mrs. J. Howard's Sunday.

Mr. E. P. Drew, of Kellogg, who was pruning trees at Oakland, has returned home until the weather settles.

SNOW STORM.

Half and Half.

The dyspeptic may well be represented pictorially as being half masculine and half feminine, and combining the least desirable characteristics of either sex. He has all the stubbornness of the man with the peevish irritability of a sick woman. He's not pleasant company at home or abroad.

Dr. Pierce's Golden Medical Discovery cures dyspepsia and other diseases of the stomach and associated organs of digestion and nutrition. It renews physical health which carries with it cheerfulness of temper, and makes life a pleasure instead of a penance.

The "Discovery" purifies the blood by eliminating the corrupt and poisonous accumulations from which disease is bred. It increases the activity of the blood-making glands, so increasing the supply of pure rich blood, which gives life to every organ of the body. It gives new life and new strength.

"Your Golden Medical Discovery" has performed a wonderful cure," writes Mr. M. H. House, of Charleston, Franklin Co., Ark. "I had the worst case of dyspepsia, the doctors say, that they ever saw. After trying seven doctors and everything I could hear of, with no benefit, I tried Dr. Pierce's Golden Medical Discovery and now I am cured."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood and lungs.
