

CENTURIES OLD

The disease which has brought more suffering, degradation and disgrace upon the human race is the same to-day that it was centuries ago. It is called Contagious Blood Poison, "The Bad Disease," and is given other names, but among all nations is regarded as the blackest and vilest of all human diseases. It goes from bad to worse; the little sores that first appear are soon followed by others; the glands of the groins swell and inflame, a red eruption breaks out on the body, the mouth and throat become ulcerated, the hair and eye-brows drop out, and ugly yellow blotches make their appearance, and if the disease is not checked at this stage, every bone, muscle, tissue and nerve in the body becomes infected with the poison, and from the roots of the hair to the soles of the feet there is not a sound spot anywhere. To cure this awful contagion the blood must first be purified, and nothing will do this so quickly and surely as S. S. S., which has been known for years as an antidote for the poisonous virus of Contagious Blood Poison. Mercury and potash may check it for a time, but it comes back in a still more aggravated form. S. S. S. is guaranteed purely vegetable, and \$1.00 is offered for proof that it contains a mineral ingredient. Write for our home-treatment book, and learn all about Contagious Blood Poison and how to treat it. No charge for medical advice.

I was afflicted with blood poison, and the best doctors did me no good, though I took their treatment faithfully. In fact, I seemed to grow worse all the while. I was disheartened, for it seemed that I would never be cured. At the advice of a friend I then took S. S. S. and began to improve. I continued the medicine, and it cured me completely, building up my health and increasing my appetite. Although this was ten years ago, I have never had a sign of the disease to return.
