JULY 29, 1904.

The New York Herald that has picked the winner in every presidential campaign since the war, has hoisted the Parker banner.

Gov. Peabody has abolished martial law at Cripple Creek and the civil authorities are once more in command of the situation. These civil authorities, however, are not the men chosen by the people. They were forced to resign and were superseded by men chosen by the mine owners.—Ex.

An exchange figures it this way: The estimated loss of the wheat crop in Kansas and Nebraska is from 30,000,000 to 32,000,000 bushels. What sort of an excuse will the republican party offer the farmers? The republican party, being the party of "prosperity," assume all responsibility for the action of the elements and the elements have not been behaving in a manner altogether pleasing to the farmer. Kansas and Nebraska are sufficiently republican to make a plain case of responsibility, there being no democratic administration to which the orators may charge the loss; and it is only fair that the "prosperity" howlers should shoulder the indictment.

Through the Skin TO THE BLOOD.

Some of the most stubborn diseases enter into the system through the pores of the skin. The juices of Poison Oak and Ivy and other noxious wild plants, when taken into the circulation, break out afresh each season, and linger on for years unless antidoted and driven out of the system.

Dye Poisoning from wearing colored under-clothing and hosiery is of frequent occurrence.

Workers in Lead, Brass, and other metals are often poisoned by the chemicals and acids used in polishing, and the dust and filings settling upon the skin. The diseases that enter the system by absorption or through the pores are as deep-seated and dangerous as any, and cannot be reached by washes, salves, or other external remedies. The blood must be purified before getting permanently rid of the disease. S. S. S. acts upon the blood, ridding it of the original poison and restoring it to a healthy, normal condition.

S. S. S. is guaranteed entirely vegetable, and an unrivaled blood purifier. With all impurities removed from the blood, the sores and eruptions disappear from the skin. Write us should you desire medical advice or any information about your case; this will cost you nothing.

POISON OAK FOR EIGHT YEARS.

When eight years old I was poisoned by handling poison oak, and it would break out on me every spring for eighteen years. Some one recommended S. S. S., which cured me completely, and I have seen no signs of the eruptions for several seasons. MRS. A. N. BENNETT, Tocon, Georgia.

LONG DISTANCE SIGNALS

Attempt to be Made From Summits of Shasta and Hood.

The Portland Mazamas, to the fateful number of thirteen, passed through Ashland Wednesday on the noon overland on their way to Sisson, from where tomorrow they will storm the heights of Mount Shasta, says the Tidings.

They were armed with alpenstocks, lumberjack's shoes with spikes in them, and along with their other paraphernalia they are reported to be carrying masks, sunbonnets, boxes and bundles of face powder and actors' grease paint. The members of the party are: C. H. Sholes, president; Judge H. H. Northrup, Mrs. Northrup, Mrs. C. C. Chapman, Miss Edna George, Mrs. Will G. McEao, Frank B. Riley, Mrs. Riley, Rodney L. Glisan, Rev. W. T. Wardle, C. L. Farnsworth and Lute Pease. James Weston is chef of the party.

A very important and interesting feature of the trip will be the experiments at signaling, next Monday, from the top of Mount Shasta to the summit of Mount Hood. Will G. Steel, an enthusiastic Mazama, will be on top of the latter mountain at noon of that day, and by means of a large mirror will make sunflashes all the afternoon in the direction of Mount Shasta. The party on Shasta will also flash a mirror in the direction of Mount Hood, and it is hoped that the much discussed question as to whether the summits of the two mountains are visible from each other will be settled.

On Monday night, the Mazamas have arranged to burn ten pounds of red flash powder, at the hour of 9:30 precisely. This is expected to burn one and one-half minutes, and if Mr. Steel, on the summit of Mount Hood sees it, he will reply by setting off a similar signal of red fire exactly five minutes later. If, however, he does not notice the red fire on the summit of Shasta, he will, at 9:45, set off ten pounds of the red powder on the chance of the flame being seen at Shasta.

Cured of Chronic Diarrhoea After Ten Years.

"I wish to say a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mrs. Mattie Burge, of Martinsville, Va. "I suffered from chronic diarrhoea for ten years and during that time tried various medicines without obtaining any permanent relief. Last summer one of my children was taken with cholera morbus and I procured a bottle of this remedy. Only two doses were required to give her entire relief. I then decided to try the medicine myself, and did not use all of one bottle before I was well and have never since been troubled with that complaint. One cannot say too much in favor of that wonderful medicine." This remedy is for sale by Hamilton Drug Co.

Oregon Development League.

The Portland Commercial Club has issued a call for a convention of the Oregon Development League, to be held at the Marquam Grand Theatre in Portland August 2nd and 3rd. All commercial, agricultural, mining, stockraising and irrigation interests will be represented; every editor in the state will be invited to attend as a delegate; County Commissioners and Mayors of all towns and cities will also be called upon to name delegates. The Portland Women's Club will look after the comfort of ladies accompanying delegates, and among other entertainments, have arranged for a trolley ride on August 2nd, taking in the most interesting and beautiful environs of Portland, and on August 3rd ten street cars will be provided for a trip over the entire city.

The Southern Pacific Company will sell tickets at the very low rate of one fare for the round trip, from all points on the Oregon lines to Portland and return, for this occasion, and it is hoped that every section of the state will be well represented at the convention, to work in harmony for the development of Oregon. d-sw-jl30
