During their two years' residence here, Dr. Cheadle and his estimable wife have made many friends who regret to see them move away.

A good sized audience was treated to an evening of genuine enjoyment at the Roseburg theatre Tuesday night by "The Hills of California". The piece as played was a noticeable improvement over that on the occasion of the troupe's visit to this city last year. The feature of the play was the realistic rural scene in the second act where live chickens and ducks swart before a background of canvas on which was depicted a striking likeness of a farm house and grain field.

A BAD DISORDER

In the fall of 1895 I contracted that fearful disease, Blood Poison. It gained such headway that I was forced to resign my position and seek relief at Hot Springs. After spending all the means I had I went to Memphis. In less than three weeks I was in a hospital, and after nine weeks of suffering I was discharged as cured. In less than a month every bone in my body seemed to be affected and felt as if they would break at the least exertion. Again I was compelled to resign, and I returned to the hospital for a seven weeks stay. When I came out I was advised to try farming. When I first went on the farm I prevailed on the only firm who handled drugs to get me one dozen bottles of S. S. S. At that time both of my hands were broken out with blisters and I was covered with boils and sores. In the meantime my druggist had gotten two dozen bottles of S. S. S. for me and I began its use, and after taking the thirteenth bottle not a sore or boil was visible. R. B. POWELL, East 9th St., Little Rock, Ark.

Of all human diseases, Contagious Blood Poison is the most hideous and hateful. The victim is tortured with eating ulcers, sores and abscesses, unsightly blotches, eruptions and other symptoms of the miserable disease. S. S. S. has been used successfully for nearly fifty years for Contagious Blood Poison. It contains no mercury, potash or other mineral. Our home treatment book gives all the symptoms of this disease. Medical advice free.
