General News.

It is stated in Wall street that the United States Steel Co., will in December make a third offer to the employees to sell them stock in the company, to be held five years. It is understood that the stock is to be sold in the neighborhood of 80.

During a fire in a children's workhouse at Shelbyville, Ind., Wednesday, two little boys were suffocated by smoke in their beds. Thirty other children in the building at the time escaped by leaping from the upper windows to the roof of an adjoining building.

Cathryn McCarty, aged 104 years, and probably the oldest woman in Oregon died Wednesday at Forest Grove.

Good For Children.

The pleasant to take and harmless One Minute Cough Cure gives instant relief in all cases of Cough, Croup and LaGrippe because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissues. Sold by Fullerton & Richardson.

Ashore at the Siuslaw.

EUGENE, Or., Oct. 19.—Schooner Albee Kimball, San Francisco to Florence, after a load of lumber from the Siuslaw Lumber Company's mill, is ashore a mile south of the Siuslaw, and it is believed will be a total wreck. The vessel arrived off the mouth of the river Saturday night and anchored, waiting for a tug to tow her in next morning. A storm came up, two different anchor chains broke, and during the terrific gale Sunday morning the vessel was driven ashore.

The crew of seven men swam ashore, secured a rowboat, and with great difficulty rescued the owner of the schooner, George Martin, and his wife, who were still aboard. The vessel is fast breaking up. There is said to be no insurance.

Lane Hopgrowers' Scheme.

EUGENE, Or., Oct. 19.—An effort is being made by a number of Lane county hopgrowers to create a direct market in England for their product, and with that end in view, John Davies, a local grower and speculator has left for England with a number of samples of hops, representing about 1500 bales, grown by a half dozen or more persons in this vicinity. Mr. Davies hopes to be able to arrange matters so that by shipping direct to England those in the scheme may realize much more than could be obtained here.

THE SURE WAY.

to prevent Pneumonia and Consumption is to cure your cold when it first appears. Ayer's English Remedy will stop the cough in a night and drive the cold out of your system. Always a quick and sure cure for Asthma, Bronchitis, and all throat and lung troubles. If it does not satisfy you we will refund your money.

Photographs Reduced.

In order to make room for an entire new line, we will, while our present stock of card mounts last, reduce the price of \$3.00 pictures to \$2.00 per dozen. Our present card supply is limited, so if you want to take advantage of these low rates you will have to hurry. d-n 18.

"It was almost a miracle. Burdock Blood Bitters cured me of a terrible breaking out all over the body. I am very grateful." Miss Julia Filbridge, West Cornwall, Conn.

Struck By a Train.

SALEM, Or., Oct. 19.—While driving into Salem last evening, Theron E. Lyons, 19-year-old son of L. S. Lyons, a contractor and painter of this city, was struck by the evening Albany local train. His horse was instantly killed, his buggy almost completely demolished, and he himself is lying at the home of his parents in a precarious condition. Young Lyons has been employed in a local drug store for several months past.

THE MUD TAX.

What Bad Roads Cost the State of North Carolina.

It has been calculated that the people of North Carolina suffer annually from bad roads to the extent of about \$10,000,000, said a speaker at a North Carolina good roads convention. In other words, they pay, as Professor Holmes so vigorously expresses it, an annual "mud tax, sand tax and hill tax" amounting to \$10,000,000. Ten millions of dollars annually as tribute to clay, mud, sand, rocks and hills, not to mention tired beasts, galled shoulders, sore backs and profane drivers! During the last twenty-five years this bad road tax has consumed an amount of money equal to the taxable values of the whole state of North Carolina. One-tenth of what we waste annually on bad roads would give a seven months' term to every school in North Carolina. Ten million dollars thrown away on

A FOUR HORSE LOAD.

bad roads! It is the same as if every horse and mule in North Carolina were killed annually.

The loss of its best manhood is the greatest tax that the country is paying to towns and cities. This loss must be controlled and diminished. We must have cities and towns. We are willing to give some of the country boys to carry on the work of cities and towns, but we must not give up too many. We need them in the country to build up country homes. The country home is the unit of power, character and civilization for America. We cannot control the nervous and vicious life of the city.

City people do not desire the kind of lives they seem forced to live—nervous, restless, unhealthy lives; lives in which they retire late, rise late and find it impossible to control their children. They cannot help it. A large city is a maelstrom. A great, strong man comes from country to city. He does a great work. He finds great opportunities for the development of his powers and talents. He leads a brilliant life and leaves an honored name. But it is a sad fact, and seemingly a law of nature, that he sacrifices the calm health and strength of rural life for the nervous activities of the city. His descendants do not inherit his power.

Let us preserve and build up country life. Let us keep the boys and girls on the farms. Let us carry the town to the country and the country to the town, preserving the blessings of both, by constructing good roads as permanent instrumentalities of travel, of trade, of social intercourse and education.

Do You Know

THE BEST WAY TO ADVERTISE ROSEBURG

?

LOCAL NEWSPAPER reflects the business interests of the town in its advertising columns. A business man looking for a location always examines newspapers to see how his particular line is represented. If he is a druggist and finds none advertising he concludes there is no druggists, or, if there are, they are all dead. If he is a doctor or a lawyer, he looks over the professional cards to see if his profession is represented.

Among the former subscribers the home paper has a similar mission. The prospective buyers like an invitation to come and trade with the merchants. A card of professional men is just as essential as the sign in front of his door. It is not a question of being able to get along without it. A hardware man need not heat his store to keep things from freezing. He might have a booth out on the street and do some business instead of paying rent at his store and buying fuel to heat it with, but it might not be economy to do so. Advertising is not a luxury, but rather an economic proposition recognized by all the best and most successful business men the world over.

We will gladly assist you in the preparation of any advertising and put our best foot forward in your interest. Don't delay. If you cannot call, write or 'phone us.
