Oakland News.

T. R. Sheridan, Napoleon P'oe and F. J. Blakely, of Roseburg, and Judge Joe Lyons, of Portland, were in Oakland one day recently and drove up to the dam on the Calapooia, at the head of the Calapooia Improvement company's proposed irrigation ditch. They were all very much pleased with the valley and predict that this will be one of the prettiest and most productive valleys in Western Oregon when the waters of the Calapooia are turned over their large tracts of land.

Miss Minnie Rice, of Isadora, was calling on Oakland friends on last Thursday.

Geo. Johnson, while distributing poles for our electric light wires on Monday, met with a very painful accident by falling from his wagon—an extremely narrow escape from a broken neck. He is fairly comfortable now and will be out again in a few days.

Mrs. Judge Bloomfield, who has been quite ill, is reported today as improving.

Mr. Austin Albright, who has been prospecting in the Southern Oregon gold fields, has returned to his home in Oakland.

Mr. White, of Santa Rosa, Calif., is in Oakland visiting with his father-in-law, Mr. George Adams.

The efforts of the Oakland Development League are proving very successful in the establishing of a city and neighborhood telephone exchange. One of the committee who is soliciting subscribers informed us this afternoon that they would have nearly 50 subscribers within the city limits today. The league has only been working on this proposition for a few days.

Dr. W. C. Gilmore made a professional trip to Roseburg on last Wednesday evening.

Mrs. Carrie LaDue (nee Hall), of Walla Walla, is in Oakland visiting her aunts, Mrs. Judge Bloomfield and Mrs. Sarah Thomas.

Mrs. Jas. T. Cooper, of Dimmick's ferry, is in town visiting her sister, Mrs. E. H. Pinkston.

Confessions of a Priest.

Rev. Jas. S. Cox, of Wake, Ark., writes, "For 13 years I suffered from Yellow Jaundice. I consulted a number of physicians and tried all sorts of medicines, but got no relief. Then I began the use of Electric Bitters and feel that I am now cured of disease that had me in its grasp for twelve years." If you want a reliable medicine for Liver and Kidney trouble, stomach disorder or general debility, get Electric Bitters. It's guaranteed by A. C. Marsters & Co., of Roseburg, Ore. Only 50c.

A Question of Tacks.

Better Than Pills.

The question has been asked—In what way are Chamberlain's Stomach and Liver Tablets superior to the ordinary cathartic and liver pills? Our answer is—They are easier and more pleasant to take and their effect is so gentle and agreeable that one hardly realizes that it is produced by a medicine. Then they not only move the bowels but improve the appetite and aid the digestion. For sale at 25 cents per bottle by Hamilton Drug Co. If troubled with a weak digestion try Chamberlain's Stomach and Liver Tablets. They will do you good. For sale by Hamilton Drug Co.

Mrs. J. D. Strong and her mother, Mrs. G. W. Brewer, were in town from Myrtle Creek today.

SKIN DISEASES

Altoona, Pa., June 20, 1903.
I was afflicted with Tetter in bad shape. It would appear in blotches as large as my hand, a yellowish color, and scale off. You can imagine how offensive it was. For twelve years I was afflicted with this trouble. At night it was a case of scratch and many times no rest at all. Seeing the good the medicine was doing a friend who was taking it for Eczema, I commenced it, and as a result the eruption began to dry up and disappear, and to-day I am practically a well man. Only two tiny spots are left on the elbow and shin, where once the whole body was affected. I have every confidence in the medicine, and feel sure that in a short time these two remaining spots will disappear. S. S. S. is certainly a great blood purifier, and has done me a world of good. I am grateful for what it has accomplished, and trust that what I have said will lead others who are similarly afflicted to take the remedy and obtain the same good results that I have.
125 East Fifth Ave. JOHN F. LEAR.

While washes, soaps, salves and powders relieve temporarily, they do not reach the real cause of the disease. The blood must be purified before the cure is permanent. S. S. S. contains no potash, arsenic or mineral of any description, but is guaranteed purely vegetable.

Send for our book on the skin and its diseases, which is mailed free. Our physicians will cheerfully advise without charge any who write us about their case.

Labor Problem Discussed.

EDITOR REVIEW: In the last big strike in this country it looks as though labor organizations have received a staggering if not a death blow. What the result of their defeat will be no one can tell. Capital is arbitrary—or is at least capable of being so—and Union organizations have at times been unreasonable in their demands. Their blind methods and unreasonable exactions have had a tendency to alienate those who had always been their friends and who believed most of their grievances to be just. Whether they will be able to gather themselves together again under a more perfect organization remains to be seen. It will certainly require great skill to control them, and whether the man is forthcoming with sufficient capability as a leader to do this in the question.

My sympathy is certainly with the poor, the rich don't need any. The special privileges that are given them by legislation is enough. But they have rights under the law and in equity that we are all bound to respect.

But has not capital outraged public sentiment and trampled upon public rights oftener than labor organizations?

Laboring men in their solicitude for their wives and children and in their need of opportunities to provide for them and make them happy, many no doubt have made mistakes. But capital has in their greed and avarice shown a willingness to wring every dollar from the poor that they could. We have a fair example of this right at home. Good beef cattle that has been selling here in the Umpqua valley for two to two and a half cents per pound gross, has been selling for 15 to 18 cents per pound on the block in Portland. And I have been credibly informed by a number of persons who have suffered by this condition that the poor are to a great extent deprived of this great necessity of life by the unreasonable exactions and exorbitant prices demanded by this money controlled market.

Notwithstanding these patent facts, the declaration has often been made publicly by public men, leaders of a party, that the government has no right to interfere in this matter. That the people who are the government have no right to protect themselves against the greed and avarice of this greedy age. If this is so, if our government has no right or power to protect the masses, then God pity the poor. But it is not so. Reasonable deductions ought to convince any man that it is not so. We have no right to starve the poor to enrich the plutocrats. And this applies to all combinations. I have always thought it fortunate that the farmers could not successfully organize to control the price of the products of their farms. Not that I believe them to be any more exacting than other classes—neither do I believe them to be less so.

It is my experience that you will find humanity the same the world over. We have all got a large streak of selfishness in our nature that has got to be curbed by law. And this shows the necessity for legislation along the line. While the world gives a tacit consent to the golden rule, seldom recognize it in their dealings with their fellow men.

I believe the peaceable adjustment of the relations between capital and labor is becoming the most serious problem confronting the country today, and it has got to be met in a calm non-partisan spirit, and on the equitable grounds of the greatest good to the greatest number, with a due regard for the rights of the minority. To do this we will have to divest ourselves of our political prejudices and cease to prey on our large campaign funds and of ability to control political organizations by the weight of dollars.
