Night watchman J. W. Dent had a close call for his life last night when a negro "hobo" took a shot at him at only a few steps distant, the bullet from the weapon barely missing his head. Dent discovered the negro acting in a suspicious manner in front of T. R. Sheridan's residence about midnight. At a command from Dent to stop, the negro assumed a waiting posture as if to submit to inspection. As the officer was within a few feet of him, the negro suddenly wheeled about with a pistol in his hand and fired almost point blank at Dent and then took to his heels around the corner down Stephens street. So close was the range at which the negro fired, that the powder from the cartridge scorched the officer's face. As soon as Dent recovered from the surprise of the attack, he gave chase emptying his own revolver at the fleeing form of the negro, none of the bullets reaching their mark. Dent then summoned Marshal Jarvis and, with the other persons, made a diligent search for the negro, but he was nowhere to be found.

Do You Believe in Signs?

A mark, note, token or symptom, indicates that by which anything may be known, that is, we are forewarned if evil is to befall us, or we have the pleasure of anticipation if the signs be taken at fortunate occurrence. Accidental occurrences all have their signs, every disease has its symptoms. The point is to heed the former, and counteract the effect of the latter. Spells of sick-headache follow indigestion and stomach disorders, belching, biliousness and dyspepsia are signs of sickness. People that believe in these signs and know that they are true from experience, can get immediate relief and a speedy cure by the use of Dr. Gunn's Improved Liver Pills. Sold by druggists for 25c. per box. Only one for a dose. For sale by A. C. Marsters & Co., Druggists.
