Not A Sick Day Since.

"I was taken severely sick with kidney

trouble. I tried all sorts of medicines none of which relieved me. One day I saw an ad. of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured, and have not seen a sick day since. Neighbors of mine have been cured of Rheumatism, Neuralgia, Liver and Kidney troubles and General Debility." This is what B. F. Bass, of Promont, N. C. writes. Only 50c, at A. C. Marsters, Druggist.

COURTS' BUSY DAY

Judge J. W. Hamilton Holds An Adjourned Term

CASES IN JUSTICE COURT

County Court Issues Prohibition Order For Precincts that Voted to go "Dry"

Three different courts were in session in Roseburg today—Circuit, County and Justice courts.

An adjourned term of the Circuit Court was held to hear motions to reopen the two cases of Wm. Horn vs. The Oregon Securities and Trust Co., a corporation operating in Lane county. The first case was one wherein a judgment of \$516.15 was awarded to the plaintiff at the last regular term of court, for work done on defendant's mining property. Case No. 2 was one wherein a decree was granted foreclosing a lien on this mine to satisfy said judgment. Judge Hamilton overruled both motions.

Judge Hamilton also took under advisement an injunction suit brought against J. H. Younce by Anna Kent. The parties live at Dillard. The plaintiff seeks to restrain the defendant from removing produce from a plot of ground, over which they have some misunderstanding regarding a lease. Judge Hamilton told the litigants the nature of the case was so trifling that it would have been better to have settled it out of court.

IN THE JUSTICE COURT.

The Baum Iron Company, of Portland, was awarded judgment in the sum of \$40 from C. J. Richey and Jas. Skiffington in Justice Long's court this morning. The defendants formerly conducted a partnership blacksmith shop at Myrtle Creek. The amount awarded is for merchandise sold to them.

Two other cases were filed in the Justice Court this morning, as follows: Fullerton & Richardson vs. W. H. Collier; action to recover \$35.75, alleged to be due in part for merchandise sold to defendant and the remainder for the amount due on a promissory note assigned to plaintiffs by a third party.

A. Mosier vs. G. W. Clark; action to recover \$27.25, alleged to be due in part for board and the balance on an account transferred to plaintiff by a mercantile firm.

TO RATIFY LIQUOR LAW.

In accordance with the provisions of the Local Option Liquor Law, the County Court held a session today to issue an order of prohibition for each precinct that voted in favor thereof at the last election, the order to go into effect on January 1, 1905. To quote the law: "Hereafter it shall be unlawful to sell or exchange or give away any intoxicating liquor within the territory included in said prohibition order except as in this law provided." The exceptions referred to do not prohibit the sale of pure alcohol for scientific and manufacturing purposes, nor alcoholic stimulants as medicine in cases of actual sickness, under very strict restrictions and only on a certified prescription of a regular practicing physician.

"Violations of the law shall be punished by a fine of not less than \$50 nor more than \$500, or by imprisonment in the county jail for not less than ten or more than thirty days, or by both such fine and imprisonment. If any person shall be convicted a second time for violating any of the provisions of this law, such person shall be punished for such second and each subsequent violation of the law, by both such fine and imprisonment. Justices of the peace shall have concurrent jurisdiction with the circuit court in all violations of this act."

Mother Sees Child Burn.

SPOKANE, Nov. 20.—A special to the Spokesman-Review from Oakesdale, Wash., says:

"While the four small children of Alfred Olson were playing in the house, on a farm a few miles from here this morning, the clothing of the youngest, a 2-year-old boy, caught fire. He made his way to the bedside of his mother, but she was ill and unable to

arise. The child inhaled the flames and died in terrible agony. The mother's arms were badly burned and the shock, it is feared, may prove fatal to her.

CHARGES ARE MADE

Messrs Booth and Bridges Will Not Resign.

ABOUT LAND FRAUD CASES

Report From Washington Says They May Retire From Office, But They Say No.

Reports from Washington, D. C., Saturday stated that Receiver J. H. Booth and Register J. T. Bridges, of the Roseburg land office, would probably resign their positions in order to avoid trouble with Secretary Hitchcock on account of the alleged land frauds in this district. A dispatch in Sunday's Portland Journal further says:

ALLEGED IRREGULARITIES.

WASHINGTON, Nov. 19.—Sensational disclosures have resulted from the recent investigation of the Roseburg, Or., land office. The investigation was made under special instructions from Secretary Hitchcock, and though no formal report has yet been made it is known that gross irregularities were discovered.

Numerous fraudulent entries on government lands are said to have been unearthed and the scandal may involve both the receiver and the register of the Roseburg office. It is but a few months since both were appointed upon the recommendation of the Oregon delegation.

All information as to the nature of the charges is refused at the interior department, and until the report of the inspector who made the investigation is received, no action by the department is probable.

STATEMENTS OF OFFICIALS.

Upon first being advised of the foregoing, and that another Washington Dispatch says Receiver Booth and Register Bridges of the U. S. Land Office at Roseburg will probably resign to avoid trouble with Secretary Hitchcock, Mr. Booth expressed surprise at the report and knew no reason for it. He said: "I have intended to resign, however, in order to take advantage of business opportunities offered, but have had no intention at any time to resign to avoid trouble. This I should have done before now but for certain charges made against me. It has become very disagreeable to be constantly under fire."

Mr. Booth left this morning for Portland to appear as a witness in the noted land fraud cases which opened in the Federal court there today. Congressman Binger Hermann, ex-commissioner of the General Land Office, is also subpoenaed as a witness and will leave for Portland tonight. Mr. J. T. Bridges, register of the Roseburg Land Office, leaves for Portland on a similar call next week.

Register J. T. Bridges said: "I have no statement to make at this time, not having been officially advised as to the charge preferred. I know that the office has been under investigation and we have been informed in any indirect way that some charge has been made against the office by Messrs Gardner and McCrossen, and when such charge is made known to us we will be ready to answer it." "As to the statement that I have signified my intention to resign as register I will say that I have made no such statement and have no such intention."

Disastrous Wreck.

Carelessness is responsible for many a railroad wreck and the same causes are making human wrecks of sufferers from Tarrant and Lung troubles. But since the advent of Dr. King's New Discovery for Consumption, Coughs and Colds, even the worst cases can be cured, and hopeless resignation is no longer necessary. Mrs. Lois Cragg, of Dorchester, Mass., is one of many whose life was saved by Dr. King's New Discovery. This great remedy is guaranteed for all Throat and Lung

Diseases by A. C. Marsters, Druggist. Prices 50c, and \$1.00. Trial bottles free.

Incendiarism Repeated.

SALEM, Or., Nov. 19.—Eugene Bosse, the flax manufacturer, was made the victim of a second attack by an incendiary tonight when the old wooden mill of the Salem Flouring Mill Company was set on fire and totally destroyed. In the mill was the machinery which Mr. Bosse uses to work his flax straw and thresh out the seed. The building was worth about \$10,000, fully covered by insurance. The machinery and flax fiber in the mill were worth \$1500, with no insurance.

How the fire started no one knows. The building stands about 100 feet north of the brick mill and warehouse which were burned four weeks ago, entailing a loss of \$100,000. That fire was known to have started by an incendiary, but no clew was ever obtained indicating the identity of the criminal.

Only Makes A Bad Matter Worse.

Perhaps you have never thought of it but the fact most apparent to every one that constipation is caused by a lack of water in the system, and the use of drastic cathartics like the old fashioned pills only makes a bad matter worse. Chamberlain's Stomach Liver Tablets are much more mild and gentle in their effect, and when the proper dose is taken their action is so natural that one can hardly realize it is the effect of a medicine. Try a 25 cent bottle of them. For sale by Hamilton Drug Co.

Thanksgiving Dinner.

A fine turkey dinner will be served at the Roseburg House on Thursday, Nov. 25, from 11:30 a. m. to 2 p. m. You will save time, trouble and expense by going there for your Thanksgiving dinner, instead of trying to prepare your turkey, etc., at home. \$23

It looks as if a man's back is the center of strength when he is straining to lift or haul a heavy weight. But the center of strength is not the back, but the stomach. There's no strength in the back of a giant if he's starving. All strength is made from food, and food can only be converted into strength when it is perfectly digested and assimilated. When the stomach is diseased, the nutrition of food is lost and physical weakness follows.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It makes men strong and muscular, by enabling the perfect digestion and assimilation of the food eaten.

"I suffered from a very obstinate case of 'peppercorn' writes H. E. Scott, Esq., of 15 Eastern Av., Toronto, Ontario. 'I tried a number of remedies without success. I was so far gone that I could not bear any solid food on my stomach; felt constantly and depressed. Could not sleep nor work. A friend recommended your Golden Medical Discovery. I have taken three bottles and I feel accomplished a permanent cure.'"
