JANUARY 13, 1905.

Hon. Joseph W. Folk, of "anti-bood" fame in St. Louis, was inaugurated governor of Missouri on Jan. 9th. In his new capacity he promises to finish cleaning out the "grafters" from Missouri politics. In his inaugural address to the members of the legislature among other things he said: "Partisanship is a good thing sometimes but patriotism is a better thing all the time. Partisanship is well enough when it does not conflict with patriotism, but patriotism is a higher virtue than partisanship. Some of you are democrats, some are republicans, all are Missourians. In the discharge of official duties let us be Missourians before we are anything else. Do not forget that you will be aiding the party you may belong to must by giving the public the highest service. You cannot help your party by injuring the public. One may be in private life a democrat or a republican, but when he steps into public office he becomes a public servant—a servant of all the people."

This advice would well be heeded by legislators and public officials in all states.

But when Coughs and Colds are properly treated, the tragedy is averted. F. G. Huntly, of Oakland, Ind., writes: "My wife had the consumption, and three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, Coughs and Colds, which cured her, and today she is well and strong." It kills the germs of all diseases. One dose relieves.
