The regular semi-annual teachers' examination for Douglas county was begun at the court house this morning by Supt. B. F. Hamlin, Prof. A. M. Sanders and Prof. O. C. Brown. The class includes 67 applicants for county certificates and 7 for state papers. This is one of the largest classes ever assembled here. The examination will continue until Saturday.

Prof. O. C. Brown arrived here Tuesday evening from Drain to assist in the work of the teachers' examination. He believes the present legislature will not turn down the Normal schools, which has been discussed as among the probabilities. This state now needs about 600 new teachers annually in the public schools and the Normal schools are giving excellent results in their line of turning out specially trained teachers, in consideration of the comparatively small expense which they are to the state.
