

FOR ANOTHER CITY

West Roseburg Residents So File a Petition.

BOUNDARIES ARE ENLARGED

So as to Reach Nearly to the Soldiers' Home Grounds With New Incorporation.

Residents of West Roseburg are evidently not puffed with the idea of being included within the corporate limits of this city, and this morning filed their petition with the county court for the formation of a new incorporation of their own. The proposed boundaries for the new municipality include considerable more territory than was taken in there by the recent act of the legislature enlarging the Roseburg city limits. It takes all that part of town lying west and south of the South Umpqua river nearly as far west as the Soldiers' Home grounds, and including all the territory between the river and the Looking Glass road along the foot of Mt. Nebo, as well as a small tract above the road just west of the big bridge. The petition in full follows:

To the Honorable, the County Court of Douglas County.

The undersigned, duly qualified electors of Douglas County, residing within the limits of the territory of said County, hereinafter set out and described, most respectfully petition your Honorable Body that they may be formed into a Municipal Corporation under the provisions of Chapter One of Article XXVII of the Laws of the State of Oregon, as compiled by C. B. Bellinger and W. W. Cotton. Said Municipal Corporation to be known as the town of West Roseburg, the boundaries of said Municipal Corporation to be as follows, to-wit: Beginning on the west bank of the South Umpqua river, at a corner of the land now owned

by J. C. Fullerton and O. F. Godfrey, respectively, in Township 27 S., R. 6 West, and running thence on the line of the land of said J. C. Fullerton northerly to the Coos Bay wagon road, thence North on the East line of the Donation Claim of John Leiser, to the West bank of South Umpqua river, thence following the meanders of said South Umpqua river, easterly and southerly along the west bank thereof, in the place of beginning. The said proposed Municipal Corporation contains two hundred inhabitants, or more. Signed,

A. J. Bellows, R. W. Marsters, S. B. Elmore, J. C. Fullerton, B. F. Gilbert, A. A. Bellows, Nathan Fullerton, R. E. Bellows, Roy Elmore, G. W. Jones, L. J. Houser, A. Todd, T. L. Wharton, W. M. Hudson, Louis Kohlhagen, P. N. Gill, F. W. Enke, Sr., G. W. Rapp, F. W. Enke, Jr., G. L. Wright, O. A. Houser, C. W. Jennings, W. L. Wilson, E. P. Tynan, D. S. K. Butch, A. A. Jones, John Sacher, H. J. Hathaway, J. W. Mote, G. W. Morris, S. P. Houser, R. M. Knight, W. H. Sharp, F. A. Aderton, A. S. Aderton, J. S. Jennings, W. C. Johnson, A. O. Rose, J. P. Atkinson, C. P. Davis, J. W. Dowell, Wm. A. Dowell, W. T. Morrison, Fred Stein, A. Notestine, Joseph Wharton, Peter Bald, Charles H. Miller, Isaac Johnson.

The above named petitioners hereby give notice that the above named petition will be presented to the Honorable County Court of Douglas County, Oregon, at the regular May, 1905, term of said Court, to-wit, on Wednesday, the 3rd day of May, 1905, and pray that said petition be granted.

HARRIS GETS PLUM

Governor Appoints Him Judge in this District.

LESS WORK FOR HAMILTON

Sam White and Claire Crawford Get Judicial Jobs in 8th and 10th Districts.

Special to Evening Review.

SALEM, Feb. 21.—Governor Chamberlain today announced the following appointments to the three new judicial offices created by the recent legislature: Additional Judge of the second district, composed of Lane, Douglas, Benton, Lincoln, Coos and Curry Counties—Lawrence T. Harris, of Eugene, present deputy prosecuting attorney of that district.

Judge of the eighth district, composed of Baker County—Samuel White, of Baker City, formerly district attorney of that district.

District Attorney for the tenth district, composed of Union and Wallawa Counties—Claire Crawford, of Union.

Crawford and White are democrats, while Harris is a republican. The appointment of a republican to be judge in the second judicial district was expected, as the other judge—J. W. Hamilton—in that district is a democrat. Judge Hamilton is expected to handle the judicial business of Douglas, Coos and Curry, and Harris that of Lane, Benton and Lincoln. The appointees are to hold the offices

until July, 1906, when their successors, elected by the people, are to get the places. The judges are to receive \$3000 each per year.

Judge White was formerly chairman of the democratic state central committee.

Funeral of F. A. Falkenburg.

DENVER, Feb. 20.—The funeral of F. A. Falkenburg, who was head consul of the Pacific Division, Woodmen of the World, at the time of his death in Los Angeles several days ago, was held here today, and was one of the largest in the history of the city. Special trains from different points brought hundreds of Woodmen to the city, and Trinity church was filled with people. Thousands stood outside, awaiting the starting of the funeral procession.

At the church J. C. Root, of Omaha, sovereign commander, and W. C. Hawley, of Salem, Or., chairman of the board of head managers of the Woodmen of the World, delivered eulogies on the life of the deceased.

Six carriages conveyed the floral offerings to the cemetery. They were mostly emblematic of the Woodmen order and came from all parts of the Pacific division.

For Sick and Nervous People.

We have a cure for nervous and steady people, weak, fleshless people, and pimply, pale or sallow people; people who are troubled with loss of ambition, falling memory, depression of spirits, lack of confidence, nervous headache, and wakefulness, all these symptoms are produced by weakened nerves, brought on by the watery condition of the blood. Make strong, rich, red blood, and furnished food for the nerves is the way to stop the source of disease, and the cure then is only a question of days. The best flesh and blood builder is Dr. Gunn's Blood & Nerve Tonic, in tablet form to take at meal time. Sells at 75c a box, or 3 boxes for \$2, at all druggists. People gain from 1 to 3 lbs. of solid healthy flesh per week, by the use of this medicine. That is an indication it is doing good. For sale by A. C. Marsters & Co. Druggists.

WILL HELP KANSAS

Other States to Join in Fight Against Standard Oil.

LEGISLATURES WILL ACT

Wisconsin, Missouri, Oklahoma and Texas are the Allies—Bills Now Pending.

MADISON, Wis., Feb. 20.—Following the example of the Kansas Legislature, the Wisconsin Legislature will soon take up the subject of the Standard Oil Company. Two measures will be presented, one a joint resolution for an investigation of the methods of that corporation in Wisconsin and the other a bill providing anti-trust legislation.

MISSOURI PROMISES AID.

KANSAS CITY, Mo., Feb. 20.—The Missouri Legislature may be asked to take up the Kansas fight against the Standard Oil Company. Representative Leslie J. Lyons, of Kansas City, it is said, agreed to introduce in the House at Jefferson City the maximum freight rate bill and the bill making oil pipe lines common carriers.

OKLAHOMA WILL HELP.

GUTHRIE, Okla., Feb. 20.—A bill providing for a territorial oil refinery has been prepared by Representative McBride and will be presented in the House. The measure will, also, it is said, compel any corporation operating in the Territory to sell its product at an equal price throughout the Territory.

TEXAS IS AROUSED.

DALLAS, Texas, Feb. 20.—The oil issue is acute in the Texas legislature. The independent companies are clamoring for legislation to protect them from the extortion of the Standard Oil Company, which controls the pipe lines of Texas. There is pending legislation to regulate the pipe line's rate of traffic in the interest of all oil producers in Texas known as the Decker pipe line bill.

The Standard Oil representatives are opposing the passage of the bill.

A conference was held at Austin last night and another at Dallas today, at which the situation was considered. At last night's conference it was agreed that if the Decker bill or some measure approximating its provisions is not passed, then the friends of the Decker bill will use efforts to pass a bill providing for building a state refinery with pipe line facilities, and the provisions of a bill similar to those of the new Kansas law just signed by Governor Hoch.

ACTIVITY IN KANSAS.

TOPEKA, Kan., Feb. 20.—Kansas may make an independent investigation of the Standard Oil Company's operations in this State. The Legislature may also make demands of Congress regarding Indian Territory oil leases.

Senator Smith has prepared a resolution providing for the appointment by the Legislature of a committee to investigate the charges filed with the Commissioner of Corporations at Washington by the Representative of the Kansas Oil Producers' Association. The leaders in the Legislature have planned also, it is said, to demand of the Kansas delegation in Congress that the Foster lease on the Osage Reservation in Indian Territory be annulled, on the ground that it is the intention of the Standard Oil Company to discriminate against the Kansas field by securing all the oil it needs from this territory.

Another measure directed against the trusts, namely, the anti-discrimination bill, which was passed by the Senate last week and made a special order in the House for this afternoon, probably will be the last of the anti-trust measures to be considered by this session of the Legislature.

The anti-discrimination bill is designed to prevent the Standard Oil Company from under-selling the State in any one locality unless the rate there should be the rate throughout the state, and its friends asserted that it would undoubtedly be passed and become a law.

Some further grounds for the present united opposition to the gigantic octopus, known as the Standard Oil trust are shown by the following statistics revealing the results of its exorbitant charges to consumers.

Give Your Stomach a Rest.

Your food must be properly digested and assimilated to be of any value to you. If your stomach is weak or diseased take Kodol Dyspepsia Cure. It digests what you eat and gives the stomach a rest, enabling it to recuperate, take a new life and grow strong again. Kodol cures sour stomach, gas, bloating, heart palpitation and all digestive disorders. L. A. Soper, of Little Rock, Ky., writes: "We feel that Kodol Dyspepsia Cure deserves all the commendation that can be given it, as it saved the life of our little girl when she was three years old. She is now six and we have kept it for her constantly, but of course she only takes it now when anything disagrees with her." Sold by Fullerton & Richardson.

Cases in Justice Court.

Max Weiss, proprietor of the Roseburg Brewing and Ice Co.'s plant, was arrested this morning on a charge of selling intoxicating liquor on Sunday. The complaining witness is City Marshal D. J. Jarvis. Mr. Weiss is accused of having sold a keg of beer to a gang of six hobos last Sunday, Feb. 15. The hobos were the ones arrested on Monday on suspicion of being the persons who robbed a freight car in the S. P. yards here Saturday night. No charge was entered against them, however, owing to lack of sufficient evidence to convict. Four of the men have been released, while the other two have been detained as witnesses against Mr. Weiss.

Mr. Weiss will fight the case and has retained Attorney F. W. Benson as counsel. A demurrer will be filed, contending that the law relating to the offense alleged applies to retail and not wholesale dealers like Mr. Weiss. The demurrer will be argued before Justice Long sometime this week. District Attorney Brown will represent the state.

The case of Churchill & Woolley vs. John Hunter was being heard before Justice Long this afternoon. The plaintiff sues to recover \$35 from the defendant, alleged to be due for nails, etc., sold to him and used on the addition to the public school building.

THE GUARDIAN OF OUR BODY.

The foremost biologist of our day, M. Metchnikoff, has shown the world of science that there are leucocytes in our blood that act as scavengers or policemen. These policemen which are called phagocytes look out for the noxious or poisonous elements in our blood. Various offending elements are picked out of the blood and tissues by these policemen and destroyed. Therefore our lives are protected by these blood-cell-policemen, the phagocytes, and we enjoy immunity from disease so long as our blood contains plenty of phagocytes and red blood corpuscles.

"A new broom sweeps clean"—and in order to put our own house in order we must get rid of all the poisons in the blood with a new broom such as an alternative extract made from roots and herbs—without the use of alcohol, as Dr. Pierre's Golden Medical Discovery, a specific for making rich red blood—for eradicating the poisons from the blood. In some way the policemen in the blood are increased in number and strength—so that we are put in the best possible shape to resist disease—to cure malaria, colds, catarrh, and incipient consumption.

"The more study and time is given to the subject the more we find that the blood is the center of life"—says Dr. K. V. Pierre, the noted specialist of Buffalo, "the health and comfort of the average person depends entirely on this blood supply—for the heart must have pure blood or it will not pump and keep the body supplied regularly like the beautiful automatic engine it is. The nerves must be fed on pure blood—or we suffer the pain of neuritis, which is the cry of the starved nerves for food. Headaches, cold in the head, catarrh—and many other things are due to stagnation of the blood."

Dr. Pierre's Pleasant Pellets are a mild laxative. No other medicine equals them for gentleness and thoroughness.
