Bright's Disease and Diabetes News.

Pacific Coast Biscuit Company, R. C. Pell, Manager. San Francisco, Dec. 1, 1904.

To the parents of children having Bright's Disease—

I feel impelled to write you my personal experience with this disease, the gravity of which I feel strongly through the death of my father some twenty years ago from that trouble, and the serious illness of my son when he was pronounced by two physicians to have Bright's Disease, with recovery impossible. His whole body was swollen with the Dropsy, and death at any moment would not have surprised us. We put him on Fulton's Compound for Bright's Disease. In six months his recovery was complete. Hearing that the son of a friend (an attorney) was dying of Bright's Disease, I told him, and at last reports the boy had recovered. Last year a Mr. Baruch of New York, doing business with us, shocked us by his appearance. He said it was Bright's Disease. I told him, too, of my boy's case. Eight months later I hardly knew him. He was nearly well. There are lives to be saved and it is my duty as well as my pleasure to lay these facts before you.

Yours, etc.,
R. C. PELL.
