Skelley News.

Dr. T. L. White, wife and son, left Saturday morning on their return trip to their home in McKeesport, Pa. They propose to visit Skelley again in the Fall, and will be accorded a hearty welcome upon their return. While here, the Dr. was attending to business, and Mrs. White and son Allen went trout fishing, had a boat ride, rode down the flume on a large square timber, rode on the carriage while a log was sawed, and otherwise enjoyed themselves to their heart's content.

Rev. Father Deutgen returned to Portland on Monday's afternoon train. Before leaving he dedicated a giant fir north of the mill to Mrs. T. L. White, and placed the same with cardboard to that effect. A metal card containing the proper inscription will soon be imbedded in the tree.

The mill company have purchased the grounds for the terminal site of the flume, the planing mills and for other purposes near Drain. It is not likely any building will be done until work on the flume is finished; but it is certain the work will be pushed until all is done, and the Skelley Lumber Co. begins shipping lumber to the markets of the Eastern cities.

Additional machinery has been ordered for the mill at this place to increase its capacity or output, when the proper time comes. The proposition is to make the mill capable of an output of over 100,000 feet of lumber per day.

The telephone boxes and other essentials to completing the Skelley-Drain line have at last turned up, and that line will soon be in working order.

Everybody who can is now busy gardening. Few, if any, are sowing grain owing to the fact that our farmers utilized every month during the past winter for that purpose.

The Hayhurst school is prospering. Miss Wilson, the teacher, paid Skelley a visit Saturday and expressed herself as very gratified at the bright prospects for a most successful term.

The foundation has been put down and the frame work is going up on the fourth new residence for the mill company, and the building boom has not reached its end.

Logs are being rolled into the pond in large numbers, and there is much work going on in this line. It will be greatly increased as time passes and more machinery in the way of docket engines are brought into use.

There was a general smile on the faces of the men at the bunk house the other morning during quite an animated discussion, when one of them broke in with: "There, that will do! You are all exactly like the people on the local telephone line; no sooner does one person commence talking but all of you take down your receivers. I have no show. I quit."

Cheated Death.

Kidney trouble often ends fatally, but by choosing the right medicine, E. H. Wolfe, of Bear Grove, Iowa, cheated death. He says: "Two years ago I had Kidney Trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since as I find they have no equal." A. C. Marsters & Co. druggists, guarantees them at 50c.

An Editor's Opinion of the Royal Gorge.

Edyth Tozier Weathered, in describing a recent trip over the Denver & Rio Grande Railroad, says in "The Exposition":

"At last the goal of the ambition of years has been reached—marvelous, wonderful, grand and inspiring Royal Gorge is on either hand. The only disappointing thing is you only have one pair of eyes, while the train darts in and out of the tremendous chasm. If any who have never seen it are wondering how it looks just go and see."

Thousands have tried to describe it, yet every attempt falls short of giving the subject justice.

If you contemplate a trip East, write W. C. McBride, 124 Third Street, Portland, Ore. for booklets picturing Colorado's famous scenery, and any other information you may desire. d-tf.

Frightful Suffering Relieved.

King of Spain to Wed.

LONDON, April 4.—The London Daily Mirror, which is recognized as an authority on social events, states that it has the highest authority for the declaration that the marriage between King Alfonso of Spain and the Princess of Connaught has been arranged.

The Mirror states that it was stipulated that the Princess should retain the Protestant faith; that any sons that might be born of the marriage should be brought up as Catholics and any daughters as Protestants. It states further that the Duke of Connaught visited the Pope and obtained from him the necessary dispensation.

The announcement of the betrothal is expected when King Alfonso visits England.

Miller Pleads Not Guilty.

PORTLAND, April 4.—Henry W. Miller was brought into the United States District Court this morning, and after waiving the reading of the indictment against him entered a plea of not guilty. His case will be set later. He is a member of the firm of Miller & Kincaid, accused of many fraudulent transactions in Southern Oregon. He also got into trouble in California in much the same way, and for some time has been in jail at San Francisco on account of not being able to furnish bond in an indictment charging him with illegal operations in the vicinity of Redding. Kincaid was likewise indicted with Miller, but has been fortunate enough to furnish bail. Miller is confined in the county jail here, and plainly showed the marks of his long detention by the government.
