**Worlds Fair Notes.**

All exhibits for California's participation in the Lewis and Clark Exposition were shipped from that state April 15.

The famous Boston-Montana band, of 35 pieces, composed entirely of underground miners from Butte, Mont., will attend the Lewis and Clark Exposition. The band was organized twenty years ago and ranks with the best musical organizations in the country.

Two men who will participate in the rock-drilling contests at the Lewis and Clark Exposition enjoy enviable records. In fifteen minutes this team drilled through 37 inches of hard, tough granite. The men are husky miners from the Galice district in Southern Oregon.

A large tower is being erected over Guild's Lake at the Lewis and Clark Exposition. Upon this will be placed a searchlight, the rays of which will be cast about the grounds at night and greatly enhance the lighting features of the Centennial.

A feature of the Oriental displays at the Lewis and Clark Exposition will be a large sandalwood temple, which in the East India building at the St. Louis Exposition, attracted much attention. The building has been shipped and will be erected at the Centennial within another week.

One of the most novel exhibits at the Lewis and Clark Exposition will be the city of Spokane, Wash. The city is to be removed to Portland aboard a car, and it will not require a very large car, either. Spokane in miniature is now being built. A civil engineer and an artist are the builders, and the Spokane Chamber of Commerce is the sponsor. The miniature city, a beautiful reproduction, with a stream of real water to represent Spokane Falls, will occupy a room in the balcony above the mining exhibit in the Washington state building at the fair, and Spokane people will proudly point out the places of interest in their city without finding it necessary to take the tourist thither.

**The Great Lawson Story.**

Over the whole continent—in the East, in the middle, in the West—Graft has set its talons. Do you want the facts? Everybody's for May is full of them: facts about Mr. Rogers and Amalgamated; facts about the land thieves; facts about the Beef Trust; facts about the people ruined by the Graft of Business by whatever name it is called.

As with a search-light Mr. Lawson, in the May instalment of his "Frenzied Finance," illumines the dark doings of the rapacious "System." He lays bare the workings of the "Standard Oil" crowd, whose motto is "Extract Every Dollar!" He tells how Mr. Rogers in building up Amalgamated decided to sell the Daly, Haggin, Tevis properties rather than those which had been promised to investors because he could make more out of such a shuffle, and forced the old firm of Lewisohn Brothers to sell its great business for less than half its value—one of the many personal tragedies in the formation of the great copper companies. The heartlessness of those driven by the Money-Lust was never shown more clearly than by Mr. Lawson in this instalment—nothing is sacred to it, nothing safe that stands in its way. There is but one God, Money, and "Standard Oil" is its chiefest prophet!

Across the continent for years have been working the Land Grafters of the Pacific Coast—quiet swindlers who purjure themselves that they may get Public Land from the People, and sell their stolen property to the Land Kings of California and Oregon. Mr. Bailey Millard describes their doings—how, by perjury, forgery, false maps, bribery, they have stolen millions of acres which are now owned in blocks of thousands of square miles by Henry Miller, the Tevis estate, and others—all Land Kings now! He tells of the Land Conscience, which has brought under three indictments three of the four Senators and Representatives from the state of Oregon! A portrait of

THE REVIEW gives all the news.

U. S. Dist. Atty. F. J. Heney occupies a prominent place.

And, midway between "Standard Oil" in the East, and the West Coast Swindlers, stands the "Greatest Trust in the World," the Beef Trust, still dripping from the whitewash applied by the Chief Kalsominer, Commissioner Gardeld! Mr. Russell continues his study of this trust alleging that in one year it caused a loss to South Dakota of \$10,000,000, to Iowa of \$12,500,000, and brought failure of thirty-seven banks—this warranted harmless concern!

**Last Hope Vanished.**

When leading physicians said that W. M. Smithart, of Pekin, Ia., had incurable consumption, his last hope vanished; but Dr. King's New Discovery for Consumption, Coughs and Colds, kept him out of his grave. He says: "This great specific completely cured me, and saved my life. Since then, I have used it for over 10 years, and consider it a marvelous throat and lung cure." Strictly scientific cure for Coughs, Sore Throats or Colds; sure preventive of Pneumonia. Guaranteed, 50c and \$1.00 bottles at A. C. Marsters & Co's. drug store. Trial bottle free.

**Cheated Death.**

Kidney trouble often ends fatally, but by choosing the right medicine, E. H. Wolfe, of Bear Grove, Iowa, cheated death. He says: "Two years ago I had Kidney Trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, as I find they have no equal." A. C. Marsters & Co. Druggist, guarantees them at 50c.
