JULY 8, 1905.

Tom Lawson is in Kansas. If he would only remain there the Sunflower state would have almost a monopoly of the celebrities.

The sun does sometimes shine in Oregon, a fact that easterners who visit the exposition have no doubt taken note of already.

A Southern Oregon doctor expired suddenly a few days ago, after taking a dose of his own medicine—by mistake, of course.

The Panama Canal Commission has decided to buy supplies for construction work wherever they can be bought cheapest. That's business.

It is to be hoped that the trouble over the West Roseburg Incorporation will be settled amicably. Litigation means a long train of evil results, expense and the engendering of ill feeling.

The Daily Review is not a very big paper, but our readers know that it gives them the news in concise, readable form and therein has its advantages over the blanket sheets issued from city offices. They are too big for busy people.

Jaquelin Miller has written another poem—that is, he says it is a poem, and since Walt Whitman is dead there is probably no one else capable of passing judgment, but if any one else had written it even the Sunset Magazine would probably have turned it down.

The Williamson trial, now on in the federal court, will be watched with interest, since it will give the public a pretty clear idea of the character of the evidence that Mr. Heney has gathered in a large number of cases. Some men of high standing personally and financially have been indicted in Oregon, and there is a natural curiosity to know whether the cases against them are really serious.

Myrtle Creek News.

S. W. Bayless has been appointed City Marshal.

William and Henry Manchester left Saturday evening for Montana.

J. M. Macklin's little son had the misfortune to fall and dislocate his elbow while leading a horse to water.

At the special school meeting held Wednesday the voters voted a 5-mill tax, and established the ninth grade. The talk is that we will have three teachers next term. Contract was drawn up in favor of Thurman Chaney as principal, for the sum of \$70.00 per month, a \$10.00 raise from last year.

A Surprise Party.

A pleasant surprise party may be given to your stomach and liver, by taking a medicine which will relieve their pain and discomfort, viz: Dr. King's New Life Pills. They are a most wonderful remedy, affording sure relief and cure, for headache, dizziness and constipation; 25c at A. C. Marsters & Co.'s drug store.

Oakland News.

Will Davison has purchased the Zachary farm in Green Valley from James Mable.

A son was born to Mr. and Mrs. Harry Haman, Sunday night.

O. M. Chenoweth, a leading business man of Los Angeles, is visiting relatives and many old time friends in Oakland and other places in the county.

Mr. and Mrs. R. I. Helm and little daughter have removed to Saginaw, where they will remain indefinitely.

H. A. Wilkinson and A. C. Dick, of Colorado Springs, have been visiting their friends, Mr. and Mrs. C. B. Quinn, of Driver Valley. Mr. Wilkeson started to San Francisco Sunday, stopping over at Medford a few days. Mr. Dick will remain and purchase a small farm near Oakland.—Owl.

Patent Medicines.

A man that compounds or invents something that is just a little better than the next best thing, is certainly entitled to the best share of the profits to be derived from the sale of the article. So he patents or copyrights to protect his interests. Patented goods are good goods, poor goods are never

patented. We have 20 years of trial behind us to give us the assurance that we have the best medicine compounded for the cure of dyspepsia, sick-headache, biliousness, indigestion and all stomach disorders. We protect the public as well as ourselves by keeping the formula a secret, as long as we make it we know it is made right and it cures these diseases. Druggists tell us that it is the one medicine that the sale is ever on the increase. To get the best remedy for dyspepsia or indigestion ask the druggists for Dr. Gunn's Improved Liver Pills, price 25c. per box, only one for a dose. For sale by A. C. Marsters & Co.

Glendale News.

Chas. Seaman, formerly a merchant in our city, now located at Woodville, was married Sunday, June 25th, at Grants Pass, to Mrs. Stevens.

Born—On Gravo Creek, June 27th, to Mr. and Mrs. Wilkins, a son; to Mr. and Mrs. W. Homme, at the Eugene Sanitarium, July 2, a daughter.

The health of W. Neff has declined rapidly the last two weeks. He is able to be up, however, and yesterday went out to Chas. Aytch's place for a few days' stay. His many friends wish for him a speedy recovery.

White Jones, Jr., and family will depart tomorrow for Aden, Idaho, where they will settle down for the future. S. C. Jones, his brother, is also located in the same section.

Little Johnnie Phelps, of Leland, met with a very serious accident at that place the other day. He found a railroad torpedo and promptly by curiosity placed it on one of the rails of the railroad track and hit it with a stone. An explosion resulted tearing out one of his eyes completely and there is great danger of his also losing the other eye, which would blind and disfigure him for life.—News.

Indigestion Cured.

There is no case of Indigestion, Dyspepsia or Stomach Trouble that will not yield to the digestive and strengthening influence of Kodol Dyspepsia Cure. This remedy takes the strain off the stomach by digesting what you eat and allowing it to rest until it grows strong again. Kodol Dyspepsia Cure affords quick and permanent relief from indigestion and all stomach troubles builds up the system and so purifies that disease can not attack and gain a foothold as when in a weakened condition. The constantly increasing use of Kodol Dyspepsia Cure by physicians of hospital and general practice of itself tells how this most wonderful modern discovery has proven to be the greatest dispensant for the alleviation of a suffering humanity. Its many cures of both children and adults grow larger day by day. Sold by Fullerton and Richardson.

General News.

Twenty-six persons are known to have been killed and 50 injured by the tornado which swept over a portion of Montague county, Texas, Thursday.

Oregon's hop crop is threatened with destruction by pests. Hops are so plentiful among the hop yards that the situation has become alarming. Hop lice are much more plentiful than ever before. Red spiders are also raising havoc. Weather conditions have not been such as to either kill the lice or spiders. Unless crops are sprayed properly and promptly there is great danger of losing almost the entire crop.

That a 12-inch shell loaded with only a small charge of dynamite, the world's most effective explosive, will crumple in the side of the heaviest armor-clad vessel, though the shell fall short of its mark by 20 feet, has just been demonstrated at the beginning of a series of tests at the government proving grounds at Sandy Hook.

Ed. Stickney, one of the eight convicts who escaped from the United States penitentiary at McNeill's Island last Monday night, was captured near Tacoma, Wash., Thursday.

The Diamond Cure.

The latest news from Paris is that they have discovered a diamond cure for consumption. If you fear consumption or pneumonia, it will, however, be best for you to take that great remedy mentioned by W. T. McGee, of Vanier, Tenn. "I had a cough for fourteen years. Nothing helped me, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which gave instant relief, and affected a permanent cure." Unequalled quick cure, for Throat and Lung Troubles. At A. C. Marsters & Co.'s drug store; price 50c and \$1.00, guaranteed. Trial bottle free.

Buggies and spring wagons you can see by calling at S. K. Sykes.

LANE TIMBER LANDS.

Want Them Cruised for Purpose of Taxation.

Assessor Geo. Staley, of Douglas county, and C. E. Roberts, an expert timber cruiser, with headquarters at Roseburg, were before the Lane county court today, assisting Assessor Keeney in an attempt to induce that body to have all the timber lands of Lane county cruised in order to get at the value of the land and place a proper assessment on it.

Mr. Roberts has cruised the timber lands of Douglas county, greatly aiding Assessor Staley in his assessment of them. Such a system would be of special benefit to Lane county, it is argued, because there is more timber here than in any county in the state.

The matter is being considered today by the court.—Eugene Guard.

The pills that act as a tonic, and not as a drastic purge, are De Witt's Little Early Risers. They cure Headache, Constipation, Biliousness, etc. Early Risers are small, easy to take and easy to act—a safe pill. Mack Hamilton, hotel clerk at Valley City, N. D., says: "Two bottles of these Famous Little Pills cured me of chronic constipation." Good for either children or adults. W. H. Howell, Houston, Tex., "For years I have used Little Early Risers Pills in my family". No better pill can be used for constipation, sick headache, etc. than these famous pills. Scores of testimonials prove their worth. Sold by Fullerton and Richardson.

Popular and Picturesque.

The only thing necessary to make the Denver and Rio Grande the most popular, as it has ever been known the most pleasant and most picturesque way to cross the continent, has come about. This is the establishment of through sleeping car service.

In connection with the O. R. & N. a through Pullman Standard Sleeper is now run from Portland to Denver, leaving Portland at 8:15 p. m., arriving at Salt Lake at 8:45 a. m. the second morning, leaving Salt Lake at 3:50 p. m. and arriving at Denver 4:20 p. m. the following day. This schedule gives passengers seven hours stop-over in Salt Lake, affording an opportunity to visit the Mormon Capital as well as a day light ride through the grandest scenery in the world.

For reservations in this car and for illustrated booklets picturing the scenery contiguous to the Denver & Rio Grande, proving it to be the "Scenic Line of the World," write to W. C. McBride, General Agent, 124 Third street, Portland.

Tan People.

Thin, scrawny, fleshless people are usually nervous irritable, bilious and dyspeptic. Every change of weather affects them, if they happen to eat or drink anything containing disease germs, it develops at once, and they are the first subjects of any contagious disease coming in the neighborhood. Their life is a continual worry in their efforts to avoid exposure to damp and malarious atmosphere. People can gain from 1 to 3 lbs. of solid healthy flesh per week, by the use of Dr. Gunn's Blood & Nerve Tonic, it puts their system in condition to resist sickness. This Tonic is in tablet form, to be taken right after meals. Sold by all druggists for 75c. per box or 3 boxes for \$2. It turns the food you eat into strong rich blood, this prevents and cures disease. People tell us who have used the Tonic that it cures them, then keeps them from getting sick afterward. Sold by A. C. Marsters & Co.

When You Go to Portland—

Don't forget to call at 1524 North 6th street for a nice room. Look for the sign "Eldora" on the first building on the left side of the street as you leave the Union depot. d-sw-1f C. W. Hess, Prop.

A WONDERFUL METAL.

Bankrupt Tuscan Inventors Sell Its Secret For \$1,200,000.

The wonderful metal discovered by the Tuscan engineers, Travaglini and Fabiani, has excited the scientific world, says a dispatch from Rome to the Brooklyn Eagle. The discoverers have given the new metal the name of radium argentiferum, and the rights have been bought for the sum of \$1,200,000 by the Corbel Electric company of Belgium.

The metal is composed of copper, iron and infinitesimal portions of silver, radium and phosphorus. The chief secret lies in the phosphorus.

It is claimed by the inventors that radium argentiferum is stronger than steel, does not oxidize, is a better conductor than copper and can be manufactured in large quantities at one-tenth of the cost of bronze. Therefore they expect that it will be largely used in making cannon, munitions, etc., and that it will supersede copper in electric wires.

The preliminary stages of the discovery were completed by Travaglini, and a year and a half ago he joined Fabiani in working at his villa in Sueria.

They are now engaged on practical work, which is said to be a crucible that centripetal heat and reduces combustion and the consumption of fuel to a tenth of what was formerly required.

TO MAKE THE SEA WORK.

An Invention For Utilizing the Motion of the Waves.

Running water has long been utilized for generating motive power, but it has only recently been found practicable to utilize waves for the same purpose. It has been demonstrated that motive power, which would be useful for many purposes, can be generated by the motion of the waves, and that power so obtained is far superior to that from a running stream.

A Los Angeles man has devised a very durable and compact apparatus for obtaining power from waves, an illustration of which is shown here, the apparatus being mounted upon a pier or wharf. Connected to the main driving wheel, which is about thirty feet in diameter and is mounted on a stationary shaft or axle, is a hub with a metal extension having an inner periphery provided with teeth. A bar is secured to a weighted float in the water, this float preferably being a vessel filled with water, and connected with a quick acting ratchet clutch in the hub of the driving wheel.

The motion of the waves is transmitted to the float, which moves the bar up and down, rotating the flywheel. This flywheel, of course, could be connected to other pulleys and the power obtained used for any purpose desired. Choppy waves would tend to transmit power at a comparatively high rate of speed, thus making it unnecessary to employ any considerable amount of gearing. An adjustable means is also provided by which the apparatus can be easily and quickly adjusted to the different states of the body water upon which it is used and also act as a protection in case of storm.

John Henry Smith of Los Angeles, Cal., is the patentee.
