The Amen of marriage is always a baby. Without it, wedlock is a barren field that never blooms, a flower that never buds, a night without stars, a sermon without a benediction, a prayer without an Amen. There never was a husband worthy of the name, who did not aspire to be the father and the grandfather of healthy, capable children, to hand down his name and the fortune accumulated by the sweat of his brow, from generation to generation. There never was a wife fit to bear that noble title, who did not wish to wear womanhood's most glorious crown, the scepter of motherhood. Thousands of wedded couples, otherwise happy, full of life and vigor, are distressed because they are childless. In the majority of cases, this is because the wife, through ignorance or neglect, suffers from weakness and disease of the organs distinctly feminine. For women who suffer in this way there is one great medicine that does not fail to accomplish its purpose. It is Dr. Pierce's Favorite Prescription. It acts directly on the delicate organs concerned and makes them strong, healthy, vigorous and virile. It always inflammation, heals laceration, soothes pain and tones the shattered nerves. It is for wifehood and motherhood. It quickens and vitalizes the distinctly feminine organism. It banishes the malady of the expectant months and makes baby's introduction to the world easy and almost painless. It insures the little new-comer's health and nourishment in plenty. It is the best supportive tonic for nursing mothers.

Mrs. Jennie Parks of Merrill, Spokane Co., Wash., writes: "I wanted to tell of the good results of your great medicine, Dr. Pierce's Favorite Prescription. It gives me strength. I have no tired feeling and my baby is the picture of health. I feel better than I have in ten years."

In cases of constipation Dr. Pierce's Pleasant Pellets should be used as an adjunct to "Favorite Prescription." They are extremely simple, perfectly natural and insure prompt and permanent relief.

FARM FIELD AND GARDEN

PORTABLE PIGGERY.

The Best All Round Hog House Yet Put Together.

As the season approaches for the fall farrow every good swine herd provides suitable quarters for the sow and her litter. The lack of such quarters is the cause of much loss both at farrowing time and later. The results secured are duly commensurate with provisions for comfort and safety, writes R. M. W. of Ohio in Farm, Field and Fireside.

The house shown by the plans in the two cuts herewith is generally consid-

SECTION OF KNOCKDOWN HOUSE.

ered by swineherds as the best all round type of house yet put in service. This is known as the Bonham portable hog house. It serves not only as a farrowing pen, but as a shelter when pigs are placed in pasture and during the fall at feeding time when it is desirable to frequently move the feeding place. This house commends itself if for no other reason because it is a knockdown affair, easily put together or taken down and transported from place to place. There are but six parts to the house, any one of which may be readily handled by one person.

In the first cut the sectional construction of the house is shown. A convenient size is found to be 5 by 6 feet for the floor. This is covered by a roof 6 by 6 feet, the sides being 4 feet rear and 6 feet front. The rear is 4 feet high by 6 feet long. The front piece, with window and door, is 6 by 6 feet. The crosspieces to which boards are nailed may be of 1 or 1½ by 2 or 3 inch material and the boards for siding of matched stuff seven-eighths of an inch thick. The tops of sides are notched, as shown, to receive crosspieces of roof. All of the pieces may be hooked together by common gate hooks and staples.

The sections are shown in the second cut as a complete house. The window or opening (A) is closed by a door on hinges. In cold weather all or a part of the door should be a frame set with

glass to admit light and warmth. An opening (B) is left with a door to close it for the entrance and exit of tenants. The main object of the upper door is to provide a suitable place for feeding. To clean the floor the front section is removed. Where a board floor is provided it should be substantial enough to bear the weight of a number of hogs without resting directly on the ground.

The Ready Reckoners at Work.

This is the time of year when our financial writers and city editors figure out how great is the amount of wealth produced by the farmers during the year and also congratulate them upon the possession of so vast a sum of money. Such figuring is largely bodied, and its annual repetition is wearisome. It would be just as sensible to assume that the annual output of manufactured steel represented the annual earnings of steel manufacturers. Nobody is silly enough to do that, but the idea clings to many city people that farm products are a free gift of nature to the farmer. Many a time in individual instances they represent only the conversion of one form of property into another form without a dollar of net profit. The bushel of wheat that is marketed represents investment in seed, fertilizer, employees' labor, machinery, taxes, etc., and the fattened steer represents corn that already has been credited up as so much clean cash to the farmer the previous year by these ready reckoners.—National Stockman.

Nostalgic Bees.

A race of bees has been brought to this country, as an experiment by the United States government, that has been found the gentlest in the world. The one great drawback to bee keeping for most people has been the fear of stings, but recent experiments at Washington have proved the Caucasian bees to be the most remarkable bees in existence for their gentleness. We do not mean by this that the bees are stingless, for they possess this organ so necessary to their welfare, but so seldom do they resort to its use that they are for all practical purposes non-stinging.—Country Life in America.

Tree Planting.

Tree planting on the prairies and plains of the southwest for shade, for windbreak and for landscape purposes is just beginning. It may be that in the course of twenty-five years these plantings will have a high value for timber, as has already been the case in many unexpected instances in Kansas, Nebraska, Minnesota and the Dakotas.

"CUT IT OUT"

says the doctor to many of his lady patients, because he doesn't know of any medicinal treatment that will positively cure womb or ovarian troubles, except the surgeon's knife. That such a medicine exists, however, has been proved by the wonderful cures performed on diseased women, in thousands of cases, by

GAVE UP SUPPORTER.

"I was a supporter for four years, to keep up my wits, which had crowded everything down before it," writes Mrs. S. J. Christian, of Marietta, N. Y. "My doctor told me to give up. I suffered much misery, and could hardly walk. After taking two bottles of Cardui I have only to say: 'I am feeling like a new woman. I have no bad feelings as formerly, and can be on my feet just a day at a time. I strongly recommend Cardui to every suffering woman.'"

Herb W. Edwards Injured.

Herb W. Edwards, of Des Moines, Iowa, got a fall on an icy walk last winter, spraining his wrist and bruising his knees. Why It Succeeds.

Because It's For One Thing Only and Roseburg is Learning This.

Nothing can be good for everything. Doing one thing well brings success. Doan's Kidney Pills do one thing only.

They're for sick kidneys.

They cure a bad case, even a kidney ill. Here is evidence to prove it.

Mrs. F. Long, wife of F. Long, saddler and harness maker of Cass street, near depot, Roseburg, Ore., says: "For a long time I was seldom without backache, and an exertion or the slightest cold contracted brought on an aggravated attack. I took medicine trying to check it, but until advised to try Doan's Kidney Pills, procured at A. C. Marsters & Co.'s drug store, I met with no success. Doan's Kidney Pills gave me such prompt relief that I have no hesitation in recommending them to others. My son also used a box and I heard him express himself in high words of praise for them."

For sale by all dealers, price 50 cts. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no other.

The Ladies of the Christian Church will hold a window sale at the Rochdale store, Wednesday, Nov. 29. On sale will be plum pudding, mince pie, fruit cake, and all sorts of Thanksgiving goodies. They will also hold a bazaar, on Dec. 8 and 9, but have not yet decided on the place.
