Grubbe and his two sons Robt. and Gus Grubbe, and the latter's wife and Henry Munson, of Scottsburg, were here today, the elder Mr. Grubbe and Mrs. Grubbe making final proof on their timber claims before the U. S. land office. Everything is reported quiet down the river and crops looking well.

Thousand Dollar's Worth of Good.

"I have been afflicted with kidney and bladder trouble for years, passing gravel and stones with excruciating pain," says A. H. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure, then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $1000 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease.

PROHIBITION DEFEATED

BATON ROUGE, La., June 25.—By a vote of 20 to 14, the Senate defeated the State Referendum Prohibition bill. This probably will end the fight for prohibition in Louisiana at this session of the Legislature. A similar measure was recently defeated in the House.

Thirty days from today the Locke anti-racing act will go into effect in Louisiana. Governor Sanders today attached his signature to the bill. Several tracks are now running in this state and the effect of the law is awaited with much interest.

A bill to prevent the drinking of intoxicating liquors on passenger trains in Louisiana was passed by the House last night, 61 to 14. The bill had previously passed the Senate.

BUMPER APPLE CROP.

Decrease in Other Oregon Fruits This Year.

PORTLAND, Or., June 25.—Secretary Wilson, of the state horticultural commission, says Oregon will have a bumper apple crop this year. Apples were about the only fruit not seriously affected by the cold weather which prevailed in the fruit raising districts of the state, this spring. This fruit is hardier than others and thrives under conditions that kill the growth of nearly every other kind.

The pear crop is only two-thirds of what it normally is. Cherries are scarce the crop reports showing a falling off of nearly 25 per cent from the ordinary yield. Peaches were not affected so much by the cold, as the peach sections of the state are in the more sheltered valleys. Strawberries are higher priced this year because of the deficiency in the crop and other berries will show a corresponding shortage this summer. The price of most fruits has not gone up notwithstanding the smaller crops as sale conditions are not nearly so favorable as they were last year.

The state is obliged to depend for its statistics largely on the business reports of county inspectors which are a meager source of information at best. In California and other states the county assessors keep a record of the number of trees bearing fruit every year and in this manner an early and accurate estimate of the fruit crop is possible every year in those states. The officials of the State Horticultural board have been endeavoring for some time to secure legislation providing for similar action on the part of Oregon assessors.

COOS COAL MINES SOLD.

MARSHFIELD, Or., June 25.—According to unofficial advices received here, Ware & Leland, a big commission firm of Chicago, have practically concluded a deal for the purchase of the property of the Oregon Coal & Navigation company. The property includes large tracts of land in Coos county, the Libby coal mine and the steamer M. F. Plant, which plies between this place and San Francisco. It is said that the consideration was approximately $500,000 and that the new owners will greatly develop the coal interests.
