OREGON NEWS.

After July 1, all that portion of the Cascade forest lying between the McKenzie river and the McKenzie Oregon road and the Santiam river and the road leading across the mountains known as the Santiam route will be added to the present forest boundaries and constitute one national forest over which C. R. Smith will be supervisor, and it will be known as the Cascade forest. From the Santiam north to the Columbia, the national forest reserve will be known as the Oregon forest. From the Willamette river south to the Umpqua will constitute another forest which will be known as the Umpqua forest. A part of the territory formerly known as the Umpqua and the Tillamook forest will be joined and it will be known as the Siuslaw forest. No appointments will have to be made for these forests as supervisors have already been named for them.

FEARS LAND GRAB

Turkey Mobilizing Troops on Russian Frontier

BOOTH TRIAL DRAGS ALONG

Bryan Will Have 753 Votes on First Ballot for President—Some Platform Planks

Special to the Evening Review. CONSTANTINOPLE, June 29.—Turkey is mobilizing troops on the Russian frontier to resist a land grab threatened by Russia on Persia. A battle is expected.

Terrorist Outbreak Feared. LISBON, June 29.—Fearing an outbreak of terrorists, government soldiers are arresting leaders of the Republican party and the guards about the palace have been increased.

The Booth Trial. PORTLAND, Or., June 29.—Oswald West, of the state land board, and George W. Brown, his predecessor, will be the next witnesses to testify in the Booth case. They are expected to tell about lands in which Kribs is interested and to identify a batch of documentary evidence. They will be followed by Kribs, who will doubtless swear that the \$800 which he paid Booth was for advance information. J. T. Bridges and W. W. Thackrah, the latter a clerk in the Roseburg land office, have been dismissed as witnesses. The case is dragging along slowly.

Bryan on First Ballot. DENVER, Colo., June 29.—Official announcement was made today that Bryan would have 753 votes on the first ballot for presidential nomination.

Theodore Bell, of California, will be temporary chairman of the convention.

Outline of Platform. The leading features of the national platform will be anti-trust and anti-injunction declarations, tariff revision, election of United States senators by direct vote of the people, a graduated income tax, enlargement of the powers of the interstate commerce commission, advocating of postal savings banks, state's rights and anti-imperialism to the extent of having the national government declare for the independence of the Philippines as soon as a stable government can be established.

It is understood that the demands of the labor leaders will be met in nearly every particular, although the language of the platform will not be

so specific as the Gompers planks which were submitted to and turned down by the Republican convention at Chicago. The provisions, as tentatively agreed upon, which affects labor, are under to be as follows:

"We favor an employers' liability law, applicable alike to both private and public employers.

"We favor an 8-hour work day.

"We favor such a modification of the law relating to injunctions as will, first, prevent the issuing of the writ in industrial disputes except after notice to defendants and full hearing; second, permit trial before a judge other than the one who issued the writ, and, third, allow a jury to be summoned in all cases where the alleged contempt was committed outside the jurisdiction of the court.

"We believe in the conciliation of capital and labor and favor every legitimate means for arbitration of all disputes between them."

The tariff revision declaration will be strong and to the point. It will advocate placing on the "free list" all articles built in or manufactured by trusts and rational reductions in the tariff on all articles commonly characterized as "necessaries of life."

The state rights plank will advocate the extension of federal control along lines which will add to and not be substituted for state remedies.

Thinks it Saved His Life. Lester M. Nelson, of Naples, Me., says in a recent letter: "I have used Dr. King's New Discovery many years for coughs and colds, and I think it saved my life. I have found it a reliable remedy for throat and lung complaints and would no more be without a bottle than I would be without food." For nearly forty years New Discovery has stood at the head of throat and lung remedies. As a preventative of pneumonia, and healer of weak lungs it has no equal. Sold under guarantee at A. C. Marsters' drug store. 50c and \$1.00.

"Dr. Thomas' Electric Oil is the best remedy for that often fatal disease—croup. Has been used with success in our family for eight years."—Mrs. L. Whiteacre, Buffalo, N. Y.

The day was chiefly spent in sports and games, a feature of which were "wild Indians and stage coach." The ease and grace displayed in alighting from the coach elicited the admiration of all onlookers. A sumptuous lunch was served by Misses Eva Woodward, Ethel Lucas and Rula Calkins, besides whom there were present Misses Laura Berks, Gertha Hoffman, Nellie Cloake, Laura Davis, Bernice, Donna and Erma Van Buskirk, and Messrs Archie Ferguson, C. B. Calkins, Frank Davis and Frank Calkins. "Let them play on, the laugh and some will scarcely last one day too long; Then, why should we, with cynic frown, Tear their airy castles down."—OUWAH.

TEACHERS IN CLEVELAND.

National Spelling Bee, One of Conventional Features.

CLEVELAND, O., June 29.—Bookish, learned college professors from the university centers, well-dressed worldly pedagogues from the great cities, awkward youths from the district schools and last, but not least, thousands of gaily-dressed, smiling school ma'ams from all over the broad land—these are the component parts of the vast crowd that has captured Cleveland today. This afternoon Mayor Tom Johnson turned the keys of the city over to the invaders, thus formally inaugurating the semi-centennial convention of the National Education Association, founded in Cincinnati in 1858.

It is estimated that between 20,000 and 30,000 teachers are in the city today and every train is adding to the number.

Among the features of convention week will be a national spelling bee, in which grammar school students of several cities will compete for national honors.

The attendance may swell to 60,000 or more. The record attendance in the history of the N. E. A. was at the Boston convention in 1903 when 35,000 teachers were registered. Cleveland entertained the association 38 years ago. The city then had a population of 92,000 and its guests, members of the association, were 170. The organization then was eight years old.

POPULAR COUPLE WEDS.

Mr. Frank Kirk, son of Mr. and Mrs. C. W. Kirk, of Drasin, and car clerk in the Southern Pacific train dispatcher's offices in this city, and Miss Nellie Case, stenographer in the local offices of secretary Superintendent S. C. Bartrum, were quietly wedded at the home of Mr. and Mrs. A. E. Kent, in this city, Sunday night, June 28, 1908. Rev. C. A. Rexroad, of the Methodist church, officiated. The young couple left on this morning's southbound flyer on an extended honeymoon trip, which will ultimately terminate at Alturas, Calif., where they will reside.

Announcement of the wedding of this young couple came to their many friends as a complete surprise, albeit a pleasant one. Invitations to the happy event were limited to immediate relatives of the groom and a few close friends of both himself and his bride. The Kent home was adorned with bouquets of beautiful roses, and after the ceremony supper was served.

Mr. and Mrs. Kirk will be greatly missed among the younger set, where they were both very popular. Mr. Kirk's departure will be felt also in the local band and orchestra organizations, where his services as a clarinet player were of high order. In journeying to Alturas, Mr. and Mrs. Kirk will go by way of Sacramento, Calif., and Reno, Nev.

Two weeks from today the matter of street paving in Roseburg will be formally decided, as the 20 days in which to file remonstrances will have expired on July 12th. It is already known, however, that the remonstrances will be very few, if any, as most of the heavy property owners are actively in favor of the paving. Since about 88 per cent of the voters went on record in favor of this splendid and greatly needed improvement in our city, there has never really been any doubt that the work would be done as soon as the necessary legal preliminaries could be attended to. Besides the great convenience of having paved streets it will also prove a splendid business investment for our city. Since the taxpayers of the city have voted a bond issue to pay one-half the cost of the paving, and to build the Deer Creek bridge, the owners of property fronting on the streets to be paved will certainly not object to paying the other half of the expense of an improvement from which they will receive the greatest benefit. While Roseburg has been growing nicely during the past few years, its growth will be far more rapid from the time the street paving is begun.

Chas. L. Hadley leaves tomorrow for Portland to join a party of Oregon Elks en route to attend the annual session of the grand lodge of that order at Dallas, Texas. Among the party will be Gov. Chamberlain, Dr. Smith, of Salem, and Moody, of The Dalles.

Mrs. Mary F. Sibbitt, who is on her way to Gladstone Chautauqua, will stop at Roseburg and speak in the M. E. church next Sunday evening, July 5th. This will be a rare treat for the Roseburg people and none should fail to hear her. Mrs. Sibbitt is highly recommended by Chautauqua managers and members.

TWELVE NEW LAWS.

Chamberlain's Proclamation Duly Issued June 23.

Twelve law and constitutional amendments enacted by the people at the election June 1 have been in effect since Tuesday, June 23, when Governor Chamberlain issued a proclamation declaring them to be a part of the law of the state.

Taking them in the order that they were promulgated by the secretary of state, it will be seen that the time for holding the general elections will now be the first Tuesday after the first Monday in November, instead of the first Monday in June. Consequently the next general election will be held in November of 1910. By reason of this change primary elections for the nomination of state and county officers will in the future be held in September, the primary law fixing the time for holding the primaries at the 45th day before any general election.

The governor's proclamation thus makes both fish bills effective, so that Columbia River fishing is strictly regulated on both the upper and lower rivers.

Under the provisions of the prisoners' feeding bill drafted and enacted by the legislature primarily for the benefit of Sheriff Stevens of Multnomah county, all sheriffs in Oregon are now the sole custodians and guardians of the prisoners in their jails. In Multnomah county also the sheriff is allowed 1 1/2 cents a meal for the food furnished to the prisoners.

By virtue of the same vote of the people the University of Oregon is safe in its appropriation of \$125,000 for 1907 and of the same amount for each year thereafter.

It is now possible for all public officials who are not doing their duty under the law and custom to be recalled by the voters who are disgruntled over their failure to fulfill the oaths taken. Public interest is on edge waiting to see which part of the state the recall will strike first.

The statute instructing the members of the legislature to vote for that United States senatorial candidate who receives the highest number of votes at the general election is also a law. It will not be binding upon the members of the legislature elected in June last.

The proportional representation amendment is now in effect, and yet is not effective. The amendment provides for proportional representation, but leaves the legislature to wrestle with the manner of securing such representation. It is contemplated by the amendment that the legislature by statute should provide a way of securing such representation. It will be up to the next legislature therefore to enact a law putting into effect the constitutional amendment.

The corrupt practice act is now a law and from this time on it is illegal to offer cigars to prospective voters and political supporters. In fact, under the act it is illegal to do anything except silently cast a ballot in the box, or at least nearly as close drawn a condition as that. Hereafter campaigns are to be conducted through the Secretary of State and State Printer, so far as advertising is concerned. The state printer is to make pamphlets setting forth the claims of the various candidates as to why they should be elected. The cost of the pamphlets is to be borne by the candidates, who are to pay from \$50 to \$100 a page for their space. The Secretary of State will mail the pamphlets to the registered voters a few days before the primaries and another set shortly before the general election.

Grand juries have come back to the people of the state and the district attorney of any district is not empowered to sit as a grand jury from this time on. All indictments are now to be returned by juries and the filing of information on the complaint of the district attorney is a thing of the past.

Hood River county is now in good working order and is running under the administration of a set of officials appointed by the governor not long ago.

E. L. Cannon, secretary of the local fruit growers' association, reports the receipt of a carload of fruit boxes for the use of the members. Some shipments of cherries are now being made, but owing to heavy cherry crop in California the market is quieter than last season. If carload shipments to the coast could be made, good returns would be assured, but the quantities needed for such shipments are not yet available here.

Charged with stealing a Belgian hare from J. Falbe, a local restaurateur, Ludwig Suark, a local roustabout, was arraigned before Justice Long in this city Saturday and committed to the county jail for 12 1/2 days in default of a fine of \$25. Previously, Suark plead guilty to a charge of drunkenness in the recorder's court, but sentence was deferred to permit his arraignment on the more serious charge of larceny.

Baer, of Billings, Mont., the largest individual clip in the world, amounting to more than 1,000,000 pounds, and which will fill 50 cars, was sold Saturday to Silberman Bros., of Chicago, for approximately \$155,000, or 15 1/2 cents a pound.

The taxable property belonging to Mr. and Mrs. William J. Bryan, real and personal, has been listed with the assessor at Lincoln, Neb., at a total valuation of \$84,500. The returns show that Mrs. Bryan owns 60 acres of real estate, and Colonel Bryan an 87 acres, a total of 137 acres. This is valued at \$29,125. The residence is returned at \$21,000, and the personal property not mentioned above at \$12,500.

Joseph Butler, a millionaire of Silverton, Colo., died Saturday as the result of frantic cheering in the Roosevelt demonstration at the recent republican national convention in Chicago. After leaving the convention hall, Butler lost consciousness from exhaustion and never regained his senses.

At Walla Walla, Saturday, "Bud" Barnes was found guilty by a jury of the murder of Mrs. Anna Aldrich. This was his second trial. Barnes killed the woman in order to get possession of her stock ranch.

4TH OF JULY PROGRAM.

The program for the 4th of July celebration at Roseburg fair grounds practically completed. It will be preceded by a parade in the city proper, starting at 9 a. m., sharp, and made up of the Roseburg Band, the militia, liberty car, fraternal floats, citizens, plug uglies, etc. Immediately after the parade, the scene of festivities will be shifted to the fair grounds, where the remainder of the morning will be occupied with patriotic exercises. In the afternoon, at the race track, there will be a number of entertaining speed events, interspersed with selections by the band. The day will be ushered in at sunrise by the customary national salute. The following is the program, after the parade, in detail:

- 1. Selection by the band. 2. Song by the choir. 3. Invocation. 4. Music by the band. 5. Reading the Declaration of Independence, Rev. C. A. Rexroad. 6. Song by the choir. 7. Oration by Hon. H. F. IMPROVE COOS BAY ROAD.

James Laird, of Sitkum, Coos county, the veteran stage-line man, has a very largely signed petition to the county court of this county, asking for an appropriation of \$1,000 for the improvement of the wagon road from the 18-mile house to the worst portion of the old Coos Bay wagon road, reaching, as it does, over the "backbone" of the Coast Range mountains. It is imperative that this road should be substantially improved or the mail service between Roseburg and Marshfield will be entirely cut off during next winter. The Marshfield Chamber of Commerce during last winter used every effort toward expediting the mail service between these points and a large portion of the heavier mail had to be diverted to other routes—the Drain and Coos Bay route or by steamer from San Francisco. To avert the probability of losing this traffic altogether, it is imperative that the road between Roseburg and Marshfield be put into such condition that the mails can be carried through in a reasonable time at all seasons of the year. Mr. Laird's petition has been almost universally signed by Roseburg's citizens and will doubtless be favorably considered by the county court.
