1000 Quachita Presbytery, with the Rev. F. E. Maddox, pastor of the First Presbyterian church of Texas, as its moderator. Dr. Maddox is charged to have cast doubts upon the inspiration of the Bible and his views of salvation are declared to be heretical. Presbyterians throughout the country will watch the trial with interest, as it will cover practically the same points as have already been decided by the northern church, but which have not yet been brought to a final issue in the southern branch of the denomination.

Dr. Maddox holds that salvation is an evolution from within and not an importation from without, that it is a development of a divinely implanted gift and not a new gift divinely implanted. He holds that men are saved from sin by grace as the child is saved from ignorance by education. As to the Scriptures, he holds that they are inspired, but that they are not inerrant. The authors of them were neither reiniscent nor infallible, and there is no proof that they were made so by inspiration. The thought of the Bible came from God, but men expressed it as they understood it and in language most intelligible to them and their contemporaries. Scientific and historical errors and defective conception of morality are due to the defective knowledge of the writers and may be accounted by the date when the book was written and the elementary training of the author.

The trial of David Swing, of Chicago, for heresy thirty years ago, was based on almost identically the same points which appear in the indictment against Dr. Maddox. In those days Bushnell, Beecher and Swing were pioneers in a transition that had just begun, but which has since swept almost all over the world. It is urged here by Dr. Maddox's defenders that if he is to be prosecuted for some of the same things for which Swing and Beecher were years ago by the Northern Presbyterian Church, which has since revised its creed, it would seem that the Southern Church has not made any progress in the last thirty years, and that the difficulty is not with Dr. Maddox, but with the Westminster confession of faith.

My little boy, four years old, had a severe attack of dysentery. We had two physicians; both of them gave him up. S.S.S. HEALS SORES AND ULCERS

Sores and Ulcers are indications of impure blood. They show that the circulation has become infected with germs and poisons, which are being constantly discharged into the open place to irritate the delicate nerves, tissues and surrounding flesh and keep the sore in a state of inflammation and disease. Whether these impurities in the blood are the result of some debilitating sickness, an old taint from a former disease, or whether it is hereditary bad blood, there is but one way to cure sores and ulcers, and that is to purify the blood. Washes, salves, lotions, etc., are often beneficial because of their cleansing, antiseptic effects, but nothing applied to the surface can reach the blood, where the real cause is, and therefore cannot cure. S. S. S. is the remedy for sores and ulcers of every kind. It gets down to the very bottom of the trouble and removes every trace of impurity or poison, and makes a lasting cure. S. S. S. changes the quality of the circulation, so that instead of feeding the diseased parts with impurities, it nourishes and heals the irritated, inflamed flesh and causes the ulcer to fill in with healthy tissue by supplying it with pure, rich blood. Book on Sores and Ulcers and any medical advice desired sent free to all who write.
