JULY 15, 1908.

SENATOR PLATT IS 75.

NEW YORK, July 15.—Thomas Collier Platt, United States senator from New York, is today 75 years of age. Little attention was paid to the aged senator by the present-day leaders of the party to which Platt was one of the national leaders. Although stripped of much of his political power and harassed by domestic entanglements, the senator is far from being the broken old man that he is sometimes described to be. While the weight of years rests somewhat heavily on his physical frame, his mind is still clear and active.

SILVER CAUSES LOCKJAW.

HILLSBORO, Or., July 14.—Frank Sushauer, the 11-year-old son of Henry Sushauer, of near Cornelius, died Sunday from tetanus, as a result of a silver, which he had in one of his toes two weeks ago.

NEW B. P. O. E. OFFICERS.

DALLAS, Tex., July 14.—A monster barbecue was one of the features of the Elks' celebration in this city today. Detroit and Los Angeles are working hard to secure the next convolve.

At today's session of the grand lodge Rush L. Holland, of Colorado Springs, was elected grand exalted ruler without opposition; John D. Shea, of Hartford, Conn., was chosen grand esteemed leading knight; Fred E. Robinson, Dubuque, Iowa, was re-elected grand secretary, and Edward Lach, New York, was re-elected grand treasurer.

Sore Nipples.

Any mother who has had experience with this distressing ailment will be pleased to know that a cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the babe to nurse. Many trained nurses use this salve with best results. For sale by Hamilton Drug Co.

PARKER TO STUMP FOR BRYAN.

HELENA, Mont., July 14.—In an interview last night Judge Alton H. Parker stated that he intended to offer his services to the Democratic national committee as a campaign speaker and would devote all the time he could to making all the speeches he could. He said he would speak outside of New York.

Notice to Our Customers.

We are pleased to announce that Foley's Honey and Tar for coughs, croup and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. Red Cross Pharmacy.

Nursing Mothers and Over-burdened Women

In all stations of life, whose vigor and vitality may have been undermined and broken-down by over-work, exacting social duties, the too frequent bearing of children, or other causes, will find in Dr. Pierce's Favorite Prescription the most potent, invigorating restorative strength-giver ever devised for their special benefit. Nursing mothers will find it especially valuable in sustaining their strength and promoting an abundant nourishment for the child. Expectant mothers too will find it a priceless aid in preparing the system for baby's coming and removing the ordeal comparatively painless. It can be taken in any stage, or condition of the female system.

Delicate, nervous, weak women, who suffer from frequent headaches, back-ache, dragging-down distress low down in the abdomen, or from painful or irregular monthly periods, gnawing or distressed sensation in stomach, dizzy or faint spells, see imaginary specks or spots floating before eyes, have disagreeable pelvic catarrhal drain, profluous, anteversion or retroversion or other displacements of womanly organs from weakness of parts will, whether they experience many or only a few of the above symptoms, find relief and a permanent cure by using faithfully and fairly persistently Dr. Pierce's Favorite Prescription.

This world-famous specific for woman's weaknesses and peculiar ailments is a pure glyceric extract of the choicest native medicinal roots without a drop of alcohol in its make-up. All its ingredients printed in plain English on its bottle wrapper and attested under oath. Dr. Pierce thus invites the fullest investigation of his formula knowing that it will be found to contain only the best agents known to the most advanced medical science of all the different schools of practice for the cure of woman's peculiar weaknesses and ailments.

CAUSE OF BAD ROADS.

Businesslike Methods Not Used In Highway Construction.

THE RIGHT SYSTEM LACKS.

Road Bosses Should Be Removed From Politics and Made to Pass an Examination Showing Their Efficiency. Change Needed In Road Laws.

A back number—the bad country road is a back number. It is as much out of place and date as the grain cradle or flail thrasher. They had had roads away back in grandfather's time—ever since people began to travel, to haul stuff in modern narrow tired wagons. They had good roads away back in Caesar's time in the old world. What progress have we made in road building? Very little. Over three-fourths of all the miles of country roads in the midwest are still unimproved, says the Agricultural South-west. In most states 90 per cent would be more nearly correct. Of course every bit of road gets its annual tearing up by the road officials, who draw a salary for calling it road "improvement."

Why is it thus? There's a reason why country roads are bad. Can't lay it to the weather or the road material either. As one farmer says, "I have seen in twenty-three years hundreds of thousands of dollars of taxpayers' money expended on the roads in town and country; but, after all, our roads are still as bad as ever." As bad as ever! What a comment to make upon the appearance of country homes had it been said that the farms had not been improved in twenty-three years! But, no; the farms have improved, the towns have grown, and business places are better than they were twenty-three years ago, but the country roads are "as bad as ever" after spending fortunes upon them.

The reason is this—road building is not done in the same businesslike manner as other things are managed. We have seen the skilled buttermaker turning out carloads of butter finer than that made by the farmers before the creameries took the job off their hands. Science and business methods have made the change in buttermaking. But the roads are "as bad as ever" because it is a farmer's job, to be done when it suits his convenience. It is done by men who have never studied the science of road building. It is done in a bit and miss method devoid of business principles. This is why hundreds of thousands of the taxpayers' money have failed to make the roads any better. And again we say it is not because of bad weather or poor road building material. The buttermaker takes bad cream and makes pretty good butter from it because he knows how. Of course he could do better with good cream. Likewise the skilled road builder can make good roads out of just plain country dirt because he knows how. Of course he could do better with crushed rock and all of that. It is not a scarcity of money or of material, but a lack of the right system, that is responsible for bad roads.

Dollar for dollar—what we want to see is a dollar's worth of good roads for a dollar spent in road tax. And why not have it? Isn't it about time to quit pouring money into a mud hole? Most roads could have been nicely paved with the dollars they have cost since first laid out. Where was that money gone? Don't cry "graft." Of course there has been too much graft—ah, politics; there's the rub—but there has been no political graft to speak of in connection with country roads. The trouble is the system is and has been wrong. Road building is for the public good, just as mail carrying is. The mail carriers are under civil service, out of politics entirely. They are paid for knowing their business. They must give a dollar's worth of service for a dollar in pay. Why not handle the road problem that way? Remove the road boss from politics and make him pass an examination showing his efficiency. Keep him just as long as he does his work well. Then you will see good dirt roads wherever there is nothing better. Enough money will soon be saved in road tax to mend almost every mile of the main traveled country roads.

A farmer would be foolish to go ahead with a large job of tiling with out having the whole thing mapped out and levels established by some one capable of doing it. Then he would be equally foolish should he not study the capacity of tile needed to drain the area intended. It is good business sense for him to hire a competent surveyor or ditcher. Just one tile put in wrong will ruin the whole plan of drainage. But that same farmer will pay money every year in road tax and let men who know nothing about road building squander the money. It is time this foolishness was stopped.

It will be stopped when the farmers who pay the money and who use the roads get together and demand a change of system, demand that it be eliminated from politics, demand that the road laws be changed from antiquated forms to suit the needs of a progressive man of business sense.

Good Road Suggestions.
 D. Ward King, the original road drug man, says (these are the best) for a good road—it **has to be** hard and smooth, because all three of these conditions are necessary to secure drainage. Without drainage the best road soon gets to **bleak**.

AUTO LIVERY SERVICE.

Stautfer and Taylor Now Ready for Your Patronage.

Grant Taylor and Fritz Stautfer have opened a partnership automobile livery in Roseburg, with headquarters in the old Plainsdealer building, back of the Douglas County Bank, and for a reasonable charge they will take you to any point in Douglas county that can be reached by a safe road. Leave orders at their headquarters or at Denning & Kent's cigar store, or phone if more convenient, and the auto will call for you at any residence or hotel. No trips will be made to Coos county.

In connection with their livery, Messrs. Taylor and Stautfer will act as agents for three makes of auto-

mobiles: The Buick, the Pope-Hartford and The Franklin.

LAWN PARTY.

The Catholic ladies will give a lawn party Wednesday evening at the residence of Harry McClallen in North Roseburg. Ice cream and other things will be served. Music and singing will add to the gaiety of the evening. An admission fee of five cents will be charged. The public is cordially invited. d15

Doctors Could Not Help Her.

"I had kidney trouble for years," writes Mrs. Raymond Conner, of Shelton, Wash., "and the doctors could not help me. I tried Foley's Kidney Cure, and the very first dose gave me relief and I am now cured. I cannot say too much for Foley's Kidney Cure." It makes the diseased kidneys sound so they will eliminate the poisons from the blood. Unless they do this, good health is impossible. Red Cross Pharmacy.
