WAR ON PATENT MEDICINES.

WASHINGTON, July 17.—Medical experts of the department of agriculture today began preparations for making a widespread warfare on patent medicines and proprietary articles. A test case, resulting from the seizure of a large stock of medical and toilet preparations from a Washington department store, will decide the success or failure of the movement. The goods seized were mainly the products of a well known manufacturer of "beautifying" preparations. This concern has engaged attorneys to fight the case, and will have the assistance of many other similar companies.

It is alleged by the government experts that the articles are misbranded in violation of the pure food and are liable to condemnation and confiscation, for the reason that the packages and labels bear certain statements regarding the drugs which are false and misleading—that is to say, that certain "fertilizer" or "tablets" are a "specific for curing flatulency and all gastric troubles" and are "a cure for obesity." "And said last-mentioned statements," continues the label, "are false and misleading in this, that the said last-mentioned drug is not a specific for curing flatulency and gastric troubles and is not a cure for obesity." "The Illust of Youth" preparation is declared misbranded, in that it does not restore the complexion to child-like purity, and the "Excelsior Skin Food" is declared not to be a food for the skin, and both are therefore misbranded in violation of the pure food act. The mixtures seized are known as the "Madame Yale" preparations. The Department of Agriculture intends to make a test case of the seizure. It is the first of its kind under the law.

The Remedy That Does.
"Dr. King's New Discovery is the remedy that does the healing others promise but fail to perform," says Mrs. E. R. Pierson, of Auburn Centre, Pa. "It is curing me of throat and lung trouble of long standing that other treatments relieved only temporarily. New Discovery is doing me so much good that I feel confident its continued use for a reasonable length of time will restore me to perfect health." This renowned cough and cold remedy and throat and lung healer is sold at A. C. Marsters & Co.'s drug store. 50c and \$1.00. Trial bottle free.

HAWAII NO BEGGAR.

A Maine paper makes the following comment on things Hawaiian: The governor of Hawaii says Uncle Sam made a good trade in getting the islands and ought to be willing to furnish some of the money for running them, of course. That in the result of having dependences. This rumor would be humiliating to Hawaiians were it but true. However Uncle Sam has no reason to regret his bargain on any score, let alone a financial one. Here are a few facts:
The U. S. customs receipts in the territory amount to between \$1,000,000 and \$1,500,000 per year, being among the first American fifteen custom houses in point of receipts.
The U. S. internal revenue office in Honolulu collects about \$45,000 a year.
The U. S. postoffice department serves about 200,000 people.
An important trade from the United States amount to about \$15,000,000 per year.
Hawaii does not get back in federal official salaries and other expenditures one-half of what she pays into the national treasury, and any statement that would put the territory in the light of a beggar for federal alms is either due to ignorance or worse.—Ex.

It Can't Be Beat.
The best of all teachers is experience. C. M. Harden, of Silver City, North Carolina, says: "I find Electric Bitters does all that's claimed for it. For Stomach, Liver and Kidney troubles it can't be beat. I have tried it and find it a most excellent medicine." Mr. Harden is right; it's the best of all medicines also for weakness, lame back, and all run down conditions. Best too for chills and malaria. Sold under guarantee at A. C. Marsters & Co.'s drug store. 50c.
