SUSPECTED OF MURDER.

Corporal Barker Being Hunted by Spoking Authorities.

Special to the Evening Review. SPOKANE, Wash., July 27.—Neither the military or civil authorities are able to find Corporal Barker, who was found dead on a lonely road Saturday night. Barker was with the murdered man all day Saturday. A watch and \$75 were taken from the victim.

Special to the Evening Review. Booth-Kelly Stock.

PORTLAND, Or., July 27.—When asked on the stand in the Booth-Singleton trial today if J. H. Booth sold his stock in the Booth-Kelly Lumber Company, in 1904 for \$140,000, Geo. H. Kelly, secretary of the company, replied that he did not know. Kelly explained that the stock of the company was shifting so much that he did not know sometimes how much he, himself, owned. Many eastern capitalists, he said, had purchased stock in recent years.

"IN DEAR OLD GEORGIA."

Convicts are Lined up and Sold Like Mules.

ATLANTA, Ga., July 25.—Startling facts were brought out at yesterday's session of the legislative investigating committee regarding the conduct of the state prison board and the convict lease system. L. B. Strong, a merchant of Macon, formerly a convict, testified that men were lined up at the prison farm and sold like mules. Sick and infirm men, he said, shipped in one day from a convict camp, were shipped out next day on another lease.

A sensation charge was made against Judge J. F. Cobb by a witness who testified that during a recess of the court, Cobb visited a boy in jail, received his confession and pronounced sentence upon him.

DID NOT MAKE FINAL PROOF.

This Saves Miller and Kineart From Trial in 'Frisco.

SAN FRANCISCO, July 26.—The charge of selling government land which had been granted them by the United States, brought against Harry H. Miller and Frank E. Kineart, has been dismissed by Judge Van Fleet in the United States District Court. The land office discovered that Miller and Kineart had not made final proof of their residence upon the land granted to them by the government when they attempted to sell it to a lumber company. The case was consequently asked to be dismissed by land office. Miller and Kineart were convicted of land frauds a short time ago in Oregon.

"In 1902 I have a very severe attack of diarrhoea," says R. N. Farrar, of Cat Island, La. "For several weeks I was unable to do anything. On March 18, 1907, I had a similar attack, and took Chamberlain's Colic, Cholera and Diarrhoea Remedy, which gave me prompt relief. I consider it one of the best medicines of its kind in the world, and had I used it in 1902 believe it would have saved me a hundred dollar doctor's bill. Sold by Hamilton Drug Co."

FIRE EATS FOREST

Entire Monterey Reserve is Threatened

FOURTH ALREADY CONSUMED

Dutch Warships to Force Apology From Castro—Sad Tale of Death From Montana

Special to the Evening Review.

SALINAS, Cal., July 27.—A forest fire is threatening to destroy the entire Monterey reserve of 40,000 acres. Ten thousand acres of timber have already been consumed, and the fire is today sweeping the Santa Lucia range. Hundreds of men are fighting desperately to subdue the flames, but so far with poor prospects of success.

Castro Must Apologize.

AMSTERDAM, July 27.—Retaliation for the summary expulsion of Minister Derues, it is officially announced that the Dutch warships now in Amsterdam have been ordered to make a demonstration against Venezuela unless President Castro makes an apology for the insult.

Not for Tom Watson.

DES MOINES, Ia., July 27.—Hon. James B. Weaver, of Iowa, populist presidential candidate in 1892, greeted W. J. Bryan here today and promised to support him.

16 Days of Torture.

HELENA, Mont., July 27.—After living in torture without food for 16 days, W. H. Gulliver was found dead in the mountains near Oliver station with a broken leg. On his person was a diary, in which Gulliver said he had dragged himself miles through the wilderness, with his leg hanging. On the seventh day he wrote:

"I see section men across the river; I yelled at them and I think they heard me."

On the twelfth day this entry was made in the diary: "Two young men just passed. They promised to get assistance, but have not returned."

Federation Exclusive.

DENVER, Colo., July 27.—Western Federation of Miners today abled the applications of numerous lumbermen in the Northwest states for membership in the federation. The convention adopted a resolution declaring that the federation would always remain an organization for miners only.

INDUSTRIAL NOTES.

A two-acre cherry orchard in Lane county yielded nineteen tons of fruit this season. At the low price of 2 cents per pound—the canner price—the little plot of ground returned a neat sum to its owner. The largest tree produced 675 pounds of fruit. Another good argument in favor of more small farms.

It is estimated that fully a dozen carloads of honey will be shipped out of North Yakima, Wash., before the end of the present season, and the bee industry up there is but in its infancy. One apiarist alone has 300 hives which will yield a surplus of fifty pounds of comb honey. His bee farm being surrounded by alfalfa fields. Besides this a considerable amount of honey is used in the local market.

Boy's Life Saved.

My little boy, four years old, had a severe attack of dysentery. We had two physicians; both of them gave him up. We then gave him Chamberlain's Colic, Cholera and Diarrhoea Remedy which cured him and believe that saved his life.—William H. Stroiling, Carbon Hill, Ala. There is no doubt but this remedy saves the lives of many children every year. Give it with castor oil according to the plain printed directions and a cure is certain. For sale by Hamilton Drug Co.

HAS BOUNDARY BOARD POWER?

B. J. Howland Raises Vital Point in School Law—Court Orders.

After making a large batch of orders, County Court adjourned Saturday to meet again on Monday, August 3, at which time the court will take some definite action on the petition of Edwin Weaver and others for the establishment of a new school district adjoining the southern boundary of the town of Myrtle Creek. During the hearing of the case on Saturday, B. J. Howland, representing the remonstrators, raised a point of law that it sustained will affect every school boundary action taken by the county courts since 1903, not only in this county but logically in every other county of the state as well.

According to Mr. Howland's argument, the county school boundary board, consisting of the county court and county school superintendent, haven't had the slightest vestige of authority under the law since 1903, when the legislature repealed the law of 1901, prescribing the duties of the board, which was created by an act of the legislature of 1899.

In an effort to rectify this mistake, the legislature of 1906 enacted a school district boundary law, providing that "the duties of the boundary board shall be as hereinafter specified." But the law falls to "specify," hence Mr. Howland contends that by reason of this omission the board is absolutely powerless.

This argument put the county court in a quandary. They passed the matter up to District Attorney Brown, who has promised to render an opinion next Monday.

To Road Convention.

The court appointed its own personnel, County Judge Wonnacott and Commissioners A. E. Nichols and M. R. Ryan, and the board of road clerks, C. E. Roberts, R. B. Dixon and Morris Weber, county delegates to the state good roads convention, which meets in Portland, August 11, 1908. This delegation is to attend the convention without expense to the county.

SCHLOEMAN TESTIFIES.

Bailiff Kelly's Relationship Costs Him Job of Bailiff.

Portland Oregonian, July 26: By the testimony of August Schloeman, ex-postmaster and ex-merchant at Oak Creek, Douglas county, the government conspiracy case begun the introduction of evidence by which it expects to prove that I. Thomas Agee unlawfully acquired title to his homestead in the Cascade Forest Reserve. Schloeman testified positively that from 1894 to 1898 Agee had an established residence at Oak Creek and corroborated his testimony with an account book, showing that Agee was a regular customer at the store from March, 1895, to September 3, 1898. The witness further declared that as a member of the election board at Oak Creek, he remembered distinctly that Agee voted in that precinct at the general election in June, 1896.

After listening for two days to the three examination of Agee, it was refreshing to follow the testimony of Schloeman, who was positive in his assertions and accurate as to the dates about which he testified. The witness testified that he was engaged in the general merchandise business at Oak Creek from 1893 until 1904, also serving as postmaster at different times during that period. He swore that Agee resided in the vicinity of Oak Creek continuously from 1894 to 1898, but admitted that he did not consider Agee of such "allied importance that his goings and onings were of any great concern," and for that reason Agee might have been away at different intervals for two or three weeks at a time.

Bailiff Kelly Relieved.

John Kelly, bailiff in the United States court, yesterday was relieved from further attendance on the jury in the Booth-Singleton conspiracy trial. He was succeeded by Joseph Hoeye. Representatives of the government declined to discuss the temporary removal of the veteran bailiff or to assign any cause for the action which was recommended. It is said, by United States Marshal Reid, Mr. Kelly has for years been the trusted bailiff to the Federal court and that he should be superseded in this line is believed to be due to the fact that he is distantly related to George H. and John Kelly, members of the Booth-Kelly Lumber Company.

RECORD FOR WIRELESS.

Battleship Receives a Message 2,900 Miles Away at Sea.

SAN DIEGO, Cal., July 24.—A. R. Rice, chief operator, and his assistants, E. V. Keefe and C. H. Randall at the Point Loma government wireless telegraph station, hold the record for long distance work today, having talked with Admiral Sperry's battleship Connecticut last night or rather this morning at a little past midnight. The Connecticut answered the first call of the station and after identifying each other the battleship stated that she was then in longitude 165 west and between 9 and 10 north latitude on her way to Auckland, N. Z., from Honolulu. A little figuring shows that the point is close to 2,900 miles from San Diego, the previous record for long distance work being 2,600 miles.

E. L. Gilven, living at 1217 Mill St., Roseburg, Ore., says: "I learned the value of Doan's Kidney Pills from personal experience and willingly endorse them. I spent a good deal of money experimenting with remedies for kidney complaint, but with no success. The most noticeable symptom of my trouble was an irregularity of the kidney secretions and pain during passage. I finally got Doan's Kidney Pills at Marsters & Co.'s drug store and obtained splendid results from the first. Doan's Kidney Pills do all that is claimed for them."

GROSSCUP SPEARS PLAINLY.

Roosevelt Has no Special Rights in Standard Oil Case.

NEW YORK, July 24.—Judge P. S. Grosscup, of Chicago, one of the three judges who reversed the action of Judge Landis in fining the Standard Oil Company \$29,240,000, today declared at the Waldorf-Astoria that the decision of the Circuit Court of Appeals was practically final. The judge then said that neither the attorney-general nor any one else had any right to demand a retrial of the case.

"All that can be done," he said, "is to apply to the United States Supreme Court for permission to reopen the case. It cannot be done without the court's consent, and, under the circumstances, cannot be retried. In October the attorney-general may apply to the Supreme Court for a writ of certiorari to reopen the case before Judge Landis. This is all he can do."

Roosevelt Defeated Litigant.

Judge Grosscup merely smiled and refused to make any comment on the president's order to Attorney-General Bonaparte to have the case retried.

"It is not meet that I should enter into a discussion with the president," he said. "The court can take care of itself in the courtroom. The president comes into court with no greater and no less privilege than is accorded to any other private citizen."

"President Roosevelt is quoted as having ordered an immediate retrial of the case. What are his powers in the matter?"

"They are simply those of any defeated litigant—no more and no less."

INVITE HARRIMAN

Coos Bay Wants Him to Look Over the Country

TO HURRY DRAIN RAILROAD

Proposition to Build Long Promised Line to Roseburg is Being Agitated Again

MARSHFIELD, Or., July 26.—

During the week of the Southern Oregon District Fair at Marshfield, August 26 to 29, there will be held on Coos Bay a Southern Oregon and Southern Idaho convention. Representatives from different parts of the state will be present to discuss matters of any kind which may come up and which bear upon the interests of the southern part of this state and Idaho.

The most important matter to be discussed is that of securing a rail outlet of some kind for Coos Bay. A delegation has been named to visit upon E. H. Harriman and invite him to visit Coos Bay and also to hurry work on the Drain-Coos Bay extension of the Southern Pacific. But the people are anxious to have a road of some kind out of Coos Bay and there is a revival of the talk of building an electric line from Marshfield to Roseburg.

Quarter Million Subscribed.

This matter was up about a year ago, but the plans were never pushed through. At that time the Douglas county people subscribed \$250,000 for stock in such a company. The people of Roseburg and Douglas county are as anxious as ever to have the road, believing that it would be a great thing for their part of the country, giving a rail outlet to the sea. It is likely that there will be no trouble in raising stock subscriptions at that end of the line.

The Coos Bay wagon road from Coos Bay to Roseburg is a rough one and goes over a mountain pass, but it is suggested that by selecting a route from Roseburg through the Canby Valley and to Myrtle Point and then to Coquille and Marshfield no very great feat of engineering would be required to build an electric line. Such a road would extend past many farms in Douglas county and also through the rich Coquille valley, the finest farming country of Coos county.

Quick Rail Route to Sea.

Those who are pushing the plan claim that an electric road through this territory would be a paying investment as well as being a great boon to both Coos Bay and Roseburg and surrounding country. It would give a quick passenger rail route to Coos Bay and would also do away with the slow mail service now necessarily suffered by the Coos Bay people.

At both ends of the proposed line the electric railway talk is stronger than ever, and it is likely that this matter will be taken up at the convention as one of the most important topics.

CHILD SAVES ITSELF.

Insane Mother, Formerly of Eugene, Drowned Near Seattle.

SEATTLE, Wash., July 25.—After throwing her 7-year-old daughter from the breakwater at the foot of Walker street into Lake Washington last evening, Mrs. Tressa Markley, wife of Norman E. Markley, an attorney, formerly of Eugene, Or., committed suicide by leaping into the lake herself. The little girl crawled out of the water and later a party of searchers found the woman's body in the lake.

The attempt of the mother, who is believed by her husband to have been insane, was the second she had made that day to end the lives of both herself and daughter. In the morning after her husband left the house, she had turned on the gas, but the sensitive nostrils of the child had detected the odor of escaping gas and she turned it off before any damage was done.

Mrs. Markley for formerly Miss Tressa Drew, a daughter of Mrs. M. J. Drew, of Eugene.

KILLED BY STREET CAR.

Tragic Death of Mary O. Douthit, One of Oregon's Noted Women.

PORTLAND, Or., July 26.—Knocked down by an east-bound depot car yesterday afternoon, at Morrison and Lowndale streets, Miss Mary Osborne Douthit, one of Oregon's pioneer women, an authoress, teacher, prominent suffragist and a resident of Portland for the past 15 years, sustained a fractured skull and died four hours later at the Good Samaritan hospital, after surgeons had operated in vain hope of saving her life.

Miss Douthit was the authoress of "Pioneer Reunion," a book pertaining to the reminiscences of prominent Oregon and Washington women, which came out in 1905, just prior to the Lewis and Clark exposition. Beside this, she had written a number of brilliant papers on educational and suffrage subjects.

Miss Douthit was a native of South Carolina, her family moving out to Oregon in 1853, making the trip across the plains. The family settled in eastern Oregon. She received her education in the convent at St. Ann and before teaching in the Portland schools, taught in the convent at The Dalles, where the family lived for a number of years. Her brother, John Douthit, was a newspaper man and worked on the first paper published in The Dalles.

SAFE BLOWERS AT HAISEY.

HAISEY, Or., July 25.—Safe blowers entered the general merchandise store of McCully Brothers and Starveant last night, secured \$400 worth of diamond rings, \$5 in cash, and then made their escape on a speeder stolen from the Southern Pacific railroad company's shed. Officers are searching for traces of them today. The total damage to the store and safe will approximate \$500.
