BACK FROM EUROPE

H. F. Deardorff Tells of Experience Abroad

100 FINE BLOODED HORSES

Brought to Oregon by A. C. Ruby and Himself—Conditions in the Countries Visited

H. F. Deardorff, of Oakland, and A. C. Ruby, of Portland, reached home Thursday from a two months' trip to Europe, bringing back with them about 100 head of the finest blooded horses ever brought to this country. These include Belgians, Percherons, German Coach, Shires and Hackneys. On their trip these gentlemen travelled about 29,000 miles, visiting England, France, Germany, Belgium and Holland.

"Gay Paris" is the city of all cities. In France no evidence was seen of poverty among the people. All were well dressed and apparently well-to-do. Paris, of course, is the center of the fashionable world and here multiplied thousands of the most richly dressed people in the world throng the boulevards and cafes—especially in the evenings.

In Germany conditions were found more evenly balanced and in general the people more resemble the Americans. There is a general thrift and the people are cordial but not effusive. They also have the roads and splendid blooded livestock. Different conditions were found in Belgium. There the people are surly and evidences of poverty abound. It striking contrast with France, children here are very numerous. A vast proportion of them were bare foot and poorly clad, however. Many women were also barefoot and those who were not generally wore wooden shoes with no stockings, their skirts reaching only half way between knee and ankle.

Interested parties should call on Mr. Deardorff, or better still, go to Portland and see the horses. Mr. Deardorff expects to add two or three of the best of these horses to his regular string here during the next breeding season.

THEODORE BELL PRESIDES

Governor, Mayor and Senator Address Convention—Seattle Agent Under Arrest

Special to the Evening Review. SEATTLE, Wash., Aug. 11.—Seattle surrendered to the Fraternal Order of Eagles today. The tenth anniversary of the order, which was born in this city, formally opened this morning, with 1000 delegates present. It is estimated that there are now in the city about 5,000 Eagles and their families and friends and it is predicted that this number will be swelled to 15,000 before tomorrow night.

Seattle Man Goes Wrong.

SEATTLE, Wash., Aug. 11.—H. E. Weymouth, an insurance agent of this city, formerly a well known maling man, was placed under arrest today, charged with embezzling thousands of dollars by C. S. Osborn, of the Commonwealth Insurance Company. Osborn alleges that an investigation will show that thousands of dollars have disappeared in the last 15 months. The evidence against Weymouth consists of two checks, aggregating \$71. He conducted business under his own name up to the time he sold out to Osborn. The charge is that he accepted checks intended for the company.

TEXAS CONVENTIONS.

Prohibition Issue Claims Attention of Both Parties.

HOUSTON, Tex., Aug. 11.—Both the democrats and republicans of Texas will hold conventions today, the former meeting in San Antonio and the latter in Dallas. The San Antonio meeting promises to be highly interesting, owing to the attempt that will probably be made to inject the prohibition issue into the deliberations. The recent primary, in which the question of a state-wide prohibition election, was an issue, was not decisive. Owing to divergent interpretations of the law governing the primary, both the "wet" and the "dry" claim a victory. Governor T. M. Campbell, will be renominated, having received an overwhelming majority in the primary.

OKLAHOMA REPUBLICANS.

OKLAHOMA CITY, Okla., Aug. 11.—An organization meeting of the republican state central committee was called here this afternoon, preliminary to tomorrow's republican state convention. Republicans from all over the state will take part in tomorrow's demonstration, which will be of the nature of a Tatt and Sherman ratification meeting. Speakers of national importance have been engaged and will call upon the citizens of the new state to elect "order and sense" officials.

OLD ORCHARD BEACH.

OLD ORCHARD BEACH, Me., Aug. 11.—A New England Conference of the Christian Socialist Fellowship was commenced today on the camp meeting grounds here, with many clerical disciples of Marx in attendance. The Rev. Dr. John D. Long, of the fashionable Parkside Presbyterian church, Brooklyn, is the leader in the movement for organizing the Socialist clergy. Dr. Long states that since March, when he undertook the work of organizing the Socialist ministers of the country, his list of those at least sympathetic with the movement has grown until he has now approximately 1000 names. He expects by Labor Day, when, with the names signed to it, the Ministers Manifesto will be given to the press, to have at least 2,000 signatures for publication.

Secretary Long states that the Fellowship is now represented in thirty-five states and territories. The manifesto has been signed by men in eighteen Protestant denominations and one rabbi.

LINCOLN IN GALA ATTIRE.

Bryan Will be Formally Notified of Nomination Tomorrow.

LINCOLN, Neb., Aug. 11.—William Jennings Bryan will be formally notified of his presidential nomination tomorrow and Lincoln is already filling up with visitors in advance of the momentous event. Scores of democratic leaders are already here and Mr. Bryan held numerous conferences today. Despite the fact that he is perhaps the busiest man in the country, however, he finds time to greet the Nebraska admirers, many of whom are farmers who have come with their families to Lincoln to take part in the general jubilation and to see the man whom they confidently greet as "the next president."

While Lincoln, as a normally republican city, has not always supported Mr. Bryan in his presidential aspirations, the people universally admire him as a man and are proud of him as a citizen. This pride is today evidenced in the decorations the flags, banners and Bryan pictures, which line the streets. Republicans have joined with democrats in thus honoring Mr. Bryan and there are few business houses and residences which do not bear some evidence of the admiration which the occupants entertain for Lincoln's most famous citizen.

Every arrangement has been made for properly entertaining the "brongs" which will be here tomorrow to hear the colonizer's speech of a certain kind. The notification ceremony will take place at Mr. Bryan's suburban home, Fairview, and the stage setting will be of a distinctly rural character.

The newspaper men who have flocked together at Fairview from all over the land have found quarters in a large tent erected on the grounds, especially for their convenience. The news-sleuths of the press have an able ally in Mr. Bryan's secretary, Robert F. Rose, a former newspaper man.

Mr. Rose was the Associated Press correspondent assigned to cover Mr. Bryan's first campaign. After the battle he became secretary to the publisher of the Commover. Now he is on the job at Fairview doing the heavy work. Mr. Rose himself occupies a small tent immediately in the rear of the Bryan residence where he sleeps with his boots on.

Mr. Bryan's speech of acceptance will be, in some respects, an answer to that of Judge Taft. He will reaffirm all the policies adopted at the Denver convention, and will pay special attention to the anti-inflation plank, the bank deposit guarantee measure and campaign fund publicity.

She Likes Good Things.

Mrs. Chas. E. Smith, of West Franklin, Maine, says: "I like good things and have adopted Dr. King's New Life Pills as our family laxative medicine, because they are good and do their work without making a fuss about it." These painless purifiers sold at A. C. Marsters & Co's drug store, 25c.

SOCIALIST MINISTERS.

OLD ORCHARD BEACH, Me., Aug. 11.—A New England Conference of the Christian Socialist Fellowship was commenced today on the camp meeting grounds here, with many clerical disciples of Marx in attendance. The Rev. Dr. John D. Long, of the fashionable Parkside Presbyterian church, Brooklyn, is the leader in the movement for organizing the Socialist clergy.

Dr. Long states that since March, when he undertook the work of organizing the Socialist ministers of the country, his list of those at least sympathetic with the movement has grown until he has now approximately 1000 names. He expects by Labor Day, when, with the names signed to it, the Ministers Manifesto will be given to the press, to have at least 2,000 signatures for publication.

Secretary Long states that the Fellowship is now represented in thirty-five states and territories. The manifesto has been signed by men in eighteen Protestant denominations and one rabbi.

WANT ORCHARD LANDS.

Thousands of Acres Will be Converted into Fruit Ranches.

GRANTS PASS, Or., Aug. 10.—The demand for fruit lands near Grants Pass is stronger this year than ever before. Nearly all the available lands suitable for fruit have been purchased, and these lands are under preparation for orchards, vineyards and berry fields. Land that could have been bought two years and three years ago for \$15 an acre, is selling now for \$150 and \$250 an acre. These lands, set to trees, are selling for \$200 an acre. A part of the Elman place, on which the famous Elman orchard is located, was sold a few days since for \$6,500.

Several thousand acres in and around Grants Pass, which have been unused, will be set to fruit trees this fall. The country is developing rapidly, and the development is almost entirely along the line of fruit-irrigation is also being talked of strongly and a cooperative company will be formed for the purpose of constructing an irrigating canal that will water all the arid lands in and about this city.

The water will be taken from the Rogue river. The preliminary survey for the Rogue River Valley and Southern railway, an electric line that will be built from Grants Pass to Illinois valley, has greatly increased the demand for farms in that section of Josephine county. The building of this road will increase the population of Kerby, Waldo and Moland five fold within the next three or four years. It seems an assured fact that the road will be built, as contracts for the ties are being let by the chief engineer.

OREGON HAPPENINGS.

Monday, at Otter Rock, near Newport, Joseph Ludwig, a rancher, 60 years old, in a fit of insanity shot himself after making deliberate arrangements for his death. He placed a mattress in front of his cabin door, wrote a note saying, "Goodbye, all, I can't stay with you any longer." Then took a shotgun, placed the butt against a stump, pulled the trigger with his toes and blew the whole top off his head. Ludwig was a widower and had one daughter in the asylum at Salem. He has money in the bank and considerable other property.

George E. Evans and two children aged 11 and 16 years, were drowned in the Snake river 17 miles below Huntington. The children were bathing and when they got into dangerous water their father attempted to save them, which resulted in all being drowned.

J. C. Wilcox, of North Bend, who has served over two months of a six months sentence for selling liquor to a minor, has applied to the supreme court for a writ of probable cause for appeal, the purpose of this being to let him out of jail until his case has been decided by the appellate court. At the time of his conviction vigorous efforts were made to secure an immediate pardon for him, but Governor Chamberlain refused the petition upon the ground that the saloon owned by Wilcox had been a persistent offender against the liquor laws. Wilcox, it is understood, owns the saloon but did not personally sell the liquor to the minor.

Twin Falls Irrigation Project Now Largest in World

TOTAL COST IS \$15,000,000

Canadian Pacific Strike Apparently Lost—15 Lumbermen Held up Near Chico

Special to the Evening Review. BOISE, Idaho, Aug. 11.—The biggest irrigation enterprise ever undertaken in this country, involving a cost of \$15,000,000, was launched today, when the state land board segregated, under the Carey act, 100,000 acres of arid land in Owyhee County, Idaho. This project, which is financed by the best interests in the state, will be the first demonstration of the possibilities of reclamation by use of the waters of the Snake and Brucan rivers. This is the sixth and greatest of the Twin Falls projects, making a total of 1,000,000 acres under irrigation.

Robbers Get \$700. CHICO, Calif., Aug. 11.—Fifteen lumbermen, who had just been paid their wages, were held up by two masked bandits and robbed of \$700 on a lonely road near Sterling City last evening. The robbers are still at large.

Looks Bad for Strikers.

WINNIPEG, Aug. 11.—Railroads in the United States, particularly the New York Central, are furnishing strike breakers for the Canadian Pacific railway. Scores of these men are arriving daily and being equipped and furnished with supplies by the railroad managers.

Royal Sloopfest.

KRONBERG, Germany, Aug. 11.—Emperor William of Germany and King Edward of England embraced when they met here today, and the King kissed the Kaiser on both cheeks. The rulers held a private conference at the castle and later on went automobile riding together.

CROOK COUNTY ABLAZE.

Supervisor Ireland Has Hard Time Getting Fire Fighters.

PRINEVILLE, Or., Aug. 10.—Fire in the Paulina mountains has assumed alarming proportions. The burning area has a front now of 15 miles and is increasing daily.

Supervisor A. S. Ireland, of the Blue Mountain national reserve, has been hunting all day for men to assist in fighting the flames. One crew of 20 men left Prineville this morning for the scene of the burning forests, 50 miles away. Another force of fire-fighters will leave here in the morning.

Word was sent to Portland today to T. H. Sherrod, forest supervisor, to send in a coach load of men to assist in saving the valuable pine forests from destruction. Mr. Ireland says he can use 225 men. He has encountered great difficulty in securing sufficient help.

Unless there is a heavy fall of rain in the next few days it is feared that the fire-fighters will be able to make but very little headway against the flames. Rain, however, is exceptional in this part of Oregon at this time of year.
