HERE IN OREGON.

Another convention of national scope for Oregon next year is the welcome news that comes back from Des Moines, Iowa, where the American Association of Mutual Insurance Companies has been assembled. This means between 500 and 600 delegates, the majority of whom have never visited the coast, since the association has never held a western meeting.

Rain was never more grateful to Oregonians than the showers of last Wednesday and Thursday, the messages from practically the whole state join in the thanksgiving. The danger from forest fires in the wooded sections has been greatly reduced as a result.

Numerous meetings of the committee in charge of entertaining the Oregon athletes soon to return from London bearing their world records from the Olympic games, have resulted in a decision to send the sporting editors of the three Portland dailies east to meet the athletes and escort them to the coast.

Hon. C. J. Blanchard, of the U. S. Reclamation Service, is in Oregon on the various government irrigation projects. He reports such a mass of inquiry at his home office that the clerks are scarcely able to answer intending colonists.

Poultry is to have its due recognition at the Portland Live Stock Show in September. Over \$500 in prizes is offered and the interest may be judged from the fact that already over one thousand entries are booked. Poultry means almost \$5,000, 000 to Oregon annually.

Eagle Valley, in Baker County, is planning a "Harvest Home Picnic" for the 3rd and 4th of September. The whole county will join in the holiday—the very name of the event guarantees enjoyment.

EYES TELL CHARACTER.

If eyes are placed too close together, the owner is jealous and critical. If eyes are far apart, the owner has a fine memory and broad intelligence.

Deep set eyes show melancholy and moodiness. Protruding eyes show self-indulgence.

Wide open, round eyes mark a mind that is not developed, is credulous and serious about small gossip. The owners have no self-control.

If the eye is very oval, almost almond shape, with the outward droop shaped to a point, look out for a crafty and subtle nature.

Gray eyes are those of intellect and a well-balanced character. They show unselfishness and a strict sense of justice. When they are put below a broad, high forehead, they denote great talent.

Brown eyes, with a touch of hazel, show courage, intelligence and affection. When the hazel eye has an arched eye-brow, it shows a fickle temper.

Velvety brown eyes show intense feeling, and are often to be trusted. A glittering black eye expresses meager intelligence and often physical courage.

Very light blue eyes are said to always show deceit and cruelty. Violet blue eyes are loving and ardent, but impetuous, and do not show a high order of intellect.—Ex

KOREAN ON TRIAL.

Slayer of American Diplomat Pleads Patriotic Insanity.

SAN FRANCISCO, Aug. 17.—In Wan Chang, a Korean, will be placed on trial today for the murder of Durham White Stevens, advisor to the Korean government. Mr. Stevens was shot by Chang on March 23 last. The diplomat, who was the personal representative of the Korean emperor, is alleged to have aided Japan in gaining control of Korea, and Chang declares that his act was "an expression of patriotism."

It is understood that Chang's attorneys will make a plea of patriotic insanity in behalf of their client. Local Korean sympathizers have raised funds for his defense, and it is likely that a long legal battle will be made for his life.

Durham White Stevens had long been prominent in oriental public life. He was secretary of the United States legation at Tokio in 1872, subsequently becoming counselor to the Japanese legation at Washington. Thence he went to Tokio, where, after service in the foreign office, he became a member of the commission sent by Japan to Korea to adjust difficulties which threatened to involve Japan and China in 1887. Afterward he held various posts under the Japanese government and enjoyed the confidence of the emperor

and the highest government officers. He was sent to Korea by the emperor of Japan after the Russo-Japanese war and became the confidential adviser of the Korean emperor, a post which he filled to the highest satisfaction of both the Korean emperor and the Japanese government. He was several times decorated by the emperor of Japan.

Y., Aug. 17.—No pen-up enthusiasm will be allowed to go unexpressed in Utica tomorrow when the people of the city and surrounding country will pay glorious tribute to their most famous fellow citizen, James S. Sherman, upon the occasion of the formal notification of his nomination as the republican candidate for the vice-presidency. All is in readiness for the great celebration and thousands of dollars have already been expended in decorations and in arranging various amusement events for the benefit of visitors.

Sponge Left Inside Heel.

ALBANY, Or., Aug. 16.—Fourteen months ago Mrs. S. H. Elliott, of Lebanon, underwent an operation in Oklahoma. Recently she has been suffering so severely that four physicians operated again at Albany on Saturday, one coming from Portland and two from Lebanon to help solve the mystery. In the body they found a sponge, left by the southern surgeon after they finished with the unlucky woman in the previous cutting. She will live.

Oregon Men Shooting Well—Stewart and Johnson High Up.

CAMP PERRY, O., Aug. 16.—In the long-range tyro rifle match, 1000 yards, with 200 entries, Oregon today won three places among the first 25. Sergeant Snodgrass, Co. E., of Cottage Grove, was fifth; Lieutenant Stewart, Co. D., Roseburg, was 13th, and Sergt. Schwarz, Co. K., of Portland, was 21st. The Oregon team averaged over 49. In the press match Sergeant A. Q. Johnson, representing the Roseburg Review, won fourth place.

Only fair conditions for rifle shooting prevailed this morning, when the marksmen went to the butts for the second day's contests of the National Rifle Association.

Excellent Health Advice.

Mrs. M. M. Davison, of No. 379 Gifford Ave., San Jose, Cal., says: "The worth of Electric Bitters as a general family remedy, for headache, biliousness and torpor of the liver and bowels is so pronounced that I am prompted to say a word in its favor, for the benefit of those seeking relief from such afflictions. There is more health for the digestive organs in a bottle of Electric Bitters than in any other remedy I know of." Sold under guarantee at A. C. Marsters & Co's. drug store. 50c.

HERE IS A LIFE INCOME

OWN A ROSEBURG HOME-ORCHARD TRACT ON THE UMPQUA RIVER

TEN ACRES OF THIS RICH RIVER BOTTOM LAND, IN THE CENTER OF OREGON'S FAMOUS FRUIT BELT, WILL MAKE YOU INDEPENDENT FOR LIFE. Our plan of development with small fruit and vegetables, while the fruit trees are reaching a bearing age, means that your income begins at once—an income next year equal to the cost of the tract, and only a very small investment necessary. Delightful climate, richest soil, schools, churches, social life, and a good income, all combined. You can work eight months and then indulge your desire to travel, or rest, or spend the remainder of the year as you wish. No man controls your every hour, nor limits your income; and no financial panics can have any terrors for you when you are reaping the harvest of the soil. The fruitgrower of Oregon is a man that is absolutely independent. He knows that a 10-acre orchard, when properly cared for, will bring him a certain income of \$500 a year. Do you want to get in this class? Our tracts are all cleared, ready to plant; no stumps to pull, no preliminary work, no irrigation necessary, and you can make each tract pay for itself. We want you to meet the man who bought a half interest in a 20-acre orchard near our tracts last year for \$2750—bought a driver costing \$500—bought a team for \$300—paid a Roseburg bank 8 per cent interest on the money to do it with, and within the year cancelled his debt at the bank of over \$1000, and had a neat balance left—this profit was one-half of the amount cleared on the tract.

THIS OPPORTUNITY IS YOURS—COME IN AND LET US POINT THE WAY

If you are not ready to live upon a tract of this land, we will raise strawberries, raspberries, currants, cantaloupes, melons, potatoes, onions, asparagus, celery, etc., on your tract, put up the money for seed and labor, market the produce, and at the end of the season pay you one-half the net profits. If we didn't absolutely know that this proposition would pay us, we wouldn't put our money in it, and you are going to make a dollar everytime we do. We can put small fruits and vegetables on the market two weeks earlier than any other section in Oregon, AND WE ARE GOING TO DO IT NEXT YEAR. We have an orchardist and farmer of 20 years' experience who will superintend this work, and a member of this firm will give his personal attention to the property. The soil is of great depth, and development between the rows does not affect the prosperity of the trees. Experiment has shown this to be true. One-half the profits of this development plan will pay you for your tract in two years, set it to orchard and put money in the bank for you. You will then have an orchard tract worth, in the open market, twice the purchase price. We are NOT GUESSING at what we can do here, but this plan is the result of careful study extending over a period of many months. If you want to join this successful fruitgrowing plan, come in and talk it over with us before this tract is sold. Do it now.

Price \$150 Per Acre

Terms \$150 cash, balance \$25 a month. Our development plan will take care of the payments after next Spring, when the crop is marketed.
