PARKER STIRS AUDIENCE.

Mention of Bryan's Name Evokes a Great Demonstration.

PORTLAND, Or., Aug. 18.—Charging that the protective tariff is the instrument by which competition is destroyed and that the republican party is the foster parent of trusts, Judge Alton Brooks Parker, ex-Chief Justice of the Appellate Court of New York, last night won the plaudits of an enormous audience that filled the Heilig Theater to overflowing.

It was the opening meeting by the democrats of the presidential campaign in Oregon. De Lancey Nicoll, ex-district attorney of New York, and Congressman Theodore A. Bell, of California, also addressed the meeting, of which H. H. Holmes, of Salem, was chairman.

Bryan's Name Loudly Creeded.

The mere mention of Bryan's name had the same effect that would result from waving a college pennant before an assembly of alumni, and the same demonstration greeted the declaration of Judge Parker in advocacy of some legislation that would prohibit corporations from contributing in any form to campaign funds.

In his peroration Judge Parker manifested his emphatic disapproval of campaign contributions, and especially ridiculed the one-dollar subscription plan that is being promoted by the republicans. He declared that when the call for dollar contributions had been made, President Roosevelt and the "illustrious governor of the Empire state each contributed a silver dollar and then the committee passed the hat along Wall street."

Speaks for United Party.

While the divided democracy is cutting one another's throat," declared the eminent New York jurist "the republican party is fastening itself on the body politic like a leech. If every democrat would lay aside his personal differences and come to realize that we have a candidate for the presidency that is worthy of the confidence of every manly man, and that we have a candidate for vice-president equally worthy, we would need have no fear of the result. But behind our presidential nominee we need a democratic congress to back up his politics. With one house or our legislative body so organized, a republican senate would not dare stand up against the mandate of the people for clean legislation."

The subject of centralized authority as proposed under federal control was scored vigorously as a direct conflict between the constitutions of the United States and those of the individual states. Federal control was denounced as an unjust usurpation by the president of the powers reserved by the states for themselves. The speaker charged that in the creation of trusts and predatory interests the real purpose was to persuade the people that the fault did not rest with the states, but with the federal government.

YOU CAN HELP THE CAUSE OF DEMOCRACY.

The Democratic campaign in Oregon was opened at a mass meeting in Portland Tuesday night. The party leaders have issued a call for popular subscriptions to the campaign fund. The democratic party has placed itself on record as accepting corporation subscriptions. It depends upon the rank and file for the money to carry on its work. The following call has been issued by state executive committee:

To the Supporters of Bryan and Kern in the State of Oregon:

"We are on eve of a great political battle under the leadership of Bryan and Kern. We expect to achieve a splendid victory for popular government with the best national platform written in the life of political parties. We are confident of victory.

"We hope to see every follower of William Jennings Bryan and John Worth Kern in line and ready to do his part for popular government. So let us unite and fight; go in and win.

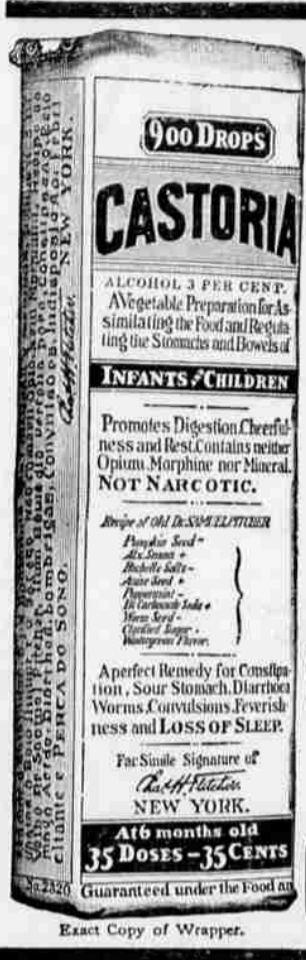

"This is the people's fight. Remember, it costs money to finance a campaign. Will you help us? We must maintain headquarters, post headquarters, hire halls, engage speakers, distribute literature, swing banners, all of which cost money. Send in your contributions to John Montag, 624 Wood Street, Portland, Oregon. Books will be open for inspection before and after election.

CASTORIA For Infants and Children. The Kind You Have Always Bought Bears the Signature of J. C. HITCHCOCK In Use For Over Thirty Years CASTORIA

MRS. GRENOT ASKS DIVORCE.

Alleges She Has Lived on Charity During Entire Married Life.

That she has been an object of charity ever since her marriage at Looking Glass in March, 1889, is one of the allegations in a suit for divorce filed in the circuit court here by Nettie Grenot against David Grenot. In her complaint Mrs. Grenot states that her husband "has utterly failed to provide for her ever since their marriage or for their children," three in number; that at no time have they had sufficient clothing; that their table was so scant they were often obliged to go hungry, and that she "was made to suffer the disgrace and humiliation of accepting whatever might be given her by neighbors."

Mrs. Grenot also alleges that her husband falsely accused her of infidelity and that he cursed her frequently and denied the parentage of their youngest child, one year old. Their domestic troubles reached a climax, however, on July 1, of this year, according to Mrs. Grenot's complaint, when her husband, in a fit of passion, broke up the few remaining dishes in the house, whereupon she left him. Since then, she says, she has worked to support herself and children.

Grenot is employed on the local water and light system at a salary of \$50 per month. She asks \$10 per month alimony from him, also for the custody of the children and to be decreed sole owner of 159 acres of land at Looking Glass.

FATHER AND SON DROWN.

ASTORIA, Or., Aug. 18.—D. L. Chapman and son, Ward, were both drowned in the south fork of Salmon Creek, at Nasel, on Monday afternoon while they were in swimming, after a hard morning's work on the farm. The wife and mother saw the drowning and the bodies were quickly recovered, and for several hours efforts were made to resuscitate them, but without success.

Excellent Health Advice.

Mrs. M. M. Davison, of No. 379 Gifford Ave., San Jose, Cal., says: "The worth of Electric Bitters as a general family remedy, for headache, biliousness and torpor of the liver and bowels is so pronounced that I am prompted to say a word in its favor, for the benefit of those seeking relief from such afflictions. There is more health for the digestive organs in a bottle of Electric Bitters than in any other remedy I know of." Sold under guarantee at A. C. Marsters & Co's. drug store, 59c.

EUGENE NOT ENTIRELY "DRY."

Although Eugene is legally prohibited, "booze" isn't a very hard thing to obtain there, as would appear by the following items in the Eugene Register, of Aug. 18:

Lenwood Seal, who is well known in the city, was run in by Officer Callison Saturday night for being drunk and disorderly. He appeared before Justice Bryson Monday morning and was fined \$20, which he paid.

Prof. (T) Jesse Orndoff, the picture man, who was run in Saturday night for being drunk and disorderly, will not in ten days work on the streets, as the result of Justice Bryson's decision on a drunk and disorderly charge to which the professor pleaded guilty.

As the penalties grow more severe the transgressions will doubtless grow less.

"UNWRITTEN LAW" PARDON.

DENVER, Colo., Aug. 18.—The "unwritten law" was upheld today in Colorado by the act of Governor Buchtel in granting a pardon to Geo. P. Nicolai, convicted of killing John Moore. Nicolai's wife was involved in the case. In granting the pardon Governor Buchtel said:

"The laws of this state do not count this villainy as a serious crime. Colorado is about 100 years behind all civilized states in the estimate which its laws place upon certain crimes. The peculiar intricacies of our legal processes do not appeal much to me."

Nicolai was pardoned unconditionally.

W. T. Emery was in from Coles Valley this morning.

He reports train harvesting about finished there and the prunes coloring nicely and will be ready to pick in a couple of weeks.

DOCTORS MISTAKES

Are said often to be buried six feet under ground. But many times women call on their family physicians, suffering as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous prostration, another with pain here and there, and in this way they present alike to themselves and their easy-going or over-taxing doctor, separate diseases for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only symptoms caused by some uterine disease. The physician, ignorant of the cause of suffering, keeps up a treatment until large bills are made, and suffering patient gets no better. It is the wrong treatment, but probably worse. A woman, suffering from the above symptoms, should be treated with Dr. Pierce's Favorite Prescription. It is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless to the system. It is the only medicine that has ever cured the above symptoms, and is the only one that does not dispirit all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

As a powerful invigorating tonic "Fowler's Prescription" imparts strength to the whole system and to the organs directly affected. It is particularly for overworked women in particular. WINS IN TWO ROUNDS.

Stanley Ketchel Makes Short Work of Joe Thomas.

SAN FRANCISCO, Aug. 18.—After about one minute and a half of fighting in the second round tonight, Stanley Ketchel, of Grand Rapids, Mich., put out Joe Thomas, of this city, with a shower of punches to the jaw and body.

This was the fourth meeting of the two fighters. Of their previous battles, the first was a draw, and Ketchel got the decision in the other two. Thomas is supposed to have done himself injustice in making prescribed weights in the other battle, which they fought as middleweights. Last night Thomas weighed 175 and Ketchel 170 pounds.

HERE IS A LIFE INCOME

OWN A ROSEBURG HOME-ORCHARD TRACT ON THE UMPQUA RIVER

TEN ACRES OF THIS RICH RIVER BOTTOM LAND, IN THE CENTER OF OREGON'S FAMOUS FRUIT BELT, WILL MAKE YOU INDEPENDENT FOR LIFE. Our plan of development with small fruit and vegetables, while the fruit trees are reaching a bearing age, means that your income begins at once—an income next year equal to the cost of the tract, and only a very small investment necessary. Delightful climate, richest soil, schools, churches, social life, and a good income, all combined. You can work eight months and then indulge your desire to travel, or rest, or spend the remainder of the year as you wish. No man controls your every hour, nor limits your income; and no financial panics can have any terrors for you when you are reaping the harvest of the soil. The fruitgrower of Oregon is a man that is absolutely independent. He knows that a 10-acre orchard, when properly cared for, will bring him a certain income of \$500 a year. Do you want to get in this class? Our tracts are all cleared, ready to plant; no stumps to pull, no preliminary work, no irrigation necessary, and you can make each tract pay for itself. We want you to meet the man who bought a half interest in a 20-acre orchard near our tracts last year for \$2750—bought a dryer costing \$500—bought a team for \$300—paid a Roseburg bank 8 per cent interest on the money to do it with, and within the year cancelled his debt at the bank of over \$4000, and had a neat balance left—this profit was one-half of the amount cleared on the tract. THIS OPPORTUNITY IS YOURS—COME IN AND LET US POINT THE WAY

If you are not ready to live upon a tract of this land, we will raise strawberries, raspberries, currants, cantaloupes, melons, potatoes, onions, asparagus, celery, etc., on your tract, put up the money for seed and labor, market the produce, and at the end of the season pay you one-half the net profits. If we didn't absolutely know that this proposition would pay us, we wouldn't put our money in it, and you are going to make a dollar everytime we do. We can put small fruits and vegetables on the market two weeks earlier than any other section in Oregon, AND WE ARE GOING TO DO IT NEXT YEAR. We have an orchardist and farmer of 20 years' experience who will superintend this work, and a member of this firm will give his personal attention to the property. The soil is of great depth, and development between the rows does not affect the prosperity of the trees. Experiment has shown this to be true. One-half the profits of this development plan will pay you for your tract in two years, set it to orchard and put money in the bank for you. You will then have an orchard tract worth, in the open market, twice the purchase price. We are NOT GUESSING at what we can do here, but this plan is the result of careful study extending over a period of many months. If you want to join this successful fruitgrowing plan, come in and talk it over with us before this tract is sold. Do it now.

Price \$150 Per Acre

Terms \$150 cash, balance \$25 a month. Our development plan will take care of the payments after next Spring, when the crop is marketed.
