Now help Roseburg grow.

Many people are now finding their peach crops twice as large as they expected. Another blow to the "knockers."

When the street paving work begins, some time next week, Roseburg property will increase in value double the amount all the paving will cost. It's the best investment this city ever made, in many ways.

Mr. Harriman promises Eastern Oregon a railroad. It is recorded in ancient history that he once promised something of the same kind for Coos Bay, and we are waiting still to be shown.

The International paper trust netted something over \$1,500,000 last year, yet "Uncle Joe" Cannon's congressional committee couldn't really find that there is a paper trust? Does anyone wonder why?

Roseburg is going to have paved streets just as soon as a force of workmen can build them. Now let the surrounding country "get busy" building good roads and Douglas county will double in population and quadruple in wealth in the next three years.

Grain harvesting and threshing are now nearly finished, peach shipments are in full blast, prune harvesting and hop picking will begin soon and after these will come the apple crop and turkey shipments, all bringing a stream of golden wealth to the fortunate residents of Douglas county.

Unlimited "gull" constitutes the make-up of some individuals. A noticeable feature is their demonstrative mounting of the "band-wagon" when their own determined but really insignificant efforts to defeat a measure of progress come to ignominious failure. They fool no one, however, for coming from such presumptuous rabble every knock is a boost.

Mr. Taft announces that in case he is elected to the presidency he will, immediately after his inauguration, convene congress in extra session for the purpose of revising the tariff. Judging from the way Mr. Van Cleave and other trust leaders are boosting for Mr. Taft they must feel sure that the next congress will also be controlled by Messrs. Cannon, Payne, Dalzell, et al., in which case the tariff "revision" is far more likely to be upward in the interest of the trusts than downward in the interest of the people.

GALLOWAY'S OPINION DIFFERS.

Holds City Charter Provisions Are Subject to Local Option Law.

In dissolving the injunction sued out by the liquor interests of Independence to prevent the county court of Polk county from making order declaring Polk county dry as a result of the last June election Judge Galloway in open court at Dallas, last week took just the opposite view of the construction of the state statutes to that of Judge H. K. Hanna, of the circuit court for Jackson county, when the latter ruled that the charter of Medford, which gave the city exclusive control and regulation of the liquor traffic and repealed all acts in conflict with its provisions, took precedence over the local option law.

The Medford case is taken up to the supreme court on appeal from the decision of Judge Galloway in the independence case has been given by the state. The decision of the supreme court in both these cases, the independence case being identical to that of Medford, will doubtless be watched with much interest on the part of both the wet and dry element of the state. Judge Galloway also sustained the motion of the defendant, county court of Polk county, to dissolve the injunction sued out by the liquor interests of Dallas.—Ex.

"TIMES HAVE CHANGED."

Of more than ordinary interest is the following paragraph, clipped from the current issue of "The Classic," the widely known Methodist publication of Cincinnati, Ohio: "A glimpse at something bright."

"Times have changed" says the old man as he looks back over fifty years of life. And he is right for everything changes in the world. But have you ever thought how much better the world is today than it used to be? Here is an instance taken out of the political history of our country. A few years ago there was a certain politician, who was well known throughout the United States as a great orator. He went up and down the country, speaking against Grover Cleveland. People paid high prices to hear him do it and to laugh at his coarse wit. That was Robert W. Ingersoll. Today, among many others, there is another politician in the public eye. He is a great Christian, a firm believer in

the eternal verities of religion. He is also going up and down the country, lecturing about God, and Christ and the Book. But he does not blaspheme; he upholds all of these by his voice and eloquence, and people pay high prices to hear him to it as he speaks of "The Prince of Peace." That is William J. Bryan. Have the times changed? Yes, and for the better, too. It is a great thing to be able to see the bright side of life.

WILL HARRIMAN BUILD IT?

Talk of Coast Line From Portland to 'Frisco Revived.

PORTLAND, Or., Aug. 23.—When Edward H. Harriman confers with Julius Kruttschnitt in Klamath this week the new road into central Oregon will not be the only thing discussed. Kruttschnitt returned yesterday from a trip to Tillamook, having thoroughly gone over the resources of that territory. His idea is to build a coast line for the Southern Pacific from San Francisco to Portland. That this line is again talked of by Harriman there is no doubt.

It was Kruttschnitt who conceived, planned and executed the coast line from Los Angeles to San Francisco, which runs along the shore nearly the entire distance between the two California cities. In many places the roadbed being actually constructed on the beach, within a few rods of the sea. Since the completion of his line the director of maintenance of the Harriman system has been busy at work scheming a similar line north from San Francisco to Portland.

At present there is a line in existence from San Francisco bay to Willits, in Mendocino county, known as the California North-western and controlled by the Santa Fe and the Southern Pacific. It is generally recognized, however, that the road is controlled by Harriman and that he

Of Interest To Women.

To such women as are not seriously out of health, but who have exacting duties to perform, either in the way of household cares or in social duties and functions, which seriously tax their strength, as well as nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nerve. Its timely use may relieve sickness and suffering, may be resorted to during the time of the "menstrual" pain, and it is believed to have to be employed if this most valuable woman's remedy were resorted to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless. Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a medicine of known composition, a full list of all its ingredients being printed in plain English, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol. In its makeup, in this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of women's peculiar troubles, and all ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and is as a remedy for the ailments for which "Favorite Prescription" is recommended. A little book of these endorsements will be sent to any address, post-paid, and absolutely free if you request same by postal card, or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. Easy to take and steady.

CANYONVILLE NEWS.

J. S. Pardee, of Topeka, spent two days last week at his home near Canyonville, leaving Friday for Weeds, Calif., where he will take a position in the power plant.

Mr. and Mrs. J. W. Pardee, with their three children, Willard, Marvin and Shirley, left Wednesday for a two weeks' visit with their daughter, Mrs. Chas. Bartley, at Ranier.

Alex Dubell has been in town this week, having just returned with his parents from Red Lodge, Mont. Mr. and Mrs. Dubell were in Roseburg the first of the week, but do not intend to return to Canyonville. They may go to Coos County.

Messrs. McKnight and Buffington with their families, arrived the first of the week from Bay City, Mich. They have moved into the house on Mrs. Kimmel's place and will remain for the prune-picking season, at least.

Mrs. D. W. Wight and children returned Thursday from Portland, where they have spent a part of the summer. They were accompanied by Mrs. Kirk Puckett and baby, who will visit with relatives.

Born, DeVore, in Canyonville, on August 16, 1908, to Mr. and Mrs. DeVore, a son.

Born, Raymond, at Days Creek, Or., Aug. 20, to Mr. and Mrs. W. H. Raymond, a boy.—Echo.

Passed Examination Successfully.

James Donahue, New Britain, Connecticut, writes: "I tried several kidney remedies, and was treated by our best physicians for diabetes, but did not improve until I took Foley's Kidney Cure. After the second bottle I showed improvement, and five bottles cured me completely. I have since passed a rigid examination for life insurance." Foley's Kidney Cure cures backache and all forms of kidney and bladder trouble. Red Cross Pharmacy.

TAFT'S TARIFF PROMISE.

HOT SPRINGS, Va., Aug. 22.—Just what are Mr. Taft's views regarding the revision of the tariff were incidentally expressed by him today.

"If elected," he said, "I shall call the Sixty-first congress together in extraordinary session to revise the tariff at the very earliest moment. I have authority to do so. I consider such action to be my obligation under the tariff plank of the republican platform."

HERE IS A LIFE INCOME

OWN A ROSEBURG HOME-ORCHARD TRACT ON THE UMPQUA RIVER

TEN ACRES OF THIS RICH RIVER BOTTOM LAND, IN THE CENTER OF OREGON'S FAMOUS FRUIT BELT, WILL MAKE YOU INDEPENDENT FOR LIFE.

Our plan of development with small fruit and vegetables, while the fruit trees are reaching a bearing age, means that your income begins at once—an income next year equal to the cost of the tract, and only a very small investment necessary.

Delightful climate, richest soil, schools, churches, social life, and a good income, all combined. You can work eight months and then indulge your desire to travel, or rest, or spend the remainder of the year as you wish.

No man controls your every hour, nor limits your income; and no financial panics can have any terrors for you when you are reaping the harvest of the soil.

The fruitgrower of Oregon is a man that is absolutely independent. He knows that a 10-acre orchard, when properly cared for, will bring him a certain income of \$500 a year. Do you want to get in this class?

Our tracts are all cleared, ready to plant; no stumps to pull, no preliminary work, no irrigation necessary, and you can make each tract pay for itself.

We want you to meet the man who bought a half interest in a 20-acre orchard near our tract last year for \$2750—bought a dryer costing \$500—bought a team for \$300—paid a Roseburg bank 8 per cent interest on the money to do it with, and within the year cancelled his debt at the bank over \$4000, and had a neat balance left—this profit was one-half of the amount cleared on the tract.

THIS OPPORTUNITY IS YOURS—COME IN AND LET US POINT THE WAY

If you are not ready to live upon a tract of this land, we will raise strawberries, raspberries, currants, cantaloupes, melons, potatoes, onions, asparagus, celery, etc., on your tract, put up the money for seed and labor, market the produce, and at the end of the season pay you one-half the net profits. If we didn't absolutely know that this proposition would pay us, we wouldn't put our money in it, and you are going to make a dollar everytime we do. We can put small fruits and vegetables on the market two weeks earlier than any other section in Oregon, AND WE ARE GOING TO DO IT NEXT YEAR. We have an orchardist and farmer of 20 years' experience who will superintend this work, and a member of this firm will give his personal attention to the property. The soil is of great depth, and development between the rows does not affect the prosperity of the trees. Experiment has shown this to be true. One-half the profits of this development plan will pay you for your tract in two years, set it to orchard and put money in the bank for you. You will then have an orchard tract worth, in the open market, twice the purchase price. We are NOT GUESSING at what we can do here, but this plan is the result of careful study extending over a period of many months. If you want to join this successful fruitgrowing plan, come in and talk it over with us before this tract is sold. Do it now.

Price \$150 Per Acre

Terms \$150 cash, balance \$25 a month. Our development plan will take care of the payments after next Spring, when the crop is marketed.
