ROB A POSTOFFICE

Yegg Men Get \$1,800 in Coin and \$640 in Stamps

AT PARKLAND, NEAR TACOMA

S. P. Station at Kennel, Calif., Held Up and Robber of \$35—Hanging For Wife Murder

Special to the Evening Review.
TACOMA, Wash., Aug. 28.—Safe blowers entered the postoffice at Parkland, a Tacoma suburb, last night, and made a big haul, after partially wrecking the building with dynamite, used on the safe. They stole \$1500 in government money, \$200 in money belonging to Postmaster Erickson, 22,000 stamps of 2-cent denomination and 20,000 one-cent stamps. Postal inspectors are working on the case. Circumstances show that the job was done by professional cracksmen.

S. P. Agency Held Up.
CHICO, Calif., Aug. 28.—Two masked men early this morning entered the Southern Pacific depot at Kennel and held up F. W. Woods, the night operator, ordering him to open the safe. On his bonded knees, Woods begged for his life, explaining that the combination of the safe was known only to the day agent. The robbers then turned their attention to the cash drawer, breaking it open and securing \$35. There is no clue to their identity.

This Robbery a Big One.
MOSCOW, Russia, Aug. 28.—A stupendous swindle of the government postoffice was revealed today up on the discovery that thousands of dollars worth of cancelled stamps were cleaned and sold throughout Russia. Thirty arrests have been made. Six million cancelled stamps were sold in Moscow alone.

Wife-Murderer Hanged.
SAN RAFAEL, Calif., Aug. 28.—Dolphin Albrit, of Los Angeles county, Calif., was hanged here today for the murder of his wife. He went to his death without any sign of emotion and without making any statement. He was pronounced dead 15 minutes after the trap was sprung.

Death Valley Scott.
SAN FRANCISCO, Aug. 28.—"Death Valley" Scott, the renowned squanderer, supposed owner of a secret gold mine in Death Valley, Arizona, had his wings shown today by Chief of Police Biggy, who advised him to get out of San Francisco and stay out. Scott slept off a spree in the city last night.

Excellent Health Advice.
Mrs. M. M. Davison, of No. 379 Gifford Ave., San Jose, Cal., says: "The worth of Electric Bitters as a general family remedy, for headache, biliousness and torpor of the liver and bowels is so pronounced that I am prompted to say a word in its favor, for the benefit of those seeking relief from such afflictions. There is more health for the digestive organs in a bottle of Electric Bitters than in any other remedy I know of." Sold under guarantee at A. C. Marsters & Co's. drug store, 50c.

TOTAL, \$25,000,000.
Staggering Losses From Timber Fire in British Columbia.

VICTORIA, B. C., Aug. 27.—The heavy rains of the past few days have worked incalculable good in all but extinguishing the forest fires that have for weeks been raging in the Cowichan district and thence toward the heart of Vancouver Island. The very cream of the island's most accessible timber wealth has been licked up by the fire, and the Canadian Pacific railway, the Victoria & Chehalis Lumber Company and the Cowichan and Ladysmith Lumber companies are heavy sufferers, their losses running far into six figures. It is estimated that forest fires thus far this season throughout British Columbia have caused losses approximating not less than \$25,000,000. The heaviest of these losses was in the Crowe Nest section, where the destruction of the town of Fernie was a heavy contribution to the paralyzing total.

An Oregon Loss.
PRINEVILLE, Or., Aug. 28.—A. S. Ireland, forest supervisor for the Deschutes National reserve, with headquarters in this city, returned today from the fire area south of Bend and says that first reports about the damage were not exaggerated. Three entire townships have been burned over, half of one township being swept clean and the others destroyed except for small patches here and there.

HIGH DIVER MEETS DEATH.

ASTORIA, Or., Aug. 27.—A. G. Sullivan, a week ago a dockhand on the steamer Charles R. Spencer, of Portland, met instant and terrible death this morning while participating in the regular aquatic sports. Diving from one of the yards of the British ship Donna Francesca, he shot like an arrow into the sea and was lost. He sank like a rock and boats circling around in the vicinity failed to get a glimpse of the body. Sullivan's dive was fully 120 feet high. He had been told it meant suicide, but paid no heed to warnings about the yardarm he made the leap to death before the grandstand and the throng where the commotion of the regatta queen had just taken place. Thousands of people saw him make the leap. Sullivan went down feet first, but struck the water on his back, according to boatmen who were near the spot. Sullivan was about 21 years old and had a reputation for high diving. He was a sailor on the United States cruiser Christman up to a short time ago.

KING KOHR WINS MILE DASH.

At the district fair at Marshfield Thursday afternoon, W. W. Cardwell's sorrel stallion King Kohr won the one-mile dash over three other steeds, in the time of 1:47 which is remarkably good in view of the fact that the track is very heavy. The purse was \$200, but a diplomat from Marshfield says that several thousand dollars of private money changed hands on the result of the race.

The big event of the fair occurs this afternoon, when the Ocon county Derby will be run. The distance is one mile and an eighth, and King Kohr will probably lead first money. In this also, as the further the distance the better his chances of winning.

WOMEN IN A FURY

California G. O. P. Refuses to Endorse Ballot Plan

VOTE OF THANKS SCORNE

Japan to Greet American Fleet With Warships Drawn up in Battle Formation

Special to the Evening Review.
OAKLAND, Calif., Aug. 28.—Woman suffragists of California hurled defiance at delegates to the state republican convention in this city today, after refusal to accept a rising vote of thanks tendered them as consolation in lieu of a resolution favoring extension of the ballot to women. The delegates were just ready to adjourn when Frank Domingue moved to extend the thanks of the convention to the suffragettes "who inspired the delegates to acts of higher statesmanship by their presence." At this the delegates stood up, doffed their hats and cheered the women. In the midst of this, however, Mrs. Agness Pease, of Denver, one of the suffragettes, walked down the aisle with clenched fists and, facing the chairman, said: "Mr. Chairman, the women refuse to accept the thanks of this convention. You need not think you can pass us off with thanks; we are not here to please men, we are here because we've got a right to take part in government. We will not give up this fight."

There was cheering on part of Mrs. Pease's supporters, after which the convention adjourned.

12-Year-Old Heroine.
ALICE WHALEY, a 12-year-old girl, is the admiration of all San Diego beach today. Bruce McKenzie, a boy smaller than she, waded out over his head and was drowning, when Miss Whaley went to his rescue, towing the boy back to the land by the braid of her hair.

What a Fine Chance.
TOKYO, Japan, Aug. 28.—It was decided today that the American battleship fleet shall be greeted upon its arrival at Yokohama by the assembled Japanese men-of-war, drawn up in battle line for welcome. Japan has set about to make the reception to the fleet the greatest of any during its journey around the world.

C. P. Strike Unsettled.
WINNIPEG, Man., Aug. 28.—No definite movement has developed toward a settlement of the strike of Canadian Pacific machinists. The rolling stock is getting in bad shape, and engineers are becoming restless, fearing to ride on the locomotives unless they are repaired.

IMPROVEMENTS AT U. OF O.
EUGENE, Or., Aug. 27.—The work of the University of Oregon during the coming year will be the strongest in the history of the institution, due to the fact that the working tools of the University, books, apparatus, etc., have been much bettered during the summer. The library has been greatly strengthened by the addition of 100,000 worth of new books and much new apparatus has been ordered for all departments.

A number of new instructors have been added, notably a professor of Geology, a chair that has been vacant since the death of Dr. Condon, an assistant professor of Political Science, and a professor of Psychology, an assistant professor of Education, a new head librarian and a number of instructors in departments that have been badly crowded.

Work on a new recitation building to relieve the overcrowded condition of the other buildings is being pushed, and it is hoped to have it ready for use soon after the opening of the session. The girls' dormitory has been completed and furnished. A number of new student club houses have been erected this summer.

The number of students will probably be from a third to a half greater than last year. Applications for admission are coming in the Registrar rapidly, and the number on file is much larger than usual at this time. The freshman class will number between 200 and 250 students. The fall session begins Tuesday, September 22nd.

W. E. Chapman was down from beyond Lurley today.
M. J. Dick was down from Myrtle Creek on business today.
Sam Ball was down from Riddle today. He reports threshing finished there and plans harvesting will begin about Sept. 10.
Dan, Willie, Kramer was down from the Myrtle Creek mines Thursday. He is getting out a carload of high grade ore for shipment.

TOWN IS FLOODED

Cloudburst Destroys Folsom, New Mexico

DEATH LIST WILL BE LARGE

Ship Carries Down 51 of Crew Off Chinese Coast—Waters in Georgia Falling

Special to the Evening Review.
EL PASO, Aug. 28.—Eleven persons are known to be dead and many others are believed to have perished in the town of Folsom, New Mexico, which was inundated by a cloudburst today. Details are hard to obtain, owing to the fact that the town is situated in the mountainous district. One dispatch says the entire town was swept by the torrent of water and that many houses were carried away. Parties are now searching for the dead.

Ship Sinks in Typhoon.
SAN FRANCISCO, Aug. 28.—According to a telegram received at the Merchants' Exchange here today, 51 members of the crew of 53 went down with the British steamer Dunelm which was caught in a typhoon off the coast of China. The steamer sank so quickly that the men below the deck were caught on their way up and drowned.

Georgia Flood Receding.
ATLANTA, Ga., Aug. 28.—The flood waters throughout the state are receding and many destitute people are being relieved. The known dead number fifteen, most of them negro laborers. Rains have ceased and the river at Augusta is falling. The property loss there is estimated at \$2,000,000.

THE STORY OF SONGS SANG AT THE CRESCENT THEATRE.

One night "Down in the Old Cherry Orchard," while "Brocho Buntor" was leaving for "Bunker Hill," "The Belle of the Ball" and "Cheyenne" said "Bye Bye, Dearie," "We've Been Chums for Fifty Years" so "Dream on, Dear Heart, Dream on" and "Keep on Smiling," for "Somewhere," "The Moon Has His Eyes on You," "The Stars, the Stripes and You," "Honny Boy" said "Wait till I love you," "Shoes, Nails" and you can "Take Me Back to New York Town," "True Heart," for "It's Great to be a Soldier Man," "In the Good Old U. S. A."

But she said "Good Bye, Sweetheart, Good Bye" "When I'm Away from You" and "When You Know You're Not Forgotten by the Girl You Can't Forget." "Won't You be My Honey" for "I'll be Dreaming," "Dreaming Love of You," "Dearie," "Down Where the Swanee River Flows" and "The Heart You Lost in Maryland You'll Find in Tennessee," or "Mid the Green Fields of Virginia."

Then "The Man in the Overalls" said "Ain't You Coming Back to Old New Hampshire, Molly" with "Two Little Baby Shoes" and "Smile on Me," for if you'll give me "Just One Word of Consolation." "In the Evening by the Moonlight," "Dear Louise" I'll be "With You in Eternity."

This is "The Tale the Church Bells Told."

S.S.S. CURES OLD SORES

No old sore can heal until the cause which produces it has been removed. External applications of salves, washes, lotions, etc., may reduce the inflammation and assist in keeping the place clean, but cannot cure the trouble because they do not reach its source. Old sores exist because the blood is infected with impurities and poisons which are constantly being discharged into the place. The nerves, tissues and fibres of the flesh are kept in a state of irritation and disease by being daily fed with the germ-laden matter through the circulation, making it impossible for the sore to heal. S. S. S. cures chronic sores by its purifying action on the blood. It goes down into the circulation, and removes the poison-producing germs, impurities and morbid matters which are responsible for the failure of the place to heal. S. S. S. makes the blood pure, fresh and healthy; then as new, rich blood is carried to the spot the healing process begins, all discharge ceases, the inflammation leaves, new tissue begins to form, the place fills with firm, healthy flesh, and soon the sore is permanently cured. S. S. S. is purely vegetable, the safest and best blood purifier for young or old. Book on Sores and Ulcers and any medical advice free to all who write.

TO BUILD THROUGH OREGON.

North and South Line for J. J. Hill Declared a Go.

PRINEVILLE, Or., Aug. 28.—W. F. Nelson, of Portland; J. P. Porter, of Vancouver, Wash., and John D. Porter, of Spokane, Wash., passed through this city Monday afternoon by auto bound for Medford by way of Bend and Klamath Falls, Or., their object being to get a general idea of the interior Oregon country and local conditions in regard to the building of a railroad up the Deschutes River Valley this fall, said line to form a north-and-south route between the Columbia River, Klamath Falls and San Francisco. Work is to commence in December, and it is understood that the Porter brothers will act as agents for the Hill interests.

The visitors while in this city called on both local banks, the First National and Crook County bank, and made the positive statement to the banks' officers and other local capitalists that construction would begin between now and January. They did not ask financial support here, but there is \$100,000 available to the first railroad which comes into this city as a standard steam gauge. The railroad as contemplated does not touch Prineville, but passes 18 miles to the westward, through Madras, Redmond and Bend.

SLAIN BY KNOCKERS.

A city can be built up by "boasting" and stagnated by "knocking." As the result of "knocking," a successful triple attempt at suicide has been made in Medford by a pessimistic merchant, discouraged by the pessimistic prospects presented by the knockers. This merchant came here last spring, was charmed by city and valley, impressed with the opportunities offered, and determined to enter the commercial field. He returned, rented a store and purchased his stock.

Before the stock arrived the anvil chorus began. The frailty of human nature is such that sometimes a little discouraging talk will produce on sensitive minds, despondency, despair and insanity. In this case there was no question in the mind to suffer the stings and arrows.

Against a sea of troubles, and, by opposing. End them. There is nothing noble about it. The deed was the raising of the flag of surrender in the battle of life and a showing of the white feather before the fight began. Only insanity can explain this desire to flee from imaginary troubles.

But a touch needed to topple over the unbalanced reason was supplied by knockers, who, if they were listened to, would block all progress in the world. Those whose conversation cannot reflect a little of the sunshine the Lord has showered on this pleasant valley, and whose thoughts are not tinged some with the faith and hope that the beautiful blue bowl above symbolizes, had better keep still, lest the seeds of discouragement they ruthlessly sown blossom into blood-stained immortelles to deck the grave of the suicide.

The above is taken from the Medford Tribune and was an editorial on the suicide of Frank I. Nelke in that city last week. The "knocker" is generally a parasite, and, though to be regretted, infests every community. There are two or three in Roseburg.
