Last Saturday evening the Oakland lodge of Woodmen of the World entertained the members of the Women of Woodcraft, of that city. After a brief lodge session the guests were admitted and a very enjoyable social evening was spent. Music, recitations and brief talks enlivened the occasion, which will doubtless awaken new interest in the work of the order there. Oakland Camp has for some years past merited the reputation of being one of the best and most active organization of Woodmen in the state, and now has a membership of over 170 in good standing. The Circle is also alive and prosperous. Among the features of the evening was the serving of refreshments, and these were delicious and abundant. Among the visitors were Z. N. Agee, Grant Taylor, W. R. Hammitte, Earl Pickens and L. Wimberly, of this city. A splendid trip in Mr. Taylor's auto is reported by them.

Excellent Health Advice.

Mrs. M. M. Davison, of No. 379 Gifford Ave., San Jose, Cal., says: "The worth of Electric Bitters as a general family remedy, for headache, billiousness and torpor of the liver and bowels is so pronounced that I am prompted to say a word in its favor, for the benefit of those seeking relief from such afflictions. There is more health for the digestive organs in a bottle of Electric Bitters than in any other remedy I know of." Sold under guarantee at A. C. Marsters & Co's. drug store. 50c.

FILES ON POWER SITE.

Eugene Guard: Dr. W. Kuykendall, while on his outing at Triangle Lake, last week, filed upon a water power site on Lake Creek, where the creek leaves the lake. He appropriated 180,000 miners' inches of the waters of the creek for electrical power purposes. The point of diversion of the proposed canal is where the creek leaves the lake and the general direction is southwesterly parallel with the creek. The canal will be 15 feet wide at the bottom and six feet deep. Dr. Kuykendall has not announced what he will do with his power site, but it is a valuable one, and it is probable that it will be improved in the near future.

NOTICE—All persons who have been dumping rubbish along the county road in the Deer Creek district, No. 32, are hereby warned to desist as such practice is unlawful.

PAVING WORK TO BEGIN.

Rock Crusher and Other Equipment is Coming This Week.

Letters received by City Recorder Orcutt, from the Warren Construction Co., who have the contract for Roseburg's street paving, announce that they will ship their first rock crusher to Roseburg this week to begin their preliminary work on the 18 blocks of street paving to be done in this city right away. According to the specifications of the contract this crusher is to be in place here by next Saturday. The work of putting in the necessary curbings is also to be commenced at once and the grading will also be done as fast as practicable.

In conjunction with this paving work a large amoun of sidewalk building will be necessary. The specifications call for cement walks 12 feet wide abutting all the paved area. This means that in addition to nearly a mile of bitulithic paved streets, Roseburg is soon to have about two miles of fine broad sidewalks.

Some plan should now be devised for removing all the unsightly poles and wires, as well as all the old dilapidated awnings from the principal streets, and Roseburg will at once merit the reputation of being the most attractive city in Oregon. All the telegraph, telephone and electric light and power poles and wires will have to be replaced before the paving is completed and now will be the most favorable and least expensive time we are likely to ever have to get these poles placed on the back streets and alleys, out of the way. Roseburg is going to grow rapidly from now on and it will cost far more to change these lines a few years later than it will to do it now. The volume of wires is bound to increase rapidly, and therefore the opportune time to remove them to the back streets at a minimum of expense is now.

Passed Examination Successfully.

James Donahue, New Britain, Connecticut, writes: "I tried several kidney remedies, and was treated by our best physicians for diabetes, but did not improve until I took Foley's Kidney Cure. After the second bottle I showed improvement, and five bottles cured me completely. I have since passed a rigid examination for life insurance." Foley's Kidney Cure cures backache and all forms of kidney and bladder trouble. Red Cross Pharmacy.

MONEY FOR COOS BAY ROAD.

Los Angeles Man Offers $20,000 Toward Improvements.

SALEM, Or., Aug. 30.—"A man named Crow, from Los Angeles, offered to contribute $20,000 toward the improvement of the road from Marshfield to Roseburg," said Judge Scott today upon his return from an extended trip in the interests of the good roads movement in Oregon.

Judge Scott states that every place he visited is clamoring for a good roads convention during the winter. He looks to see a great highway constructed from one end of the state to the other, and also a road into the Coos Bay country.

"I have found Bucklen's Arnica Salve to be the proper thing to use for sore feet, as well as for healing burns, sores, cut, and all manner of abrasions," writes Mr. W. Stone, of East Poland, Me. EDENBOWER NEWS.

Russell Poe and a Mr. Crow, of Roseburg, were our guests Sunday.

Mrs. Geo. Tolley expects her parents to arrive here in a few days from Missouri. They (Mr. and Mrs. Simmons) will spend the winter in Roseburg.

John Botcher, our local merchant has built a new porch and made other improvements on his residence.

Mrs. Geo. Merrill and Miss Anna Ferguson visited at Myrtle Creek last week and report some pleasant experiences.

The peach wagons are not so frequent as a week ago, the early crop being about harvested. The crop has been considered short, but the fruit very fine. Pear packing began Monday morning. A very heavy crop is reported. Prunes are coming on fast and in some places the crop is abundant and other places light. Taking it all around, the Edenbower fruit crop has been fair.

Old settlers say this is the dryest year yet in Oregon, Sweet Oregon. In spite of these facts, Mrs. R. Hathaway has a fine corn crop. If you want to see onions that will make your eyes water just stop at Mr. Will Thacker's. Patronize home industry and try some of them.

A new school district has been formed near the store of Jno. Botcher with about sixty pupils.

Listen to this will ye! Edenbower has a new P. O. This is an item of interest. It will be in operation in a few days.

Rumor says we will soon have the city water system extended down our way. Rumor says the McCord's are going to have an automobile. Rumor says I made a mistake when I asked what kind of a looking woman Mrs. Joe Harvey was. Rumor says that Edenbower is soon to be incorporated into the city limits.

Miss Laura Edgerton has been employed to teach the Edenbower school. School will begin next Monday. Miss Edgerton will make her home with Mrs. Tolley.

Arthur, Elsie and Edwin Verrill returned Sunday from a two weeks' visit at Eugene. They visited with Mrs. C. P. Barnard and other relatives.

Frank Davis, while out riding in an automobile, says the "auto became disconnected" and he came near meeting with an accident.
