See Pat for your Paints, Oils and Varnishes; best on earth. He can save you money, with a positive guarantee back of the goods. P. O. Box 302, Roseburg, Ore. BS20

City Recorder A. N. Orcutt returned this morning from a business trip to Portland, bringing the street paving contracts signed by the Warren Construction Company. The signature of the proper city officials will be affixed this afternoon. Mr. Orcutt states that he was told by the Warren Construction Company that the working plant was being prepared for shipment to Roseburg at once.

Among the first implements to be sent here will be a rock crusher and a roller. The paving apparatus will follow just as soon as there is on hand sufficient crushed rock to commence work on the streets. The bond of \$20,000 required of the paving company to insure the faithful performance of its contract has been furnished, the surety being the United States Fidelity Co., of Baltimore.

BEST FAIR YET HELD.

District Meet at Marshfield Was a Decided Success.

President C. W. Parrott and Vice-President J. C. Aiken returned Tuesday evening from the District Fair at Marshfield. W. W. Cardwell and family came in this morning and F. G. McCall and wife and John T. Long and wife are expected this evening. Ewart Bros. are also enroute. County Clerk Lenox, Grant Clayton, T. D. Weatherford and S. K. Sykes were among those returning early. Mr. and Mrs. Henry Harth and Mr. and Mrs. A. D. Daly are among those enroute home. Messrs. Aiken and Parrott report the fair just closed the most successful and the most largely attended ever held on the Bay. Light rains at night were just sufficient to keep the dust well settled and the afternoons were simply fine. The racing was good, the exhibits fine and everyone had a good time.

A clear Complexion and Bright Eyes.

In most cases a sallow, blotched complexion and dull heavy eyes are due to poor digestion and an inactive liver. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels and makes the complexion smooth and clear. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. Red Cross Pharmacy.

Clerical Clothes in New York. "Today I encountered a victim of New York tailors that astounded me," said a western clergyman. "I ordered a suit of clothes from a man who refused to work for me."

"What's the reason you folks are passing me along to another tailor?" I asked. "Do I look hard to fit? Are you afraid you won't get your money?"

"The tailor explained that neither of my guesses was correct. He declined to make my clothes simply because I am a clergyman and require a clerical cut. He let me down easily by stating further that he never undertook to make ecclesiastical garments, that very few of the lay tailors in New York do undertake them. They do not have enough of that kind of work to keep them constantly informed on the requirements of the different religious orders. A mistake would be embarrassing to the clergyman and to the tailor, so they hand all such customers over to tailors who make a specialty of such work."—New York Sun

The New Pure Food and Drug Law. We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. ROLLER ARMED WITH SPIKES.

Machine That Rips Up a Road For Repair Work.

A big machine has been at work on the roadway at the north end of Lincoln park, in Chicago. It is a monster steam roller, with a double row of spikes in one of the wheels, and the function of the contrivance is to loosen up the old material in the roadway preparatory to covering it with a fresh coating of crushed stone. As the wide tired wheel rolls on the roadway the spikes sink in the old stone material that has hardened from many years' wear. This serves to loosen the material, so that when the fresh supply of crushed stone is applied it may be forced down into the old bed by running an ordinary steam roller over it. The spikes are removable, so that the wheel may be used also for a packing stilt.

NEW ROAD MACHINE.

Scores of persons gather around the big sharp toothed crusher and ask all kinds of questions. When the puncher has been rolled along the road until the rows of holes reach the width of the driveway it presents the appearance of a sheet of perforated postage stamps, and the whole operation has to be explained for the benefit of the onlookers.

GOOD ROAD CONGRESS.
Purpose and Features of the International Gathering at Paris.

Colonel Charles S. Bromwell, Clifford Richardson and William Page have been appointed by President Roosevelt to represent the United States at the international road congress to be held in Paris during October, 1908.

Napoleon was a great advocate of road building, and since his time France has spent between \$500,000,000 and \$900,000,000 on her highways. The advent of the automobile has proved a serious menace to the surface of the roads, and the purpose of this congress is to hear opinions of experts on the subject and to condense them into a practical idea of the treatment and care of the surface of a road.

This congress, to which the governments of the various nations have been officially invited to appoint representatives, will be opened Oct. 11 and will be in session seven days.

It is proposed during the life of the congress to give several festivals in Paris and also excursions, one particularly to Nice, to enable the members to visit especially fitted up roads or roads in course of preparation.

The United States government has made several tests at Washington lately, principally by taking photographs of the clouds of dust raised by each automobile, going at different rates of speed at from five to sixty miles an hour. These dust clouds were weighed in order to determine how much of the surface of the road was taken off by a motor going at an excessive rate of speed. This point and a number of others which have been ascertained by the government of the United States undoubtedly will be brought to the attention of the congress by one of the American representatives, and it is more than likely that Colonel Bromwell will read a paper.

SPLIT LOG DRAG EFFECTIVE.
Heavy Rains Give Implement a Fine Chance to Prove Itself.

The heavy fall of rain that the Red river valley and northern Minnesota experienced recently proves beyond doubt the extreme efficacy of the split log drag as a good roadmaker. The streets of Thief River Falls and many of the rural highways leading into the city have been consistently worked by these drugs for two years. The results were most apparent and striking the other week, just following the heavy rains.

In spite of the amount of traffic that the streets of Thief River Falls carry daily, they are in excellent condition, nicely graded and as hard as a paved street. The country roads that have been dragged for two years are as passable as during the driest season in summer, while the roads that have not been worked by the drugs are almost impassable.

Novel Highway Proposed.
A novel proposition has been made for the beautification of the highway between Thermal and Coachella, in California, a distance of three miles. The waste waters from the Coachella ice plant are diverted along this highway and extend almost to Thermal before they are absorbed by the soil, says the Los Angeles Times. The proposition is now made that fig trees be set along the highway, on the water ditch, where they would be kept growing by the waste water. Within a year these trees come into bearing, and the three mile highway, lined with bearing fig trees, would not only be a most attractive drive, but might be made to yield a profit for road improvement.

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of the prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for 20 years, although I am now 91 years of age." Red Cross Pharmacy.

When coming down the mountain near the Mountain House, on the Coos Bay road Tuesday afternoon Messrs. J. C. Aiken and C. W. Parrott met three small boys from this city footing it toward the coast. When asked their destination the boys said they were going to "Uncle Bob's," but were unable to tell who "Uncle Bob" is or where he lives. They were advised to turn back, which they did, but whether they returned to town is not known. The oldest boy appeared to be about 13 years old and the other two about 11. They said they had had nothing to eat since leaving town, but that their parents knew they were going.
