PRESIDENTIAL TEDDY BEARS.

Two little bears essayed one day Before the world to make a play. One little bear was Billy B. The other bear was Billy T.

Said Billy T to Billy B: "Let's travel 'round; let people see And they shall choose twixt you and me Which Billy bear it is to be."

Said Billy B: "It's plain to me The trouble now with Billy T Is that he really cannot see That people all want Billy B."

Said Billy T to Billy B: "I represent the G. O. P. Which means, if anything to me The people all want Billy T."

Said Billy B to Billy T: "The common folks are all with me They like me well! They like my 'mule.' My slogan is, 'Let the people rule!'"

Said Billy T to Billy B: "Your catchy slogan sounds to me Mere idle words, not worth a thought And it will surely come to naught!"

Said Billy B to Billy T: "Dear Billie; just remember, The 'plum' is mine, as you will see. On the sixth day of November."

The Billy bears scanned hard the map Each squared off for a friendly scrap As good bears do in 'family jars.' One went fishing; one took the 'cars.' —Medford Tribune.

COLORADO REPUBLICANS.

DENVER, Colo., Sept. 11.—Colorado republican politicians are gathering today in advance of the state convention of the party, which will be held tomorrow. The democrats held their convention in Pueblo earlier in the week, and the political campaign will soon be on in full blast.

Leaders of both parties are exhibiting a great deal of confidence. Many bitter criticisms have been directed at the Rev. Henry Buchtel since he became the republican governor of Colorado and personalities will likely figure largely in the fight.

Republican politicians express the conviction that Taft is certain to carry Colorado, but it is admitted that Bryan has many adherents in this state. In 1896 the Nebraska received the overwhelming plurality of 134,882. In 1900 the democratic plurality was 29,661, and in 1904 Roosevelt carried the state by 34,592.

There is no doubt that the personal popularity of the president was largely responsible for the large vote he received. While both Taft and Bryan have many devoted adherents, neither are able to arouse the enthusiasm of the voters as did Roosevelt.

Whether Colorado's electoral vote shall be cast for Bryan or Taft is still uncertain, and until the votes are counted next November, Colorado will remain in the ranks of the doubtful states, to be claimed by both sides. The Hearst party vote will not cut any figure, but the Socialists claim to have greatly increased the number of their adherents in the last few years, and the strength of that party may prove a surprise. There is also considerable prohibition sentiment in the state, which is likely to crystallize into votes for Chaffin.

CHANLER FOR GOVERNOR.

NEW YORK, Sept. 11.—That Lieutenant Governor Chanler will be given the democratic nomination for governor of New York by the democratic state convention next week is the declaration of politicians who claim to be "in the know." Chanler was formerly a Hearst man, but like all the other followers of the newspaper politician, has deserted his chief now that he has secured an office and has returned to the democratic fold.

COMMODITY CLAUSE INVALID.

Hepburn Law Gets Setback From a Pennsylvania Court.

PHILADELPHIA, Pa., Sept. 10.—Declaring it to be drastic, harsh and unreasonable and an invasion of the rights of the state and therefore repugnant to the Constitution, the United States circuit court for the Eastern District of Pennsylvania today dismissed the suits of the federal government to enforce the commodities clause of the Hepburn railroad act against the anthracite coal-carriers of this state. Judges George Gray and George H. Dallas filed opinions dismissing the suits and...

Joseph Huffington dissented, but did not file an opinion. The commodities clause prohibits railroad companies to transport in interstate commerce any article or commodity manufactured, mined or produced by them or under their authority. The case was argued in June. United States Attorney-General Bonaparte delivering the principal argument for the government. The effect of the commodities clause, if constitutional, would be to confine the mining of anthracite coal by the railroads to that for use in Pennsylvania only, and compel the railroads to sell all the mining property they are interested in, either directly or indirectly. It is almost certain that the case will be appealed directly to the United States supreme court.

OREGON NEWS.

The destruction of valuable timber by the fires raging in all parts of Klamath county still continues. Thousands of acres have been burned over along the west shore of the Upper Klamath Lake, and more than 100 men are now in the woods fighting the flames. The year is one of the worst in the history of southern Oregon for fires, mostly started by campers and hunters who do not extinguish their camp fires.

The 16th annual encampment of the Southern Oregon Soldiers and Sailors' Reunion Association at Central Point began Tuesday and ended Thursday.

The annual reunion of the Lane County Veterans' Association, a big affair among the old soldiers, will be held in Eugene Sept. 23, 24 and 25.

The salmon canneries and ice plant of I. H. Taffe, at Celilo, were totally destroyed by fire Thursday. The loss is probably over \$50,000 and uninsured.

Twenty-eight county school superintendents are holding a convention at Salem. Among other things so far recommended are: That there be one trustee officer for each county instead of several, as at present; that the county clerk be authorized to pay tuition in high school for children who have no high school opportunities in their own districts; that county institutes be held for four days instead of three, and that teachers receive pay for five days instead of three; that the holding of the 8th grade examinations be again placed in the hands of the teachers, but with uniform questions, as at present.

William Barclay is under arrest at Alturas, Calif., charged with the murder of F. O. Jacobs, a horsebuyer, on Yainax Butte, Klamath Indian Reservation, August 26. Sheriff James, of that county, will bring the prisoner, who is a half breed, and an Indian boy who was with him, to Klamath Falls to await trial. Evidence going to show that a crime had been committed and revealing the face of concealment of the body was given by an aged great uncle of the alleged murderer, who helped to conceal the body. The old Indian, Atih John, by name, was worried by his knowledge of the murder and communicated the information to others. The coroner's jury declared a belief in Barclay's guilt after hearing this testimony.

ATTY. GEN. EXPLAINS TAX LAW.

In reply to a letter from Sheriff Stevens of Multnomah county, Attorney General Crawford has rendered a decision in regard to the collection of delinquent taxes, which affects the whole state as well as Multnomah county.

The decision is in regard to the 1907 law, which differs from the previous law in the manner of the collection of delinquent taxes. Under the present law, when taxes have been delinquent for six months a certificate of delinquency is made out against the property on which the tax is owed. The payment is then enforced by foreclosures, without advertisement. Under the decision no certificate of delinquency can be issued on the 1906 tax roll, and taxes on that roll which are now delinquent must be collected under the old system, as though the 1907 law had not been passed.

What Do They Cure?

The above question is often asked concerning Dr. Pierce's two leading medicines, "Golden Medical Discovery" and "Favorite Prescription."

The answer is that "Golden Medical Discovery" is a most potent alternative of blood-purifier, and tonic or invigorator; and acts especially favorably in a cure for the various diseases of the urinary tract, such as catarrh of the bladder, bronchial tubes, stomach, bowels and bladder, curing a large per cent of catarrhal cases whether the disease affects the bladder, prostate, ureters, urethra, or other pelvic organs. Even in the chronic or advanced stages of these diseases, it is often successful in effecting a cure.

"Favorite Prescription" is advised for the cure of the various diseases of the female system, such as irregular menstruation, leucorrhoea, and all the various ailments incident to women only. It is a powerful yet gently acting invigorating tonic and nerve. For weak worn-out, over-worked women—no matter what has caused the breakdown, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars is sent each both giving the formulae of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice, as guides in prescribing, say of each in different cases.

The words of praise bestowed on the several ingredients entering into Dr. Pierce's medicines by such writers should have more weight than any amount of non-professional testimonials, because such men are being furnished with their medical books and know what they speak.

With medicinal non-poisonable, non-narcotic and non-drowsy ingredients, forming a most potent alternative of blood-purifier, and tonic or invigorator, Dr. Pierce's medicines are the most reliable and most effective of any ever known.

PEOPLE OF THE DAY

A Noted Labor Advocate. Samuel Gompers, labor leader, whose support of the Democratic national ticket has aroused some criticism from trades unionists, is a cigarmaker by trade. As president of the American Federation of Labor and vice president of the National Civic Federation he occupies a prominent place in the world of organized labor.

Mr. Gompers is a voluminous and indefatigable writer. He is constantly appearing in the newspapers, and much of the American Federationist is written by his hand.

Episcopal Wit. "Our Bishop Burgess," said a Garden City man, "is one of the few American clergymen who, being graduates of the famous University of Oxford, are entitled to wear the Oxford hood."

"At a certain service another bishop, also an Oxford man, nodded toward the officiating clergyman and whispered excitedly to Bishop Burgess: 'Why, look! He has got an Oxford hood on.'"

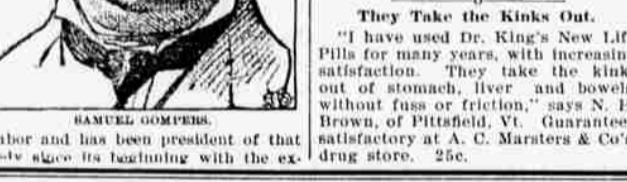

"So he has," said Bishop Burgess. "But he is not entitled to it. He has no Oxford degree," exclaimed the first bishop. "Why, the man is wearing a lie on his back."

"Hush," said Bishop Burgess. "Don't call it a lie. Call it a false hood."—Cleveland Leader.

A Tarkington Epigram. "Booth Tarkington at a theatrical supper spoke rather well," said a playwright, "on marriage."

"One remark in his speech struck me particularly by its epigrammatic truth. It was this: 'Before she marries him a girl's opinion of a young man is the same as his mother's; after marriage she comes round rather to his father's view.'"

They Take the Kinks Out. "I have used Dr. King's New Life Pills for many years, with increasing satisfaction. They take the kinks out of stomach, liver and bowels, without fuss or friction," says N. H. Brown, of Pittsfield, Vt. Guaranteed satisfactory at A. C. Marsters & Co.'s drug store. 25c.

INTEREST IN LAND OPENING.

Big Tract in Idaho Promises to be Famous for Fruits.

BOISE, Idaho, Sept. 10.—The enormous number of letters that have been received by the Kings Hill Irrigation & Power Co., relative to the opening of its 15,000 acres of land in Idaho, under the Carey Act, indicates that on October 12, the date of the formal opening, this entire stretch of fertile land, 20 miles along the Snake river, will be taken before the sun sets.

This property has the finest fruit soil in the Northwest; an overplus of a great system of flumes and canals; a telephone service; free ferries across the Snake river; the main line of a transcontinental railroad, a townsite and, superior to all, the best soil, climate and market opportunity of any land that has been opened for settlement in the state of Idaho for many years.

The letters above referred to are from prospective settlers who signify their intention to be present on opening day. The choice of lands will be supervised by the State Land Board of Idaho and those who fail to draw favorable locations will receive back their entrance money. The Carey Act allows ten years for payment of water rights after which the entire system of irrigation comes in the possession of the owners of the lands supplied by the water. Railroads have made special rates for the occasion and also arrangements for the accommodation of those who gather to take advantage of the opening.

How to Get Strong.

P. J. Daly, of 1247 West Congress St., Chicago, tells of a way to become strong. He says: "My mother, who is old and was very feeble, is deriving so much benefit from Electric Bitters that I feel it my duty to tell those who need a tonic and strengthening medicine about it. In my mother's case a marked gain in flesh has resulted, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complaints. Sold under guarantee at A. C. Marsters & Co.'s drug store. 50c.

DIRECTED NEGRO LYCHING.

Former United States Senator Considers He Did Right Thing.

MEMPHIS, Tenn., Sept. 10.—A special from Oxford, Miss., quotes former United States Senator William Van Amberg as follows, with reference to the lynching Tuesday night: "I led the mob which lynched Noise Patton, and I'm proud of it. I directed every movement of the mob, and I did everything I could to see that he was lynched."

"Cut a white woman's throat—and a negro! I would not mind standing the consequences any time for lynching a man who cut a white woman's throat. I will head a mob in such a case any time."

A Sure-Enough Knocker.

J. C. Goodwin, of Reldsville, N. C., says: "Bucklen's Arnica Salve is a sure-though knocker for ulcers. A bad one came on my leg last summer, but that wonderful salve knocked it out in a few rounds. Not even a scar remained." Guaranteed at A. C. Marsters & Co.'s drug store. 25c. Guaranteed for piles, sores, burns, etc.
