An immense line of Cook's Lincolnum just received; in the latest designs. No make of linoleum better and but few as good. B. W. Strong, The Furniture Man. Henry Lander brought a fine "Kling of Tompkins County" apple to this office Thursday. It was grown on river bottom near Winston and is of immense size. See H. C. Ritzman, the up-to-date plumber, for estimates on your plumbing work. Steam and hot water a specialty. Office foot of Jackson street. Phone 1055. Articles of incorporation were filed with the county clerk today by the W. C. Harding Land Co., of Roseburg. The incorporators are W. C. Harding, Dexter Rice and Vesta M. Conn, and the capital stock is \$50,000. The object of the company is to transact a general real estate business. Oyster season is opened. Olympia or Eastern in any style and the right kind of style at J. Falber's restaurant near the S. P. depot. Open day and night. Clean, private boxes. Short orders a specialty. Regular dinners. dtf Bandon Recorder: S. W. Purdy and two other gentlemen whose names we did not learn, came from Roseburg the first of the week on a camping tour. These three gentlemen started from Roseburg in a canvas boat, and sailed down the Umpqua river to its mouth, then walked across the country carrying their boat in the sloughs entering Coon Bay, then across to the Coquille river and down to Bandon. The interesting feature of the journey was the fact that they came all the way from Roseburg by water, with the exception of seven miles which they walked across the country carrying their boat.

### STATE FAIR, OPENS MONDAY.

Will Eclipse all Previous Ones—Big Improvement in Grounds. SALEM Or., Sept. 10.—All signs indicate that the state fair, which is to open at the fairgrounds next Monday, will be the greatest ever held, both in size and character of exhibits, and in number of people in attendance. This having been an exceptionally good agricultural season the exhibits of farm, garden and orchard products will be the best that Oregon has ever seen. Because the fair has expanded to larger proportions and the premiums have been increased, there will be a larger number of entries than at any previous fair. The construction last year of 12 large, light, well ventilated and convenient stables for the livestock has been enough to induce farmers to continue to bring their herds here and has induced some breeders to enter their livestock who have never done so before. The races have attracted the owners of the best horses that come to the Northwest circuit. Proprietors of side attractions have been alert and know that the crowd will be immense. Though the fair management has shut out all games of chance and such money-making schemes as knife racks, nigger-baby stands, etc., the concessions have been made numerous than ever before. All the midway attractions will be of the highest order. The managers of the local streetcar company are also convinced that this will be a great year for the fair and arrangements have been made to secure plenty of streetcars from Portland to handle the crowds between the fairgrounds and the city. The first improvement seen inside the gates is in addition to the machinery hall, made necessary by the larger exhibits. Modern farming methods have encouraged inventions in the line of agricultural implements and the desire to learn about the latest inventions has made the machinery department one of the largest and most interesting on the grounds. The largest improvement made this year is at the race track where the grandstand has been increased in seating capacity at least 50 per cent by the construction of an extension in front. The grandstand will now accommodate all the people who wish seats during the races. Men Past Sixty in Danger. More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of the prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Dr. Rodney Barnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for 20 years, although I am now 91 years of age." ### EVENING ROSEBURG REVIEW

SEPTEMBER 11, 1908.

### AN ELECTRIC COIN COUNTER.

The burdens of bank work were considerably lightened when the electric adding machine was invented, but now comes the electric coin counter to make it still easier. This apparatus counts and sorts into paper tubes or bags, at the rate of 72,000 pieces an hour. Fourteen expert cashiers in the Bank of England, working all day long, are only able to count \$50,000 in silver coin. The new machine will do this work in one-fifth of the time.

### A Bag of Coins is Poured into the Receptacle in the rear of the electric machine.

A tray full of several hundred coins is emptied on a polished metal plate. This plate is tilted downward and one end and broken up by raised metal rules into exactly a hundred squares which may be so altered in size that any desired coin slipping into them is held firmly in place. The plate is moved rapidly to and fro. Should it be desired to extract sixpences from the heap of larger money all the bigger ones are sifted off the plate and the sixpenny pieces are retained in the squares. The coins are also stacked in paper tubes and counted.

### A Paying Investment.

Mr. John White, of 38 Highland Ave., Houlton, Me., says: "Have been troubled with a cough every winter and spring. Last winter I tried many advertised remedies, but the cough continued until I bought a 50c bottle of Dr. King's New Discovery; before that was half gone the cough was all gone. This winter the same happy result has followed; a few doses once more banished the annual cough. I am now convinced that Dr. King's New Discovery is the best of all cough and lung remedies." Sold under guarantee at A. C. Marston's & Co.'s drug store. 50c and \$1.00. A trial bottle free.
