HUGHES' OPPONENT
New York Democrats Nominate Chanler For Governor

PARKER MAKES AN ADDRESS
Points Out Republican Extravagance—Taft Decides Not to Visit Pacific Coast

Special to the Evening Review.
ROCHESTER, N. Y., Sept. 16.—Lewis Stuyvesant Chanler, lieutenant governor of New York, was unanimously nominated for governor at the democratic state convention today.

ROCHESTER, N. Y., Sept. 16.—Addressing the democratic state convention here today, Judge Alton H. Parker declared that since Roosevelt has been president the country has been burdened with an additional

99,000 office holders, at an annual cost of \$70,000,000. He charged that the republicans were building up and making possible the trusts that are the beneficiaries from the high protective tariff and who are furnishing Taft's campaign funds.

We Should be Thankful.
CINCINNATI, O., Sept. 16.—Wm. H. Taft will not extend his speech-making tour to the Pacific coast. The itinerary approved by him today provides for a trip as far west as the Dakotas and Kansas and possibly to Denver. In the east Mr. Taft will speak in New York, Buffalo, Erie and Baltimore.

The Idaho Squabble.
BOISE, Idaho, Sept. 16.—After being directed to make a report on Sept. 24, L. W. Hart has been appointed referee by the supreme court to take testimony in Fremont, Bingham, Oneida and Bear Lake counties in the democratic contest. The attorneys for the Dubois and anti-Dubois factions reached an agreement today as to stipulation of fact on all points except those raised in the so-called Mormon causes.

A Democratic Nomination.
HARTFORD, Conn., Sept. 16.—Judge A. Robertson was nominated for governor today by acclamation at the democratic state convention.

Preacher Stirs Flock.
SEATTLE, Wash., Sept. 16.—Communicants of the fashionable

Episcopal Church of St. Mark's are today wondering if their pastor, Rev. J. P. Lloyd, insinuated that he was tired of the women of his congregation when he said at a men's meeting last night:

"Of anything I hate to see when I get up to deliver a sermon Sunday morning is a great sea of Merry Widow hats and no Merry Widow hats."

A FUTURE RESORT.
Yoncalla Courier: On the ranch of Joseph Haldy, ten miles west of this city, is a fine mineral spring awaiting development to make it one of the most healthful summer resorts in Oregon. The springs bubbles up through the solid rock of the bed of Brush creek and has a strong mineral vein, which, if tapped a few feet from the surface, doubtless would be greatly increased in volume. At the present time there is a wagon road to within about two miles of the spring and with a little work a good trail could be made from the Haldy ranch to this fountain of health. Such an opportunity for a great summer resort is rarely met with and thousands yearly sojourn many miles and spend hundreds of dollars for the privilege of partaking of the mineral springs of highly advertised resorts, which, in all probability, do not supply water with any more medicinal properties than does the bubbling spring commonly known as a "Deer Lick," on Brush creek.

HUSBAND GETS POISONED.
Wife Attends Him and May Die Also—Case a Pitiable One.

PREEWATER, Or., Sept. 15.—J. R. Shaw, living one mile east of Prewater, died in the Walla Walla hospital Sunday night from blood poisoning. He was making fruit boxes last Thursday and drove a nail into his hand. It was dressed by one of the doctors, who told him to come on again, but on Saturday it was so inflamed that when Mr. Shaw was taken to the hospital it was said at once there was no hope for him. His suffering was terrible.

His wife, while dressing his hand, got some of the poison into a little scratch on her hand, and is lying at the point of death in the hospital. They have four little children and are quite destitute. A subscription was taken up in Prewater yesterday to defray immediate expenses.

FILLS NEGRO WITH SHOT.
Southern Woman Averages Attack on Her Daughter.

POWDER SPRINGS, Ga., Sept. 15.—After forming and heading a posse to chase Robert Bostick, a negro, who had attacked her 9-year-old daughter, Mrs. Sarah Reed, wife of a prominent citizen, shot the negro as soon as he was overtaken.

Bostick was employed at the Reed home, and enticed the little girl into an outhouse, where he attacked her and then fled. When the girl told her mother, Mrs. Reed, her husband not being at home, armed herself with a shotgun, formed a posse of neighbors, and led them in pursuit of the negro. After a long chase the negro was discovered, hidden behind a log in the woods.

Mrs. Reed called on the members of the posse to stand back, raised her gun and discharged both barrels into the negro, probably fatally wounding him. She began to reload the gun, when the sheriff and his deputies rode up and took charge of the negro. Mrs. Reed, sobbing, begged the sheriff to let her finish Bostick. The sheriff hurried the negro to Marietta to prevent a lynching.

PRESBYTERIAN SYNOD.
PORTLAND, Or., Sept. 15.—Columbia Synod of the United Presbyterian Church of Oregon, Washington and Idaho, met in annual session last night in the Church of the Strangers, corner of Wasco street and Grand avenue. It was opened with a praise service by Rev. A. F. Kirkpatrick. This was followed by a sermon by Rev. D. S. Sharpe, and music by a selected choir.

Rev. J. A. Speer, of Portland, was unanimously chosen moderator of the synod, his election being the only order of business transacted at this meeting just previous to adjournment.

Rev. Speer is a resident of Portland, but was formerly missionary in charge of the Indians on the Warm Springs Reservation. It is his first experience as presiding officer of a synod.

ADRIFT FOUR DAYS
Lone Survivor of Party of Five Picked up on Sound

HALF CRAZED, NEARLY DEAD
Two Suicides—Seattleite Killed by Car—Wilbur Wright, Aero-Planiat, Rivals Brother

Special to the Evening Review.
BELLINGHAM, Wash., Sept. 16.—Famished and almost dead from exposure and after drifting helplessly for four days and three nights in a waterlogged launch in the turbulent tides of the Georgia Gulf, James Staples was picked up today by Capt. J. Cookson of the tugboat Nellie. Staples was a pitiable sight. He had not tasted food since last Saturday morning and he was wild-eyed, half-demented and craving fresh water. He is now receiving proper care.

Staples and five other men left Bellingham in a launch last Friday for the north beach. The engine of the launch broke down, leaving the party helpless. What becomes of Staples' companions is not known, but they are probably lost. Staples remembers the name of but one of them, Debritt, and he says his home was in Seattle.

Suicide Her Case.
OAKLAND, Calif., Sept. 16.—Mrs. F. B. Jager, aged 19 years, the pretty wife of a telegraph operator, committed suicide by drinking carbolic acid. A moment before she had agreed with her husband that she had better go home to her mother in Nebraska. Mr. Jager's health had been bad since the birth of her baby three months ago.

LEMANS, France, Sept. 16.—Wilbur Wright, of Dayton, Ohio, today sailed 39 minutes and 19 seconds, at the rate of 46 miles an hour, dividing honors with his brother, Orville, who made such a remarkable flight near Washington a few days ago.

Berlin, Sept. 16.—The great dirigible balloon Parseval was wrecked today enroute to Potsdam, where it was to be inspected by the Emperor and Empress. A rod broke, ripping a hole in the gas bag.

Killed by Car.
SEATTLE, Wash., Sept. 16.—John D. Haller died this morning as the result of injuries sustained last night when he was struck by a car and thrown from the Maynard avenue trestle, 40 feet high.

HAWKING MACHINES.
Catarrh Sufferers are Nothing But Hawking, Spitting and Blowing Machines, Says an Authority.

Is it possible that in these days when cleanliness and sanitary reform is being preached in the churches, schools and at public gatherings, that thousands of people will continue to suffer from catarrh, when there is an absolutely certain remedy always on hand.

Hyomel (pronounced High-o-mel) is a pleasant, medicated and antiseptic air. Breathe it in and it will cure catarrh. It will stop foul breath, watery eyes, and crusts in the nose, in a very few days.

"I suffered from catarrh for two years; tried numerous remedies that failed; used one and one-half bottles of Hyomel and am entirely cured."—C. N. Lindsay, 407 East First Ave., Mitchell, S. D.

A complete Hyomel outfit, consisting of a strong, hard rubber pocket inhaler and a bottle of Hyomel, costs only \$1, and extra bottles, if afterwards needed, cost only 50 cents each. Red Cross Pharmacy sells it and guarantees it to do exactly as advertised.

Hyomel also cures Asthma, Bronchitis, Coughs, Colds and Infant's Croup.

S.S.S. MAKES A LASTING CURE

There are certain mineral medicines which will remove the external symptoms of Contagious Blood Poison, and shut the disease up in the system for awhile, but when the treatment is left off the disease will surely return. Then the loathsome symptoms of ulcerated mouth and throat, copper-colored spots, falling hair, sores and ulcers, etc., are usually worse because the disease has made rapid progress on the internal members, and weakened the constitution and general health of the sufferer. S. S. S. is the only remedy that can be used with perfect safety in the treatment of Contagious Blood Poison, and with the assurance that a lasting cure will result. This medicine, made entirely of roots and herbs of recognized curative and tonic value, antiseptics and destroys the powerful virus of the disease, and by purifying the blood of every particle of the poison and enriching and strengthening the circulation, removes every symptom of the trouble. S. S. S. does not hide or cover up the disease in any way, but drives it entirely out from the blood, leaving not the slightest trace for future outbreaks. Home treatment book with valuable information and any medical advice desired sent free to all who write.
