SEPTEMBER 18, 1908.

BRYAN MAY COME TO COAST.

Says Republican Party is in Grasp of Big Corporations.

WILMINGTON, Del., Sept. 17.—

Carrying his campaign into Delaware after a jump over night and today of 500 miles from Rochester, N. Y., William J. Bryan, democratic candidate for president, twice assailed the republican party for being, as he charged, in the grasp of the corporations and more particularly the steel trust, which, he for the first time openly announced, was furnishing the funds for the republican party in the political campaign now on, and also denounced the men who, he said, had sold their souls in Delaware.

His first onslaught was delivered at Harrington, a town of 2500 people, but whose population was augmented by thousands of others who had been attracted there by the presence of the democratic leader. Tonight he repeated his utterances at Shell Pot park to a throng which taxed the capacity of the place.

While in this city Bryan was the guest at dinner of Judge George Gray. Mr. Bryan will leave in the morning at 6:30 o'clock on his special over the Pennsylvania railroad for New York, reaching there about 9 o'clock. He will spend the entire day conferring with his party leaders, concluding at night with a speech at Carnegie Hall on "Republican Tendencies."

May Come to Pacific Coast.

Mr. Bryan and National Chairman Mack will confer on plans for a speaking tour which will carry the candidate through the Middle West and possibly as far as the Pacific coast. The tour will take up practically all of the month of October. It is the aim of the national committee to have Mr. Bryan speak only in those cities where he has not spoken on previous trips.

MARYLAND FOR TAFT.

Says Republican Leaders—Hughes to Tour Middle West.

NEW YORK, Sept. 17.—The Maryland political situation was considered today at republican national headquarters, practically all of the state leaders having come here to consult with National Chairman Hitchcock, who arrived from Clinton, N. Y., in the belief of many of the officials of republican headquarters in the east, Maryland is about the only debatable state in their territory.

All of the members of the Maryland delegation said that the friendliness of the business men of their state for Mr. Taft and his popularity with the masses makes it probable that the democratic normal majorities of that state will be overcome.

Mr. Hitchcock also talked with the leaders from Connecticut, who declared that the state will be safe for Mr. Taft in spite of the little bitterness in the republican party over the nomination of Representative Lilley for the governorship.

Postmaster General Meyer visited republican headquarters today and discussed with Mr. Hitchcock arguments which are to be made in reply to Mr. Bryan on the subject of government guaranty of national bank deposits.

Ex-Governor Myron T. Herrick, of Ohio, was today appointed chairman of the republican finance committee for the state of Ohio.

It is expected now that Mr. Taft will visit New York the middle of October. The officials of the speakers' bureau are now working out the itinerary of Mr. Taft's eastern trip.

Hughes to Speak in West.

Mr. Hitchcock expects to confer with Governor Hughes and to arrange a western trip for the New York executive. If possible the national committee would like to have Mr. Hughes in the west for about ten days. If this can be arranged, he will be given a special train and a number of other prominent speakers will accompany him. He is in demand particularly in Iowa, Nebraska, South Dakota, Kansas and Missouri, but requests have been received that he be sent to practically every state in the union.

PETITION IN NEW FORM.

Suffragettes Ask for Ballot for Tax-Paying Women.

SALEM, Or., Sept. 17.—The Oregon State Equal Suffrage Association yesterday filed petitions with the secretary of state for a new woman's suffrage election. The principle upon which the campaign will be carried on is that the right to vote should be given to all women paying taxes on either real or personal property. This procedure was undertaken for the purpose of opening an issue for an active campaign of reorganization. The matter will be submitted to the voters at the November election in 1910.

In all previous woman's suffrage elections the effort has been to obtain the suffrage of women under the same conditions as is enjoyed by men. The present petition is unique in that it asks for the suffrage of women taxpayers only and is the first time that such a measure has been presented in this state.

TWO TRACK RECORDS BROKEN.

Attendance at State Fair "Portland Day" Sets New Mark.

SALEM, Or., Sept. 17.—To see the Lone Oak track trotting record and the 3-year-old pace records broken and to witness a parade of the prize-winning livestock, the best and most valuable assemblage of stock anywhere in the United States, were among the special privileges enjoyed by the visitor at the fair grounds today—"Portland Day." Over 25,000 people were in attendance, thus breaking all previous records.

The livestock parade took place this forenoon. Heretofore the parade has been held on a small track east of the pavilion. This year the crowd of spectators was so great that it was necessary to conduct the parade on the racetrack.

The breaking of the Lone Oak track trotting record occurred in the 2:14 trot for the Lewis and Clark purse of \$500. The previous record was that of R. Ambush, 2:11 3/4 in 1907. The record was broken in the first heat of the 2:14 trot today, when Joe McGuire's Day Break made the mile in 2:11 1/2. In the second heat the same horse reduced the record to 2:10 1/4.

In the first race, the 3-year-old pace, E. S. Train's Ray of Light reduced the Oregon record for 3-year-olds from 2:16 3/4 to 2:09 1/4. In the 2:16 pace Josephine won in three straight heats; time 2:09.

Forest Rose won the 3-4-mile dash in 1:14 3/4.

The first prize for a county exhibit was won by Benton, which county also won last year.

RUEF'S LAWYERS INDICTED.

Charged With Trying to Bribe Juror to Vote Against Felton.

SAN FRANCISCO, Sept. 17.—Grand jury indictments against Frank J. Murphy and Adolph S. Neuburg, attorneys for Abraham Ruef, charging them with attempting to bribe John M. Kelly, a prospective juror in the bribery case now pending against the ex-political leader, to vote for the acquittal of Ruef in the event that he was selected, were filed before Presiding Judge Stewart, of the Superior Court today. Neuburg was placed under arrest about noon and released on \$5000 cash bail, having voluntarily given himself up, he said, as soon as he heard of the indictment against him, and Murphy appeared before the court late in the afternoon and gave bonds in the sum of \$10,000.

The indictments returned today follow the recent indictment of E. A. Blake, a contractor, who is alleged to have been the go-between in the first offer of a bribe to Kelly before the latter had been called for examination as to his qualifications. The latter became public in Judge Taylor's court when Kelly took the stand to be questioned by the opposing counsel. Mr. Murphy arose and informed the judge that Kelly had solicited a bribe, but the latter can swear to that matter in no other way. He told in detail that he had been approached by Blake and offered first \$500 and later \$2000 to vote against the conviction of Ruef.

Investigation by detectives showed that Blake had visited the offices of one of Ruef's attorneys and it was alleged, had merely acted as an agent. His indictment followed and continued investigation by the grand jury resulted in the indictments announced today.

WAR ON "RED LIGHT."

COQUILLE, Or., Sept. 16.—According to gossip around the courthouse, the grand jury has reported a batch of indictments against the parties connected with the Marshfield "bawdy houses." The indictments are to be served in case the inmates who are held in the houses at Portland and Salem last week, fearing action by the grand jury, returned.

The indictments are said to have been returned as a result of Deputy District Attorney L. A. Liljequist's announcement that the Marshfield "red light district" must go.

The Story of a Medicine.

Its name—"Golden Medical Discovery"—was suggested by one of its most important and valuable ingredients—Golden Seal root.

Nearly forty years ago, Dr. Pierce discovered that he could, by the use of a certain degree of heat, constantly maintain heat and with the aid of apparatus and appliances designed for that purpose, extract from our most valuable native medicinal roots their curative properties much better than by the use of alcohol so generally employed. So the now well-known "Golden Medical Discovery" is the cure of weak stomach, indigestion, dyspepsia, torpid liver, or biliousness, and kindred derangements was first made. It ever since has been, without a particle of alcohol in its make-up.

A glance at the list of its ingredients will show that it is made from the most valuable medicinal roots found growing in our American forest. All these ingredients have received the highest endorsement from the leading medical experts of the world.

Let remedial medicines be the "Golden Medical Discovery" is a little book of these endorsements has been compiled by Dr. R. V. Pierce, of Buffalo, N. Y., and will be mailed free to any one asking same by postal card, or letter addressed to the factor as above. From these endorsements, copied from standard medical books of all the different schools of practice, it will be found that the ingredients composing the "Golden Medical Discovery" are advised not only for the cure of biliousness, indigestion, torpid liver, or biliousness, but also for the cure of all kindred derangements, such as catarrh of the stomach, indigestion, flatulency, or hiccough, and all those ailments which, if not promptly and properly treated, are liable to terminate in consumption. Take Dr. Pierce's Discovery in time and persevere in its use until you give it a fair trial and it is unlikely to disappoint. Two trials must be expected of it. It will not remove the cause of biliousness, indigestion, or torpid liver, or biliousness, in its advanced stages. The medicine will cure the effects that are the result of consumption of biliousness.

CASTORIA For Infants and Children. The Kind You Have Always Bought Bears the Signature of Dr. J. C. HITCHCOCK In Use For Over Thirty Years CASTORIA

NEW POSTAL RATE OCT. 1.

Letters May be Sent to United Kingdom for 2 Cents an Ounce.

The 2-cent postal rate between the United States and Great Britain will go into effect October 1. After that date letters may be sent to the United Kingdom for 2 cents which formerly required 5 cents to carry.

At the same time the rate of postage applicable to letters mailed in the United Kingdom of Great Britain and Ireland for delivery in any part of the United States, will be one penny for each ounce or fraction thereof. Unpaid or short paid letters will be liable on delivery to a charge equal to double the amount of the deficient postage calculated at the rate named in the foregoing.

BURNS TO FIGHT JOHNSON.

SYDNEY, N. S. W., Sept. 16.—Jack Johnson, the American colored pugilist, has signed articles for a fight with Tommy Burns, the American champion, the fight to take place in this city in December, and to be for the championship of the world. Burns said today that this would be his last fight.

The terms of the match provide that the winner shall receive \$30,000 and the loser \$20,000.

How to Get Strong.

P. J. Daly, of 1247 West Congress St., Chicago, tells of a way to become strong. He says: "My mother, who is old and was very feeble, is deriving so much benefit from Electric Bitters that I feel it my duty to tell those who need a tonic and strengthening medicine about it. In my mother's case a marked gain in flesh has resulted, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complaints. Sold under guarantee at A. C. Marsters & Co.'s drug store, 50c.

CALL FOR COUNTY WARRANTS.

Notice is hereby given all parties holding county warrants issued by Douglas County, Oregon, and endorsed prior to and including the 31st day of July, 1907, to present the same at the office of the county treasurer of said county for payment, as interest will cease thereon after the date of this notice.

Dated at Roseburg, Oregon, this 8th day of September, 1908. J. E. SAWYERS, Treas. of Douglas Co., Oregon.

EDISON RISKS PREDICTION.

Says Airships Will Cross the Atlantic Before 1914.

SALT LAKE CITY, Utah, Sept. 17.—"Within five years airships will be carrying passengers across the ocean in 18 hours, 200 miles an hour. Aerial flight will be commercialized in that time."

"The North Pole can and will be reached in a 48-hour trip. The perfected helicopter will be able to encircle the globe in a week."

These statements were made yesterday by Thomas A. Edison, the inventor, in the course of a talk on aerial navigation.

"Neither the aeroplanes now owned by the Wright brothers nor any airship built along that principle nor along the idea of the dirigible balloon will ever be of practical use or success commercially," he said. "The successful machine must be automatic in operation. The human part of it must be reduced to mere mechanism, as in the case of the automobile. Otherwise the dream of skimming the clouds must ever remain a dream."

GARBAGE NOTICE.

Notice is hereby given that all persons dumping rubbish or garbage of any kind along the public roadway south of Roseburg will be vigorously prosecuted. J. M. SCHAEFFER, Road Supervisor.

BOARD AND ROOMS.

Mrs. A. B. Camp, successor to Violet Brown, board and room, also day boarders, Kane street, two doors south of Catholic church. 3016

NOTICE.—All persons who have been dumping rubbish along the county road in the Deer Creek district, No. 22, are hereby warned to desist as such practice is unlawful. W. H. BROWN.

TUBERCULOSIS CONGRESS.

WASHINGTON, Sept. 15.—Many distinguished physicians, sociologists and men of prominence in the walks of life are already in the nation's capital to take part in next week's World's Congress on Tuberculosis.

Every great nation of the earth will have representation at the meeting and will add its influence to the movement for a world-wide warfare on the white plague.

Hundreds of exhibits pertaining to the anti-tuberculosis campaign are now being installed. Among the results that are expected to follow from these exhibits are mentioned:

Sanitary dwellings and house furniture for the working classes.

Sanitary passenger coaches.

Advanced and accurate instruction of school children in the methods of preventing consumption.

Eradication of tuberculosis in cattle.

Construction of the most advanced sanatoria the world has ever known.

Construction of model factories and workshops.

America will reap the fruits of all these advances. Physicians and sociologists assert that, through this congress and as a direct result of the prize competitions, the fight for the eradication of consumption in this country will be advanced many years.

The prizes that are offered will pit nations, municipalities and individuals against each other. They will develop utilities that will protect the healthy, heal the sick, decrease the nation's death rate and add to the nation's wealth.

As this congress will eclipse all others of its kind ever held anywhere, as does the list of prizes surpass in value and in wisdom of selection those offered by previous congresses. Especially evident is the regard for the health and strength of the nation's working men and their families.

GRIDIRON SEASON OPENS.

NEW YORK, Sept. 18.—With the first important game, that between the Carlisle Indians and A. B. Wright College, scheduled for tomorrow, the 1908 football season in the east will be formally opened. According to reports, the redskin eleven is this year unusually strong and will likely make a good showing.

From present appearances, Yale has the best chances of carrying off the premier football honors of the country. Harvards looks weak and neither Princeton, Cornell, West Point, Annapolis or Pennsylvania can produce elevens that, according to the hope of the wise ones, will be able to take the measure of the strong team of Old Eli.

HAYES IN MARATHON.

CHICAGO, Sept. 18.—A 25-mile Marathon race, which the management declares will be the greatest ever held in the United States, will be held here tomorrow. John J. Hayes, who won the Olympic Marathon in London, is expected to be one of the runners, and nearly a hundred others will take part in the grueling grind. Handsome trophies will be presented to the winners and to all those who finish the twenty-five mile course.

They Take the Kinks Out.

"I have used Dr. King's New Life Pills for many years, with increasing satisfaction. They take the kinks out of stomach, liver and bowels, without fuss or friction," says N. H. Brown, of Pittsfield, Vt. Guaranteed satisfactory at A. C. Marsters & Co.'s drug store, 25c.

BOARD AND ROOMS.

Mrs. A. B. Camp, successor to Violet Brown, board and room, also day boarders, Kane street, two doors south of Catholic church. 3016

NOTICE.—All persons who have been dumping rubbish along the county road in the Deer Creek district, No. 22, are hereby warned to desist as such practice is unlawful. W. H. BROWN.

In School or Out the Children's Shoes should be of the stout and sturdy, long-wearing kind. The Youngsters will be durably shod if you bring them here to be fitted with a pair of our Holland Steel Shoe and E. C. Skuffer Shoes. R. L. Stephens Exclusive Dealer in Fine Footwear

AEROPLANE TURNS OVER.

Orville Wright Will Recover, But His Companion Dies.

WASHINGTON, Sept. 17.—After having drawn the attention of the world to his airplane flights at Fort Myer and having established new world's records for heavier-than-air flying machines, Orville Wright today met with a tragical mishap while making a two-man flight. The aeroplane was accompanied by the Signal Corps of the Army, Lieut. Selridge was fatally injured and died tonight.

Mr. Wright was not dangerously injured. He is suffering from a fracture of his left thigh and several ribs on the right side are fractured. Both the head and one of the propellers broke on the fifth turn around the field, and the machine turned over 85 feet in the air, landing on both men.

PROFES. ONAL.

DR. R. M. ERWIN.—Physician and Surgeon. Office Hours: 9 to 12 a. m.; 2 to 5 p. m.; 7 to 9 p. m. Saturday. Abraham Bldg., Cor Oak & Jackson.
