S.S.S. CURES

S.S.S. SKIN DISEASES

When the blood is pure and healthy, the skin will be soft, smooth, and free from all blemishes and eruptions; but when some acid humor takes root in the circulation, its presence is quickly manifested by some form of skin disease. The skin receives its necessary nourishment and strength from the blood. When, however, this vital fluid becomes a humor-laden stream, it can no longer preserve the healthy, natural appearance of the skin, but by its acrid, impure nature continually irritates and inflames the delicate tissues and fibres and keeps the cuticle in a diseased and disfigured condition. External applications cannot reach the blood, and therefore are beneficial only for their ability to reduce inflammation, and assist in keeping the parts clean. To cure any skin trouble the blood must be purified of the humors that are causing the trouble. S. S. S. drives out the humors from the blood so that the skin, instead of being irritated and diseased, is nourished by a healthy, cooling stream. S. S. S. goes down into the circulation and removes every particle of impure matter, all acids and humors, and restores the blood to its normal, pure condition, thereby curing every form of skin disease or affection. Book on skin diseases and any medical advice free to all who write.

While working this afternoon on a house which he is building in the Walte addition, LeNair Ragsdale met with a very painful accident. He stepped on the edge of a loose board projecting over a rafter and it tilted, throwing him into the excavation beneath. In his descent, his lower left leg came in contact with a joist with such force as to bruise the limb severely about the region of the ankle. He was removed to the home of J. A. Perry, nearby, and Dr. Houck was summoned. While not serious, the injury will confine Mr. Ragsdale to his bed for some time.

HISTORIC FOREST FIRES.

The terrible work of the flames, which have burned over and destroyed hundreds of thousands of acres of timber and property to the value of millions in the Lake states, recalls to memory other great forest fires which have attained historic importance.

One of the earliest of these was the great Miramichi fire of 1825. It began its greatest destruction about one o'clock in the afternoon of October 7, of that year, at a place about 50 miles above the town of Newcastle, Chatham and Douglastown, New Brunswick. In nine hours it had destroyed a belt of forest 80 miles long and 25 miles wide. Over more than two and one-half million acres, almost every living thing was killed. Even the fish were afterwards found dead in heaps on the river banks. Five hundred and ninety buildings were burned, and a number of towns, including Newcastle, Chatham and Douglastown, were destroyed. One hundred and sixty persons perished, and nearly a thousand head of stock. The loss from the Miramichi fire is estimated at \$300,000, not including the value of the timber.

The Peshtigo fire of October, 1871, was still more severe than the Miramichi. It covered an area of more than 2,000 square miles in Wisconsin, and involved a loss in timber and other property, of many millions of dollars. Between 1200 and 1500 persons perished, including nearly half the population of Peshtigo, at that time a town of 200 inhabitants. Other fires of about the same time were most destructive in Michigan. A strip about 40 miles wide and 180 miles long, extending across the central part of the State, from Lake Michigan to Lake Huron, was devastated. The estimated loss in timber was about 4,000,000,000 feet board measure, and in money over \$10,000,000. Several hundred persons perished.

In the early part of September, 1881, great fires covered more than 1800 square miles in various parts of Michigan. The estimated loss in property, in addition to many hundred thousand acres of valuable timber, was more than \$25,000,000. Over 5000 persons were made destitute, and the number of lives lost is variously estimated at from 150 to 500.

The most destructive fire of more recent years was that which started near Hinckley, Minnesota, September 1, 1894. While the area burned over was less than in some other great fires, the loss of life and property was very heavy. Hinckley and six other towns were destroyed, about 5000 persons were left destitute, and the estimated loss in property of various kinds was \$25,000,000. Except for the heroic conduct of locomotive engineers and other railroad men the loss of life would have been much greater.

This fire was all the more deplorable, because it was wholly unnecessary. For many days before the high wind came and drove it into uncontrollable fury, it was burning slowly close to the town of Hinckley, and could have been put out.

BOARD OF EQUALIZATION NOTICE.

Notice is hereby given that the Board of Equalization of Douglas County will meet in the office of the County Clerk of said county in the Court House in the City of Roseburg, Oregon, on Monday, October 19, 1908, at 9 o'clock a. m. Said Board of Equalization will continue its sessions from day to day, exclusive of Sundays and legal holidays, until the examination and correction and equalization of the roll is complete, and publicly examine the assessment rolls and correct all errors in valuation, descriptions or quantities of land, lots or other property. Now, therefore, all parties who may be aggrieved by reason of valuation, description or otherwise as to their assessment will please take notice as above stated, and make their complaints to said Board of Equalization, otherwise their assessment will stand as made by the Assessor.

MOHAWK LUMBER CO. SELLS.

EUGENE, Or., Sept. 22.—The Mohawk Lumber Company's sawmill at Donna station, on the Wendling branch of the Southern Pacific railway, near Eugene, has been sold by John F. Kelly and John S. Maglady, of this city, to H. C. and David Auld, of Atchison, Kas. The sale includes a milling plant of 30,000 feet per day capacity, about 3000 acres of good timber land, cutting about 20,000,000 feet, and all the logging equipment, which is extensive. The consideration was in the neighborhood of \$175,000. The Messrs. Auld are bankers of Atchison. The mill will be started up as soon as the lumber market improves.

To all the former patrons of our branch store, formerly Cloake & Brown's store: We have moved all the stock to our store on Jackson Street, and are prepared to welcome you there and are in better shape to please you than ever before.

Watch the kidney secretions. See that they have the amber hue of health: The discharges not excessive or infrequent; Contain no "brick-dust like" sediment.

Doan's Kidney Pills will do this for you.

They watch the kidneys and cure them when they're sick.

A. J. Haydon, living on Flint St., near Mosier St., Roseburg, Ore., says: "I have always enjoyed the best of health until several years ago, when my kidneys became disordered. I do not know the cause of the trouble, but can only say that the kidneys failed to perform their functions properly and caused me much annoyance by the too frequent passages of the kidney secretions. This trouble was especially bothersome at night, often obliging me to arise several times. The claims made for Doan's Kidney Pills prejudiced me in their favor and I procured a supply at Marsters & Co's. drug store. They helped me from the first, correcting the action of the secretions and causing the pain during passage to cease. I continued taking them, and as a result am now without the least sign of kidney trouble."

For sale by all dealers. Price 50 cents. Forster-Milburn Co., Buffalo, New York, sole agents for the United States.
