Ask your doctor if he knows a better pill for a sluggish liver than Ayer's Pills. Then follow his advice.

It is impossible, simply impossible, for any one to enjoy the best of health if the bowels are constipated. Undigested material, waste products, poisonous substances, must be daily removed from the body or there will be trouble, and often serious trouble, too. Ayer's Pills aid nature, that is all.

## Truth and Quality

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing. Accordingly, it is not claimed that Syrup of Figs and Elixir of Senna is the only remedy of known value, but one of many reasons why it is the best of personal and family laxatives is the fact that it cleanses, sweetens and relieves the internal organs on which it acts without any debilitating after effects and without having to increase the quantity from time to time.

It acts pleasantly and naturally and truly as a laxative, and its component parts are known to and approved by physicians, as it is free from all objectionable substances. To get its beneficial effects always purchase the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists.

## HOW WOMAN INFATUATES MAN.

In the October American Magazine, Professor W. I. Thomas, of Chicago University, begins a series of articles on women. On the subject of woman's power to infatuate man, Professor Thomas says, in his first article:

"Man has always insisted that woman shall be better than he is, or at any rate, that she shall limit her immoralities to such forms as he does not greatly disapprove. There has, in fact, been developed a particular code of morals to cover the peculiar case of woman. This may be called a morality of the person and of the bodily habits, as contrasted with the commercial and public morality of man. Purity, constancy, reserve, and devotion are the qualities in woman which please and flatter the jealous male; and woman has responded to these demands both really and seemingly. Without consciousness of what she is doing (for all moral traditions fall in the general psychological region of habit), she acts in the manner which makes her most pleasing to men. She also constitutes herself the most strict censor of that morality which has become traditionally associated with woman. Naively insists that her sisters shall play well within the game, and throws the first stone at any woman who bids for the favor of men by over-stepping the limits of modesty. The means of attraction she employs are so highly elaborated, and her technique is so finished, that she is really more active in courtship than man. By dress, modesty, coquetry, indifference and occasional boldness, and by 'lying low and letting the imagination of the male endow her with depth,' she plays at once on the protective instinct and the vanity of man, and infatuates him. He does the courting, but she controls the process."

## NOTICE TO TAXPAYERS.

The last half of taxes due for the year of 1907 will be delinquent after Monday, October 5, 1908. Delinquent taxpayers will not be advertised as heretofore; under a law passed by the last legislature of this state taxes that are delinquent after the expiration of six months from the first date of such delinquency may be paid by any one demanding to pay same and a certificate of delinquency will be issued to such party.

Section 37, of said law, in part, reads: "Any day after the expiration of six months after taxes charged against real property are delinquent the tax collector shall have the right, and it shall be his duty, upon demand and payment of the taxes, penalty and interest, to make out and issue a certificate or certificates of delinquency against such property," and section 38, in part, reads: "Certificates of delinquency shall bear interest from the date of issuance until redeemed at the rate of 15 per cent per annum."

Delinquent taxpayers are therefore advised that if they have not paid at least one-half of their taxes on or before the first Monday in April that the same are delinquent and have been delinquent since said first Monday in April, and those who have paid one-half of their taxes as above the remaining one-half will become delinquent after the first Monday in October, and six months from such date a certificate of delinquency bearing fifteen per cent interest per annum may be issued against your property.

To save further costs, penalties and interest you are earnestly requested to settle the same at once. B. FENTON, Sheriff and Tax Collector.
