Plea of Railroads in Valley Lumber Case

FORCED TO WATER SCHEDULE

Thaw Renews Fight for Liberty—Heavy Price for Contempt—Nevada Safe Robbery

Special to the Evening Review.
SAN FRANCISCO, Cal., Oct. 1.—Attorneys for the Southern Pacific and O. R. & N. Companies today filed an amended complaint in the Oregon lumber rate case, charging that the Interstate Commerce Commission misconstrued the Hepburn law in assuming power to compel the railroads to meet water competition and force carriers to assume unreasonably low rates. Arguments are in progress this afternoon.

The railroads allege that the action of the Interstate Commission in reducing the freight rate on lumber from the lower Willamette Valley to San Francisco from \$5.10 to \$3.10 per thousand will cause them to lose \$45,000 a year. The commission filed a demurrer on the ground that the railroads had no right to appeal to the court in such a case, and this was sustained by the court in a decision rendered yesterday. An amended complaint from the railroads is the result.

Thaw Fight Renewed.

WHITE PLAINS, N. Y., Oct. 1.—Fight to take Harry K. Thaw out of New York state through an order issued against him in bankruptcy in Pittsburgh began in earnest today, when Roger O'Mara, trustee of

Thaw's estate, served a writ on the sheriff, ordering Thaw turned over to the Pennsylvania authorities. District Attorney Jerome will resist the order.

Costly Contempt.
GOLDFIELD, Nev., Oct. 1.—The Nevada Supreme Court today decided the petition of T. G. Lockhart, President of the Florence Goldfield Mining Company, for a rehearing on a contempt charge, and Lockhart is today facing the alternative of paying the court \$118,000 or going to jail. That amount is due on a shipment of ore from another company which Lockhart refused to pay.

Gambler's Lose Earnings.
TONOPAH, Nev., Oct. 1.—The first safe robbery ever recorded in a Nevada gold camp was committed this morning, when robbers cracked the safe of the State Saloon at Manhattan. They secured \$600, the property of gamblers.

Big Fire at Chico.
CHICO, Calif., Oct. 1.—Fire destroyed a laundry and seven houses here today, rendering seven families homeless.

MARRIED.

THOMPSON-PAGE—At the home of the bride's parents, Mr. and Mrs. E. W. Page, three miles west of Drain, Sept. 30, 1908, Dr. Percy E. Thompson and Miss Maria E. Page, Rev. E. H. Hicks, of this city, officiating.

Dr. Thompson is a dentist by profession. He was educated in Philadelphia and for the past four years has been practicing at Westhope, N. D., to which city they are now enroute to reside. They will make a short stop at Leads, N. D., to visit with the bride's brother, Col. Page, the father of the bride, is the president of the Page Investment Co., and has been making his headquarters in Roseburg for several months past.

Jesse T. Thompson was in from Coles Valley today. His son, W. W. Thompson, returned to Payette, Idaho, a couple of weeks ago, to reside. Mr. Thompson expects to remove to Roseburg or Portland for the winter.

SHIPPING PEARS EAST.

G. H. Pepper, of the big firm of fruit dealers, of Kansas City, has been in Roseburg this week buying pears for his establishment. One carload was shipped from here Tuesday and another will be ready to go about Saturday. With many years of experience in handling fruit, Mr. Pepper has never found finer pears than those grown in Douglas county. This fruit is being handled through the packing house of the Douglas County Fruit Growers' association, which organization shipped several cars of Bartlett pears earlier in the season. Fall varieties are now being shipped, and they are certainly fine ones.

RESOLUTIONS.

Roseburg, Oregon, Oct. 1, 1908. To the Officers and Members of Umpqua Assembly, No. 195, United Artisans:

We, your committee on resolutions of Condolence, most respectfully submit the following:

Whereas, The Great and Supreme Creator and Ruler of the Universe has, in His infinite wisdom, taken from us a most worthy and esteemed member, Brother D. C. McWilliams; therefore, be it

Resolved, That in his death Umpqua Assembly has lost one of its most earnest and helpful members, the home a kind and a loving father; be it further

Resolved, That we do deeply sympathize with his family and extend to them our heartfelt sympathy in this their bereavement;

Resolved, That a copy of these resolutions be sent to the bereaved family, and that they be entered upon the records of this Lodge, that a copy be furnished to each of the city papers for publication, and that our charter be draped in mourning for a period of thirty days.

Praternally submitted,
ALICE BROWN,
MINNIE JONES,
J. A. BUCHANAN,
Committee.

Mr. and Mrs. Schuyler Jones, of Gresham, who have been visiting here with his cousin, Mrs. Olive Green, went to Riddle this morning to visit with other relatives.

Roosevelt Summons Hitchcock to Washington

CAMPAIGN IS TOO SLOW

Bryan Spends Wedding Anniversary at Home—Hearst Party Starts Fight in Idaho

Special to the Evening Review.
WASHINGTON, Oct. 1.—It is announced that Chairman Hitchcock of the Republican national committee has been summoned from Chicago to confer with President Roosevelt on campaign matters. There is a well-defined rumor that Hitchcock is going to be upbraided by the president for his alleged mismanagement of the campaign.

Hearst Fight in Idaho.
BOISE, Idaho, Oct. 1.—Attorneys for the Independence or Hearst party have brought proceedings in the supreme court to compel the secretary of state to place the party's ticket on the official ballot at the general election. The secretary of state refused to file the ticket on the ground that it was presented after office hours on the last day allowed—last Monday. The court has issued an order directing the secretary of state to show cause why he refused to file the ticket.

Bryan's Wedding Day.
LINCOLN, Neb., Oct. 1.—W. J. Bryan is at his country home at Fairview today, quietly observing the 24th anniversary of his wedding. Callers were denied admission. Bryan starts Monday on a tour of Nebraska, Illinois, Kansas and Missouri.

Wm. H. Taft's tour of Nebraska, which is being concluded today, is a constant ovation. His voice is improving.

Attack on Pinchot Ceases.
ALBUQUERQUE, N. M., Oct. 1.—No further discussion of the forest reserve question marked today's session of the National Irrigation Congress. It is generally believed that the fight on Forester Pinchot will not be carried beyond the denunciatory speeches already made.

William Wheeler, assistant secretary of Commerce and Labor, is President Roosevelt's personal representative at the meeting. He made an address today in defense of the national forestry policies. The fight for the next national convention appears to be between Spokane and Pueblo.

MORAN GETS DECISION.

Special to the Evening Review.
SAN FRANCISCO, Oct. 1.—In a whirlwind battle from start to finish, Owen Moran, champion lightweight pugilist of England, was given the decision over Eddie Hanlon at the end of twenty rounds in this city last night. Both men were badly punished.

Why Colds are Dangerous.

Because you have contracted ordinary colds and recovered from them without treatment of any kind, do not for a moment imagine that colds are not dangerous. Everyone knows that pneumonia and chronic catarrh have their origin in a common cold. Consumption is not caused by a cold but the cold prepares the system for the reception and development of the germs that would otherwise have found lodgment. It is the same with all infectious diseases. Diphtheria, scarlet fever, measles and whooping cough are much more likely to be contracted when the child has a cold. You will see from this that more real danger lurks in a cold than in any other of the common ailments. The easiest and quickest way to cure a cold is to take Chamberlain's Cough Remedy. The many remarkable cures effected by this preparation have made it a staple article of trade over a large part of the world. For sale by Hamilton Drug Co.

TO WELCOME FLEET.

Japan Prepares Entertainment That Will Cost \$500,000.

YOKOHAMA, Oct. 1.—Although the date set for the arrival of the American fleet is still more than two weeks distant, the preparations for the glorious half-million dollar celebration in honor of the Yankee tars are about completed. Manufacturers of flags and bunting have been working overtime for the last few weeks to supply the demand for American flags, which will be displayed side by side with the banner of the Mikado during the stay of the fleet.

The Japanese have prepared for an entertainment of the fleet which will cost over \$500,000, and will doubtless furnish more novelties and surprises than any thing to which the men have yet been treated. Every officer and man of the visiting Americans will receive a silver souvenir. Viscount Itada said: "The coming of the great American fleet to Japan will be one of the most striking events in our history. We must extend to it our most sincere welcome. It will undoubtedly tend to bring the nations closer to each other, and it will likewise prove of the greatest benefit to both the Japanese and American navies."

As the American battleships, 16 in number and headed by the flagship Connecticut, near the coast of Japan they will be met by the vessels of Japan deployed in such wise that one Japanese warship will escort each of the visiting ships. Then, for the first time, will the best that Uncle Sam's navy can boast have a chance to compare visually and at close range the fleet of its one and only rival in the Pacific. But in this case the rivalry will be one of good offices and kindly greetings, an art for which the Japanese are now world famous.

HOMESEEKERS IN WANT.

Opening of Rosebud Reservation Preceded by Scenes of Distress.

DALLAS, S. D., Oct. 1.—In Pullman cars and empty freights, in prairie schooners, on horseback and afoot, eager land-seekers are gathering by thousands at Uncle Sam's newest Mecca to register for a chance in the great land lottery whereby the government will open to settlement the 600,000 quarter sections of rich agricultural and grazing lands embraced in the Rosebud Indian reservation.

Although registration does not begin until next Monday, a considerable number of the 80,000 people expected are already here and the problem of providing them with food and shelter has become a serious one. Dealers in foodstuffs, and the proprietors of tents and shacks dignified by the name of hotels, are reaping a rich harvest from the assembled thousands. Many extremely poor people, lured here by the hope of securing a home and bettering their fortunes, are on the brink of starvation and with the coming of cold weather it is feared much suffering will result.

The registration will continue from next Monday, when the land office here and at other points will open, to October 17. The drawing itself is scheduled for October 19, when the names of the lucky ones will be drawn from the wheel of fortune. Only veterans will be allowed to register by agents, all others being required to come here in person.

BOARD OF EQUALIZATION NOTICE.

Notice is hereby given that the Board of Equalization of Douglas County will meet in the office of the County Clerk of said county in the Court House in the City of Roseburg, Oregon, on Monday, October 19, 1908, at 9 o'clock a. m. Said Board of Equalization will continue its sessions from day to day, exclusive of Sunday and legal holidays, until the examination and correction and equalization of the roll is complete, and publicly examine the assessment rolls and correct all errors in valuation, descriptions or quantities of land, lots or other property. Now, therefore, all parties who may be aggrieved by reason of valuation, description or otherwise as to their assessment will please take notice as above stated, and make their complaints to said Board of Equalization, otherwise their assessment will stand as made by the Assessor.

Dated Monday Sept. 21, 1908.

"Rooster" Zurcher was given a lemon Wednesday, but not one of those kind that makes a fellow feel bad. It was the genuine article—a full grown lemon from the garden of Mrs. P. E. Drake, at Mystic Creek. Nothing could evidence the ideal climate of Douglas county any better than the growing of lemons. The one just received by Mr. Zurcher will occupy a conspicuous place in the exhibit at the Commercial Club headquarters.

MRS FLINT'S ADDRESS.

Following is the address made on Wednesday afternoon by Mrs. S. C. Flint in presenting the handsome drinking fountain to the City of Roseburg, on behalf of the ladies of the '95 Mental Culture Club:

"Somewhere, away back in the distant past, a weary traveler, thirsty and dust begrimed, rested for a moment and looked about for a place where he might quench the thirst of himself and the faithful beast which had borne him many a mile in search of fame and fortune.

"Those whom he had met on his tiresome journey told him of a place he would reach after a long and dusty ride, where he might find a cool and refreshing spring of pure water, bubbling from the rocky mountain side, a veritable fountain flowing from God's own earth and by nature's handwork fashioned into such shape that man and beast might assuage their thirst with a degree of satisfaction, which would appeal to their highest sensibilities, to the man in the consciousness that somehow, out of God's boundless mercies there came life everlasting, to the beast in the feeling of renewed strength and vigor with which to pursue his way.

"Dear friends, it is not my purpose to moralize or enlarge upon the fact that those blessings are bestowed upon us by an all-wise Creator, who is ever mindful of the needs of his people. I am here as spokesman of the Ladies' '95 Mental Culture Club of the City of Roseburg, whose civic pride, as well as regard for the comfort of man and beast, has prompted it to do those things which well reflect credit to the citizens of Roseburg and at the same time minister to their bodily needs.

"Upon this occasion, then, I have the honor to present to you, Mr. Mayor, and the citizens of Roseburg, this fountain, which we believe will at all times furnish an abundance of pure and sparkling water, where all may come and quench their thirst, as did this weary man and his faithful companion years ago.

"Before concluding my remarks I desire on behalf of our Club to extend our heartfelt thanks to all who by their financial aid and enthusiastic encouragement, have done so much to make our efforts a success. We wish to extend our thanks to Mr. Frear, of the Water and Light Co., of Roseburg, as through his efforts the company consented to supply the fountain with water gratis. And to Mr. E. F. Patterson, as in purchasing the mountain, he allowed us the whole of his discount.

"Upon this, the crowning day of our efforts to furnish and erect this fountain, we do thank you, Accept then at our hands that which you have made it possible for us to do.

"We hope that every man, woman and child will take a personal interest in this beautiful fountain, the first gift to the City of Roseburg."

Afflicted With Sore Eyes For 33

I have been afflicted with sore eyes for 33 years. Thirteen years ago I became totally blind and was blind for six years. My eyes were badly inflamed. One of my neighbors insisted upon my trying Chamberlain's Salve and gave me half a box of it. To my surprise it healed my eyes and my sight came back to me.—P. C. Earls, Cynthia, Ky. Chamberlain's Salve is for sale by Hamilton Drug Co.

PINCHOT IS ROASTED.

Speaker Says His Policies May Make Votes for Bryan.

ALBUQUERQUE, N. M., Sept. 30.—A feature of the National Irrigation Congress today was the address of D. C. Beaman.

Mr. Beaman's address was an answering attack on the forestry service and its head, Gifford Pinchot. He said: "No policy of recent years has done so much to alienate the friends of the government as the mistaken policy of the forest service, and if any of the mountain states shall go democratic this fall it will be chiefly for that reason. If a state government had treated its people in such a manner it would have been ousted at the next election."

Mr. Beaman discussed the contents of many of Mr. Pinchot's circulars, as well as interviews and statements credited to him printed in newspapers and magazines, under the caption, "Wasting our Resources and Other Hobgoblins." He said:

"Mr. Pinchot says we are wasting our resources; that they will soon be exhausted, whereas they should be preserved for posterity. This he especially applies to coal, iron and timber. It is easy to make this charge, but has Mr. Pinchot ever informed us just what we are to do to prevent this so-called waste? Shall we stop mining coal, shut down our steel works, gas and electric plants, and go back to the blacksmith shop and the tallow candle? It is nothing new to have hobgoblins of future disaster placed on dress parade to frighten the credulous."

Mr. Beaman stated that Mr. Pinchot proposed to stop the loss of soil by erosion by preserving the forests and thus preventing floods. He said: "The truth is that the rains which produce the greatest floods do not fall in the mountains. The storms are almost wholly in the plains country, the result of long and incessant rains, and these floods can only be prevented by the construction of reservoirs of sufficient capacity to retain the surplus water, and that must be the final remedy against enormous rains which forests cannot entirely restrain."

Concerning forest destruction, Mr. Beaman said that more timber had been sold and cut under the forest service than ever before in the Rocky Mountains, although he was recently informed by a forest supervisor that the policy of the service had radically changed in this respect, and much less timber is now offered for sale and will be hereafter.

"Is it possible," he asked, that the charges above referred to (that the forest service was responsible for excessive waste of timber) have been taken notice of by authorities in Washington, and Mr. Pinchot called down? If so, much has been accomplished."

Restoration by transplanting trees that have been raised in nurseries, Mr. Beaman ridiculed, saying:

"The second natural crop of saw timber which the forest service is promising us, as a great feature of scientific forestry, will not be crowding us and our posterity during the next 500 years."
