ROSEBURG, OREGON, FRIDAY EVENING, OCTOBER 2, 1908.

NO. 185.

## ROSEBURG, OCT. 15

### Time and Place For Holding Development Congress

### GOOD ROADS MEETING ALSO

### Prominent Men Coming From Abroad—Southern Oregon Is Bound To Grow

At a meeting of the Board of Trustees of the Roseburg Commercial Club Thursday evening, it was practically decided to hold a meeting of the Oregon-Idaho Development Congress in this city on Thursday, Oct. 15. In connection therewith will also probably be held the Good Roads meeting, which was deferred from last month. In attendance at the Development Congress will be Judge S. A. Lowell, of Pendleton; Col. E. Hofer, of Salem; Judge John H. Scott, the good roads booster, a delegation of Coos Bay citizens, and other visitors, including perhaps, Tom Richardson, the well known Oregon booster, from Portland.

#### Delegates to Erlson.

At this meeting the Club appointed J. E. Alley and W. H. Richardson to represent the Club at the Trans-Mississippi Commercial Congress, which meets in San Francisco Oct. 5 to 10, inclusive. Mr. Richardson will attend at that time, and Mr. Alley will also do so if he can arrange matters here so he can get away.

Several other matters pertaining to the handling of the business of the Club were considered at this meeting. The correspondence and other work of the Club is increasing and additional provisions for handling it must be made soon.

Opening of the new exhibit building at the depot has been delayed on account of the plate glass for the doors and windows not arriving, but the structure is expected to be ready for use some time next week. Progress is being made with the completion of the new Commercial Club headquarters and they should be ready for occupancy in about three weeks.

### EUGENE BOND ELECTION.

EUGENE, Or., Oct. 1.—In the city election today the proposal to bond the city for \$500,000 for a gravity water system, lost by 158 votes. The vote was light, but \$28 being the total number cast.

### ONLY ONE "BEST."

Roseburg People Give Credit Where Credit Is Due.

People of Roseburg who suffer with sick kidneys and had backs want a kidney remedy that can be depended upon. The best is Doan's Kidney Pills, a medicine for the kidneys only, made from pure roots and herbs, and the only one that is backed by cures in Roseburg. Here's Roseburg testimony:

J. W. Wright, real estate and fire insurance agent, Room 8, Marsters Bldg., Roseburg, Ore., says: "There is no question in my mind as to the value of Doan's Kidney Pills and I fully believe them to be the best remedy obtainable for kidney complaint. Backache has been my close companion for so long a time that I most despaired of ever being cured. After having used numerous remedies without obtaining any beneficial results, I was induced to try Doan's Kidney Pills, procuring them at Marsters & Co's drug store. They not only banished the backache, but strengthened my kidneys and improved my general health. Should I ever have a return of the trouble, I would immediately resort to Doan's Kidney Pills, feeling confident that good results will follow their use."

For sale by all dealers. Price 50 cents. Forster-Millburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

### LANE COUNTY ENJOINED.

Wells-Fargo Express Co. Wins Victory in Taxation Suit.

Eugene Guard, Judge Harris, of the circuit court, has granted the injunction asked for by the Wells-Fargo Express Company, in the case of the company vs. the sheriff of Lane county, to restrain that officer from collecting taxes levied by the assessor on the rights and privileges of transportation over the Southern Pacific Company's railway lines in Lane county.

(Judge Harris' decision is of vital importance to Douglas county because of the fact that the Wells-Fargo Company has filed an injunction suit in this county on the same grounds as that on which the Lane county suit was based. The express company contends that it is not obligated to pay taxes for doing business over the Southern Pacific lines, because the taxes on such lines are paid by the railroad.)

### BLUE LAW OF 1830 READ.

Prosecution Falls in First Sunday Closing Case in Portland

PORTLAND, Or., Oct. 2.—Parliamentary laws of Portland were compared with the Portland laws of the Pilgrims in Municipal court yesterday, and following the rulings of the early fathers, the modern jury held that certain alleged violations of the Sunday law should be regarded as necessary and consequently condoned.

Accordingly C. C. Peterson, charged with having kept his billiard hall 272 Burnside street, open for business last Sunday, was acquitted and the case dismissed. It was the first of the 50 odd cases that are on the Municipal Court docket as a result of District Attorney Cameron's dragnet policy that was enforced last Sunday against small dealers and shop-keepers.

Peterson's case was regarded as a test of the validity of the Sunday-closing law, which was so rigidly enforced by the police last Sunday. Defending him were Attorneys John P. Logan, James Gleason and ex-United States District Attorney W. C. Bristol. They have been retained by the combined organization of dealers who have planned an exhaustive fight against the enforcement of the law.

A jury was demanded by the defense and in the course of the trial M. Logan read portions of the old blue laws of Connecticut, which were in force in 1830.

### Murder or Suicide?

PACIFIC GROVE, Calif., Oct. 2.—J. H. Kocker was arrested today charged with murdering Mrs. Grace M. White, who was found dead in Kocker's home in Del Monte Grove last night with a bullet hole in her head. The woman had been living with Kocker with the intention of marrying him as soon as she obtained a divorce from her husband, an Alaskan miner. Kocker asserts that the woman deliberately committed suicide.

Mr. and Mrs. Henry Teater and son, Everett, returned Thursday from Rickeral, Polk county, where they have been picking hops. Their older son, Ray, has entered business college in Salem.

### Doctors Said He Would Not Live.

Peter Fry, Woodruff, Pa., writes: "After doctoring for two years with the best physicians in Waynesburg, and still getting worse, the doctors advised me if I had any business to attend to I had better attend to it at once, as I could not possibly live another month as there was no cure for me. Foley's Kidney Cure was recommended to me by a friend, and I immediately sent my son to the store for it, and after taking three bottles I began to get better and continued to improve until I was entirely well." ### ENFORCEMENT OF THE LAWS.

Mayor Hoover has no more to do with the enforcement of the liquor laws than any private citizen.

That is the declaration of his personal organ, the Oily News, and it is very probable that he inspired the statement himself. That Mayor Hoover has not been doing anything toward the enforcement of that law is apparent to the most casual observer. It will be a surprise to most people, however, to learn of this new doctrine, that the chief officer of a city has nothing to do with law enforcement.

It is by no means surprising that the Oily News is so wrathful at having its real position made known, or that it has nearly a column of abuse at The Review for revealing its true status as the organ of Hoover, Norman, et al. While that sheet has had the unwavering support of the "wet" element ever since the June election, it has also endeavored to pose as a friend of law enforcement, by mentioning in an oft-hand way—that everyone already knew—that cases of drunkenness have been of largely increasing frequency in Roseburg of late. When asked to specify and to explain why the mayor and the marshal had permitted such conditions to exist, in direct violation of the prohibition law, it merely fumes with rage and utters a volume of abuse. It tries to hold Judge Hamilton, Dist. Atty. Brown, Sheriff Fenton and Justice Long, "guilty culpable with Hoover and Norman. That Judge Hamilton and Dist. Atty. Brown will prosecute all cases brought before them is fully known by every citizen and likewise dreaded by every lawbreaker. City cases would most likely come before Recorder Orew, for hearing, and state cases before the grand jury, so Justice Long's official connection with any of them would be infrequent. If Sheriff Fenton has been overlooking any county cases of law-breaking he should be admonished to "get busy." In the towns it is the duty of the city officials to see that the laws are enforced. That such has not been done in Roseburg the Oily News itself declared in its last Monday's issue. Yet when asked why the law has not been enforced by the city officers it flies into a rage and seeks to shield its special friends, Mayor Hoover and Marshal Norman, who have allowed such law-breaking to continue, with no apparent effort to stop it. Indeed, many people believe they have had no desire or inclination to stop it. As The Review has stated before, such a condition will not be tolerated much longer. Whether a man believes in prohibition or not, such is now the law and it must be enforced.

### AMENDED COMPLAINT IN LUMBER RATE CASE LIKE FIRST

Special to the Evening Review. SAN FRANCISCO, Oct. 2.—Joseph N. Teal, attorney for the Western Oregon Lumber Manufacturers' Association, closed the second day's argument today in the Willamette Valley lumber rate case, which was re-opened yesterday by the filing of an amended complaint by the Southern Pacific Co. Teal argued for sustaining the demurrer of the Oregon Railroad Commission on the ground that the amended complaint, which was thrown out of court Wednesday on the ground that no appeal from the ruling of the commission can be taken into a court.

### ARGUMENT CLOSED TODAY

At the conclusion of Mr. Teal's argument the court announced that it would render a decision tomorrow. If the second complaint of the railroad is thrown out of court also, it is not expected that the fight will be continued by the Southern Pacific to prevent the enforcement of the new rate schedule, which is effective October 15. The new schedule, as fixed by the commission, is \$3.40 per thousand, what it was before the railroads increased it to \$5.10. It applies to shipments from the Willamette Valley to San Francisco and bay points.
