PREPARING FOR BIG MEETING.

Oregon-Idaho Development Congress in Roseburg, Oct. 23-24.
 J. H. Booth, N. Rice and H. T. McClallen were named by the Commercial Club Monday evening as a committee of arrangements for the big Development Congress sessions to be held in Roseburg, Oct. 23-24. A program of addresses by very able men, as heretofore announced, has been arranged for, and musical numbers and other features will be added. Good roads is to be a special feature of the discussions, and a Coos Bay delegation will urge the building of an automobile road from Roseburg to the bay, serviceable for traffic in all seasons of the year. Proper development of several lines of industry in this portion of Oregon will also be included in the discussions. Every citizen of the county is invited to be present.
 Some other matters of lesser importance at this time were also discussed at the meeting of the Club. The new headquarters of the Club in the Kohlhaug building are now nearing completion and should be ready for occupancy early in November. This Club will then have as fine and commodious quarters as any Club in the state in cities the size of Roseburg.
 The new exhibit building at the depot is now ready for occupancy and the exhibits will be placed therein as soon as the structure is accepted by the board of trustees of the Club.

BAD BLOOD
 "Before I began using Cascarets, I had a bad complexion, pimples on my face, and my food was not digested as it should have been. Now I am entirely well, and the pimples have all disappeared from my face. I can truthfully say that Cascarets are just as advertised. I have taken only two boxes of them."
 Clarence R. Griffin, Sheridan, Ind.

CALL FOR COUNTY WARRANTS.
 NOTICE is hereby given all parties holding county warrants issued by Douglas County, Oregon, and endorsed prior to and including the 9th day of September, 1907, to present the same to the county treasurer of Douglas County, Oregon, at his office for payment as interest will cease thereon after the date of this notice.
 Dated at Roseburg, Oregon, this 12th day of October, 1908.
 J. E. SAWYERS,
 Treas. of Douglas Co., Oregon.

PASSING OF GERMAN DOCTOR.

Edward H. Hertzler was born Feb. 26, 1836, in the city of Longensalza, Germany, and died at Looking Glass, Oregon, Sept. 28th, 1908, aged 72 years, 7 months and 2 days. In 1852 he came to America, landing at New York city Feb. 8th and remained in that state three years, after which he moved to Cochoctah township, Mich.
 Here he remained until 1900 when he came to Oregon, and has since resided in Edenbowler, with the exception of the last three weeks of his life which were spent at the home of his daughter, Mrs. R. C. Arnold, of Looking Glass, where he passed away peacefully after an illness of several weeks. The funeral services were conducted by the Rev. Mark C. Munson at the Looking Glass church, with interment in the nearby cemetery.

He leaves three children to mourn his loss: Mrs. R. C. Arnold and John Hertzler, of Looking Glass, Oregon, and Lewis Hertzler, of Michigan.
 Mr. Hertzler was known far and near as the German doctor, having spent most of his life in the study of herbs and the connection thereof, for the special purpose of curing the many ills to which the human flesh is heir. For years he has treated the people in this and other parts of the state with great success, and today, because of his untimely death, there is sadness in many homes where his treatment has brought health and strength.

He was a peculiarly helpful and useful life. He had compassion upon the poor and the needy, the sick and the afflicted, and no truly deserving person was ever turned away empty handed. In short, he was a public benefactor, whose greatest ambition and chief pleasure was to do good to his fellow man, and by alleviating the pain and restoring that which was lacking, fulfilled one of the highest missions to suffering humanity. He was a member of the Lutheran church, a strong believer in God, and an ardent lover of those Christian principles which go to make up desirable citizenship.
 Thus, in the passing of the German doctor we lose an obliging neighbor, a kind friend and a dutiful father. To the sorrowing family he extend our deepest sympathy and offer our sincere fellowship, trusting that when we cross the line of worlds there may be a grand reunion in that house not made with hands, eternal in the skies, from whence no traveler returns.

A NEIGHBOR.

For Chronic Diarrhoea.
 "While in the army in 1863 I was taken with chronic diarrhoea," says George M. Felton, of South Gibson, Pa. "I have since tried many remedies but without any permanent relief, until Mr. A. W. Miles, of this place, persuaded me to try Chamberlain's Colic, Cholera and Diarrhoea Remedy, one bottle of which stopped it at once." For sale by Hamilton Drug Co.

We are sole agents for the Conklin Self Filling Fountain Pens and recommend them as being far ahead of any other pen on the market. Agents' Book Store.

FRANCE LEADS IN GOOD ROADS.

United States Behind Nearly Every European Country.

PARIS, Oct. 13.—Many important papers were presented at today's session of the International Good Roads Congress, at which twenty-four nations are represented. Comparisons of the highway systems of the various countries of the world shows that France leads in this respect, having a larger proportion of improved roads than any other nation. Germany, England and nearly all other European countries lead the United States in good roads. According to the official figures of the congress, of the 2,151,576 miles of public road in the United States, only 7.14 per cent or 153,662 miles, is improved, about equal to the mileage of magnificent French roads, averaging from 24 to 45 feet wide. What are known as communal roads, 200,000 miles long, but averaging only 13 feet in width, are as a rule better than the American improved roads.

The papers of experts agree that the essential feature of a good road is a hard core, preferably of armored concrete, making an incompressible foundation with the material perfectly bound together, and the surface properly metalled and tarred to prevent dust or mud. Methods and materials suggested vary greatly, but all agree that far up to the present time has proved most efficacious against water and dust.

NEAR DEATH'S DOOR.

"I was near to death's door. The doctor said he had done all he could; that my stomach was old and worn out. I was so weak I could not walk. I took Mi-o-na tablets, and have been eating hearty ever since, and I am able to work like a tiger. I wish I could go and thank you myself. I send you my picture and you can use my word and my picture, and I thank you again."—Mrs. Nelson Lucler, 112 Fisk St., Athol, Mass.
 Mi-o-na cures dyspepsia. If any of the readers of The Review are suffering from stomach trouble of any kind, Red Cross Pharmacy will sell you a box of Mi-o-na for 50c, with an absolute guarantee of relief, or money back. In many cases one box will effect a permanent cure; in chronic conditions more is necessary. But one thing is certain: one box of Mi-o-na will make you feel so much better and brighter, so much more energetic, that you will not give it up till cured.

TO THE PUBLIC—I will re-open my restaurant in connection with the Umpqua Bakery on Sept. 1. Service will be strictly first class. E. Jennings.

THE BOND REALTY CO.—Orchards, farms, timber and city property. Some fine bargains. Jackson street, Roseburg, Ore.

Rev. C. T. Whittlesey, formerly in charge of the Roseburg Academy, was a passenger on this afternoon's train enroute home from the Presbyterian Synod at Ashland, to Newport, where he is the pastor of the Presbyterian church.

PROTECTING DEPOSITS IN BANKS.

An Ohio Example of Taft's Position and Oklahoma's Proof of Bryan's Position.

One of the planks of the Denver platform favors guaranteed bank deposits. Mr. Bryan addressed the Ohio legislature in February favoring guaranteed deposits. Former Governor Herrick subsequently addressed the legislature in reply to Mr. Bryan, opposing any such protection for banks and bank depositors.
 Mr. Taft, in his speech of acceptance, denounced the plank of the Denver platform, which declares for a national law for banks similar to the Oklahoma law for state banks, thereby coinciding in the views of Mr. Herrick and opposing the views of Mr. Bryan.
 Below are two dispatches showing what Mr. Bryan stands for and what Mr. Taft stands for:

THE OHIO WAY.
 Cleveland, O., Aug. 17.—The creditors' committee, charged with an investigation of the affairs of the defunct Farmers and Merchants' bank, the cashier of which, Henry W. Gzell, is under arrest charged with embezzlement, tonight reported that the depositors will be forced to shoulder a loss of \$415,000.

The report, made in a meeting of 2,500 depositors, charged the deficit to Gzell, alleging his speculations proved disastrous to the institution.
TAFT STANDS FOR THIS.
THE OKLAHOMA WAY.
 Guthrie, Okla., May 21.—Within one hour from the time H. H. Smock, Oklahoma banking commission, had taken charge of the International Bank of Colgate he had authority to pay the depositors in full, though the bank's cash and available funds in other banks fell \$22,000 short of the total amount of deposits. The commissioner was able to do this under the operation of the new banking law, and this is the first time it has been called into use.
BRYAN STANDS FOR THIS.

The Republican National committee says it gets no money from the Standard Oil company. Does that concern, then, give its money direct to Republican candidates?

We are Strangers

to you and our reputation is at stake. Our purpose is to make good. While there are many makers of ready-to-wear clothes, and many merchant tailors ready to make you good clothes, we feel, truly and honestly that you will find none other will give you such character building clothes—combining the highest type of style, quality, merit and pleasure, and satisfaction of becoming becomingly and stylishly dressed, also (comparatively speaking) economically so.
