ESTIMATE OF OREGON.

Oregonian's Canvass Gives Taft State by 10,220 Plurality.

Portland Oregonian, Oct. 19: Based on impartial estimates furnished by correspondents of The Oregonian from every county in the state, with the exception of Klamath and Lake, Taft will have a plurality in Oregon of 19,220. It is likely to be more rather than less. The estimated vote in the two Southern Oregon counties was made on the basis of the vote for Congressman last June.

Taft's estimated plurality in Multnomah county is given as 7599, while it is predicted he will have a lead over Bryan of 11,729 in the 33 other counties of the state.

Bryan's vote in the state will be increased slightly by the return to the party of those democrats who voted for Roosevelt four years ago in preference to Judge Alton B. Parker. He also will have the support this year of a great many democrats who remained at home in 1904 and did not vote at all.

Union Vote for Nebraska. The only reported defection from the republican ranks in this state is that of the labor unions who are openly supporting the Nebraska. However, it is generally known that fully 60 per cent of the trades unionists in this city who are taking a hand in politics, are democrats, so that their support of Bryan in the coming election will not heavily diminish the republican vote.

In 1904 the Socialists polled 7619 votes in the state. It is generally admitted that they will poll a heavier vote next month, possibly aggregating 10,000. This increased vote will be taken almost entirely from the democratic ranks. At the same time reports from the outlying counties of the state are to the effect that in consequence of the vigorous local option campaign in this state last spring, followed by the visit here of the Prohibition nominee during the campaign, the solid water party also will increase its vote which in 1904 was 2806. It will draw any increase in its vote undoubtedly from the republicans so that if the increase in the vote of the Socialist and Prohibition parties is substantially the same, the vote of the two old parties will be decreased proportionately and neither will have the advantage.

From the reports received by The Oregonian, Baker is the only county that probably will go for Bryan although the estimates appear to indicate that the result will be close in Lin and possibly Josephine and Umatilla. All of the other counties are expected to poll the normal republican vote.

Douglas County's plurality for Taft is estimated at 200.

MORE PRODUCTS NEEDED.

The Hood River apple show is the "finest ever." There are those who think this judgment will be revised when the Willamette Valley apple-growers put up their exhibit. Let the good work go on. Competition in this line cannot be too sharp. The world's markets are waiting to be supplied with Oregon apples, and all want the best. In the judgment of the Oregonian, the apples raised by careful, conscientious orchardists, whether of Hood River, the Willamette Valley or Umpqua Valley, or Rogue River Valley, are equally good, which is to say that they all are the best on earth in size, color, flavor and keeping qualities. It is easy to believe that the judges at the Hood River fair had great difficulty in awarding prizes for the best, in a display where there was no mediocrity. Imagine their plight had it been a state apple show, instead of an exhibit of the best of one section only.

With butter selling at 35 cents and eggs at 45 cents and winter not yet begun, and with eastern storage butter and eastern eggs being imported in large quantities, it is apparent that the dairy and poultry business in this state has not yet been overdone. As a matter of fact, the shortage in native stock of these most necessary commodities has been in evidence for more than 20 years. Despite the remunerative figures at which they are selling, it seems impossible to induce an expansion in the industry in keeping with the increased demand. The butter and egg business may cost a little more trouble than the growing of wheat, but eventually it is destined to become one of the big wealth producing factors of the State.—Oregonian.

TO BELKNAP SPRINGS.

Railroad From Eugene Intention of New Incorporation.

SALEM, Or., Oct. 17.—Plans for an electric or steam road from Eugene to Belknap Springs and the Lucky Boy Mine were disclosed today by the filing of incorporation papers by Cord Sengstacke, O. A. Lyman and Zera Snow. The intention is also declared of constructing a branch line to Foley Springs. The company is incorporated for \$100,000.

The same incorporators establish the Consolidated Lucky Boy Mines, with \$1,000,000 capitalization.

WALL STREET LEVIED ON.

NEW YORK, Oct. 18.—"If Treasurer Sheldon, of the republican national committee, will appoint a committee of three or four respectable men who expect nothing from politics, I will appear before them and prove that the committee is demanding \$500 apiece from Wall street men," said Nathan Straus, of the Democratic Business Men's League, today. This was Mr. Straus' reply to a statement from Mr. Sheldon, printed today, declaring that the charge made by Mr. Straus yesterday that the republican national committee is assessing Wall street men \$500 was a falsehood.

MEDFORD MAN MISSING.

MEDFORD, Or., Oct. 18.—Herman Terrill, aged 27, formerly engaged in the bakery business in Medford, lost his way last Wednesday while hunting in the Meadows district, about 20 miles northeast of here, and is supposed to have perished from exposure during the storm which has been raging in that district since then.

S. P. BRAKEMAN KILLED.

ASHLAND, Or., Oct. 17.—Carl H. Will, a Southern Pacific passenger brakeman, was knocked off the rear platform of the first section of Train 16, Southern Pacific, coming down the Skinkytous, eight miles south of Ashland, last evening, and received injuries from which he died at midnight last night. He was missed when the train reached Ashland, and was picked up later by a light engine. He was struck by the timbers of a covered bridge.

\$3,000,000 FOR ROADS.

ALBANY, N. Y., Oct. 19.—Bids on contracts for road improvements in all parts of the state, aggregating \$3,000,000 have been called for by State Engineer Skene, and will be opened next month. Nearly every county in the state, outside of New York city, will get a share of the vast expenditure.

LOOKING UP POTATO RATE.

Salem Statesman: The state railroad commission has started an investigation on its own initiative as to rates on potatoes on the Southern Pacific. The investigation will be based on the valuation of commodities. It is alleged the railroad company charges a lower rate for commodities of more value than potatoes. The commission will call the Southern Pacific to show cause for this discrepancy.

Medford Tribune: J. A. Palmer,

he pioneer architect, and a veteran of the civil war, left for Roseburg Thursday to enter the Oregon Soldiers' Home. His health has been so lately for some time past.

Albany Democrat: Rev. Albert H.

Hicks, of the Baptist church, of Roseburg, preached those fortunate in hearing him last night, at the Baptist church, in his lecture on the life of the Tennessee mountaineers. The subject proved one of great interest, presented eloquently, giving his hearers something to think about as well as occasionally something to laugh about. A former Tennessee man, Mr. Hicks was at home on the subject.

The Story of a Medicine.

Its name—"Golden Medical Discovery" was suggested by one of its most important and valuable ingredients—Golden Seal root.

Nearly forty years ago, Dr. Pierce discovered that he could, by the use of pure, triple-refined glycerine, aided by a certain degree of constantly maintained heat and with the aid of apparatus and appliances designed for that purpose, extract from our most valuable native medicinal roots their curative properties much better than by the use of alcohol so generally employed. So the now world famous "Golden Medical Discovery" is the cure of weak stomach, indigestion, dyspepsia, torpid liver, or biliousness, or kindred derangements was first made, and it ever since has been, without a particle of alcohol in its make-up.

A glance at the list of its ingredients, printed on every bottle-wrapper will show that it is made from the most valuable medicinal roots found growing in our American forest. All these ingredients have received the highest medical honors from the leading medical experts of the world, and are the only ones who have received the highest medical honors from the leading medical experts of the world, and are the only ones who have received the highest medical honors from the leading medical experts of the world.

GRAZING FEE REDUCED.

WASHINGTON, Oct. 18.—Following a statement made a year ago at the meeting of the National Growers' Association in Salt Lake, Gifford Pinchot, forester, and A. F. Potter, in charge of grazing in National forests, have announced a reduction of 10 to 15 per cent in rates for sheep grazing on the national forests to take effect for the coming season. The new schedule does not affect the cases where the minimum charge of 5 cents a head has already been allowed, or an especially low rate has been fixed on account of some local conditions. In most cases the revised fee will mean a reduction of about 1 cent a head. In fixing rates for grazing different kinds of stock, local conditions, the effect of grazing by different kinds of stock on forest growth, the demand for the use of the range by the owners of stock, the needs of the homesteader, and the profits of business have all been taken into consideration.

CANYONVILLE-HIDDLE NEWS.

Canyonville.

The Myrtle Creek Lumber Company has purchased the Carmichael place, 7 miles up Days Creek, adding more to their timber holdings in that vicinity. They give promise of building a railroad up Myrtle Creek and around into the timber on Days Creek another year.

The season of prune harvest is nearly over for this year. The Wilson & Garley drier finished its work Wednesday and prune growers are now engaged in grading and hauling their fruit. The year has not been a very favorable one and many of the prunes are not up to the average, either in size or quality.

Mrs. Mattie Fuller, of Caldwell, Idaho, arrived Monday to visit with relatives. Miss Waddell, of Halsey, arrived in Canyonville Saturday to visit with her cousin, Miss Elva Glasgow. From here she will go to Medford.

Mrs. Thos. Wilson left Thursday for Ventura, Calif., to spend about a month. Her cousin, Mrs. Fuller, will accompany her as far as Santa Clara and return with her.

Mr. Coe, of South Dakota, has leased the Whitsett place at Perdue. W. R. Ramsey has sold his farm to Messrs. Lewis and Elliott, of Idaho, and, with his wife and his son and family, started for his old home in West Virginia last Tuesday.

Riddle. Miss Ella Wilson, of Walla Walla, came the latter part of the week to visit for some time with relatives and old time friends. This was formerly her home.

Miss Jennie Collins has gone to Gresham to visit at her old home with relatives.

Quite a number have been honored with invitations to the wedding of Clarence Cathey and Miss Jessie Frances, of Gresham, Or., which is to take place at the home of the groom at Corvallis, Wednesday, Oct. 21.

JURY COMPROMISES.

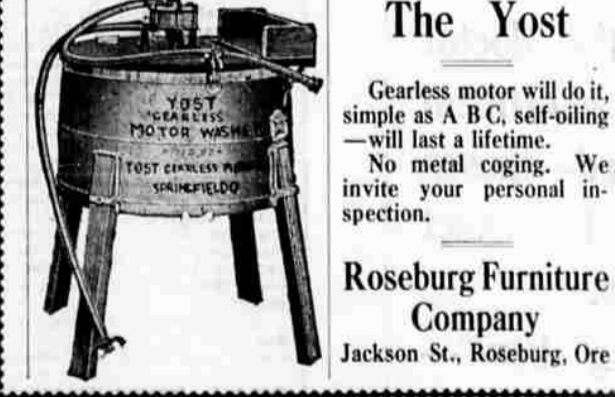

Verdict of Manslaughter Returned Against Edward H. Martin.

PORTLAND, Or., Oct. 17.—A verdict of manslaughter was returned against Edward H. Martin, accused murderer of Nathan Wolf, the First street pawnbroker, by a jury in the state circuit court at 3:30 o'clock yesterday afternoon. The jury had deliberated on a verdict for 25 hours. Counsel for the defendant immediately applied for and were granted 20 days to present a motion for a new trial. Judge Cleland fixed next Tuesday at 9:30 a. m. as the time for pronouncing sentence. The maximum penalty for manslaughter is imprisonment in the state penitentiary for 15 years.

Neither the prosecution nor the defense nor the prisoner himself is satisfied with the verdict, which is recognized as a compromise. The jurors before filing into the courtroom evidently had pledged themselves to secrecy as to the result of their deliberations and the final verdict was reached. None of them would discuss their deliberations as to the guilt or innocence of the accused at any stage of their extended conference.
