In a trade magazine a writer discusses the question: When to stop advertising. He says in answer: "When buyers forget to forget; when competition ceases to compete; when every actual and prospective customer has been convinced that your product is the best of its kind and nothing better can be produced, then, and only then, will it be safe to get along without advertising. Just as long as old buyers die and new ones take their places; just so long as there is competition to coax your customers from you; just so long as there is possibility that somebody else will produce a better product, just so long will it be important, absolutely necessary, to carry on the work of educating and reminding your own and your competitor's customers as to your goods."

DRINK PLENTY WATER.

Advice and Simple Home Prescription by an Eminent Authority.

"The people here do not drink enough water to keep healthy," exclaimed a well-known authority.

"The numerous cases of kidney and bladder diseases and rheumatism are mainly due to the fact that the drinking of water, nature's greatest medicine, has been neglected."

"Stop loading your system with medicines and cure-alls; but get on the water wagon. If you are really sick, why, of course, take the proper medicine—plain, common vegetable treatment, which will not shatter the nerves or ruin the stomach."

To cure rheumatism you must make the kidneys do their work; they are the filters of the blood. They must be made to strain out of the blood the waste matter and acids that cause rheumatism; the urine must be neutralized so it will no longer be a source of irritation to the bladder, and, most of all, you must keep these acids from forming in the stomach. This is the cause of stomach trouble, and poor digestion. For these conditions you can do no better than take the following prescription: Fluid Extract Dandelion, one ounce; Compound Syrup Sarsaparilla, three ounces; Compound Kargon, one ounce. Mix by shaking well in bottle and take in teaspoonful doses after each meal and at bedtime, but don't forget the water. Drink plenty and often.

This valuable information and simple prescription should be posted upon each household and used at the first ache or urinary trouble, no matter how slight.
