Did you ever stop to think how many sales are lost on account of the delay in curing the defects in titles. The other day a real estate man was in our office and after leaving an order for an abstract, remarked: "They don't catch me again like I was caught last month." "Why, how was that," we asked him. "Well, it was this way, he said. "I had listed with me a good farm down the valley, a purchaser came along, looked it over and said he would buy it. Of course, he wanted an abstract and we had you make one. When he had it examined it showed that a deed which had been given 20 years ago had never been recorded. It took a month to trace out the heirs of the grantors and by the time the title was cleared the man had purchased another place. No, sir, I don't list any more property till it has been abstracted and I know the title is clear." If you are contemplating selling a piece of property, why not let us make your abstract, now. Are you sure your title will not require perfecting. The Douglas County Abstract Company. We have the only set of abstract books in Douglas county. DTF

IN ENTRYMAN'S FAVOR.

Far-Reaching Decision of Land Commissioner in Siletz Case.

Evidence that the entryman on public land in this state, who has acted in good faith, has nothing to fear at the hands of the Department of the Interior, is found in the recent decision of H. H. Schwartz, Acting Assistant Commissioner, in the contest proceeding of J. L. Campbell against Arthur C. Boeschen. This contest involved the title to a valuable claim in the Siletz district and has been pending before the department for several years.

The cancellation of Boeschen's homestead entry was recommended to the Department by the register and receiver of the Portland land office, following the report of a special agent who, on investigation, held that the entryman had not honestly complied with the provisions of the homestead laws. The acting commissioner holds that the contestant did not support his charges of non-residence and non-cultivation on which he based his claim for a revocation of Boeschen's entry and orders the contest dismissed.

Referring to the testimony of the entryman at the hearing of the contest before the land office officials in Portland, the acting commissioner holds that Boeschen settled on the land in 1901 and built a good house. Two years later he constructed another house, and between the date of entry and final proof he cleared about an acre and a half of land and raised vegetables. He also set out some fruit trees. After establishing his residence, Boeschen admitted that he way away about half the time, but never was absent from the claim longer than six months at a time. He testified further that he was on the claim in the spring, summer and fall, but he could not remain there throughout the year for the reason that if he did he would starve to death. During these intervals Boeschen said he worked at Toledo, Salem and Eugene, but declared that he had no fixed residence other than on his claim.

On the question of residence, Acting Commission Schwartz, in his opinion, dismissing the contest, says:

"It is true he (Boeschen) could not give specific dates, but owing to the lapse of time that was but natural. But he gave the approximate time he lived on the claim and shows that his absences were caused by his necessities, and if he established residence, and you do not find that he did not, his subsequent absences may be deemed excusable.

"As against the theory of occasional visits stands the fact that two years after entry contestee built an addition to his house, or, as he terms it, 'built another house.' Now, if he was endeavoring to acquire title to this land by occasional visits, why go to this unnecessary expense? Building a 'board' house in that forest means more than building a house of sawed lumber purchased at the mills. It means that the material must be obtained by hand labor, and it requires time to cut the trees into lengths and split the boards that are used in the walls, roof and floor of the house. If contestee is telling the truth, he did this about a year prior to the time that he was entitled to submit final proof. I cannot construe this action otherwise than in the entryman's favor and against the theory of occasional visits."

The decision in the Boeschen case is considered significant as forecasting what may be expected in all other contests where the entryman is able to show that he acted in good faith and sought honestly to comply with the requirements of the homestead law in acquiring for himself one of these claims.

They gradually banished the trouble. Sometime after a similar trouble took me, and I again got a supply of Doan's Kidney Pills at Marsters & Co's. drug store. STRAUS GIVES REASONS

The New York Merchant and Philanthropist Declares Election of Bryan Means Business Prosperity.

Nathan Straus, the great New York merchant and philanthropist, in announcing his reasons for supporting Mr. Bryan, said:

"I feel sure that he will be elected, and I say, as a business man, one who is as much interested perhaps as any, in the general prosperity of the country, as one who is bound to feel personally any lack of prosperity among the masses, that I believe his election will be a benefit to all the country, and to all of the people. Those that talk otherwise, those that predict panic and disaster, as the result of the election of an honest man, chosen by an honest majority of the people, are narrow minded and short-sighted, or pretend to believe that which they know is not true, or they are seeking to obscure the real and vital issues of the campaign. Mr. Bryan will make a safe, reliable, conscientious president, a president for all of the people, the rich and the poor, the big man and the little. He will represent the American people, not any class, and for that reason I shall work for him until election and vote for him on election day."

Doctors Said He Would Not Live.

Peter Fry, Woodruff, Pa., writes: "After doctoring for two years with the best physicians in Waynesburg, and still getting worse, the doctors advised me if I had any business to attend to I had better attend to it at once, as I could not possibly live another month as there was no cure for me. Foley's Kidney Cure was recommended to me by a friend, and I immediately sent my son to the store for it, and after taking three bottles I began to get better and continued to improve until I was entirely well." LETTER FROM A FORTY-NINER.

Here is a simple, interesting and sincere letter from a rugged pioneer of '49, who braved the dangers and hardships of the overland trail to California. It should appeal to all catarrh victims.

Santa Rosa, Cal., May 5, 1908.
Booth's Hyomei Co., Buffalo, N. Y.

Dear Sirs: I was afflicted with catarrh, and tried a number of remedies, but received no relief. I purchased an outfit of Hyomei, and before I had used the bottle I noted a marked relief. I used it for a month or so, and thought I was cured, and stopped using it for a year or so. Thought I was getting catarrh again, and started using it again. I use it every morning and keep myself clear of catarrh. I consider it the best catarrh medicine that is used. I have often recommended it to my friends. I am 81 years old. I came to California in 1849, and, of course, am not as vigorous as I was 58 years ago. My address is 841 4th St.

Yours truly,
W. MOCK.

Hyomei (pronounced High-o-me), is guaranteed by Red Cross Pharmacy, not only for catarrh, but for grip, coughs, colds, bronchitis and croup. A complete outfit, including inhaler, costs only $1.00; extra bottles of Hyomei, if afterwards needed, cost but 50 cents.

SUNDAY SCHOOL DAY.

The last Sunday in October has been set apart by the Methodist church as Rally Day in the Sunday school. The day was fittingly observed by the local church. The Sunday school secretary, Frank E. Blackman, reported an attendance Sunday morning of one hundred and fifty, with a special collection of $35.00 for the Sunday School Board. Mrs. D. G. Palm's class of 16 girls, secured the elegant banner given to the class having the largest offering, which was $7.03. The Sunday school had charge of the evening service, which was a happy and highly successful one. The official program was used. The music was new and catchy—and the recitations were appropriate and entertaining. Miss Lucile Gates and Ada Frey had charge of this part of the work and were gratified with the good results. All present seemed to enjoy the evening and will no doubt note with interest the announcement of the next program to be given by the Methodist Sunday school. X.

S.S.S. A CURE FOR RHEUMATISM

Rheumatism is caused by an excess of uric acid in the blood, which is carried through the circulation to all portions of the system. Every muscle, nerve, bone and joint absorbs the acrid, pain-producing poison, causing aches, inflammation, stiffness and other well known symptoms of the disease. Permanent relief from the pains and discomfort of Rheumatism cannot be expected from the use of liniments, plasters, and other external treatment which does not reach the blood, where the cause is located. Such measures give temporary relief, but in order to cure Rheumatism the uric acid and inflammatory poison must be expelled from the blood. S. S. S. cures Rheumatism because it is a perfect blood purifier. It goes down into the circulation, neutralizes the uric acid and drives it from the blood. S. S. S. expels the irritating, inflammatory matter which is causing the pain, swelling and other discomfort, enriches the weak, sour blood, and permanently cures Rheumatism. In all forms of Rheumatism, whether acute or chronic, S. S. S. will be found a safe, vegetable remedy, possessing the properties needed to cure, and at the same time a medicine that builds up the entire system by its fine tonic effects. Book on Rheumatism and any medical advice free to all who write. THE SWIFT SPECIFIC CO.
